

## Deeply 1005

1005 I want a divorce immediately (5)

“Lihua, don’t get too excited. Otherwise, you’ll collapse before our son comes out.” Father PEI’s brows were tightly knitted as he consoled Mrs. PEI worriedly and reached out to support her.

Xi Zhiwei also quickly advised, “that’s right, aunty. You have to take care of your body first.

Mrs. PEI’s lips were pale and she was panting heavily. Her eyes were still staring at su Wanwan, “still not getting lost?” You still have the face to stay here? I’m telling you, if anything happens to my son, I won’t let you off.”

Su Wanwan’s face was pale and she couldn’t help but shake her head. I’m not leaving. I want to wait for niannian here. I want to wait for him to come out.

“You,”

Mrs. PEI was so angry that her voice was shrill. old PEI, I don’t want to see her. Tell her to get lost, get her to get lost!

“Okay, okay, okay, I’ll let her go. Calm down.”

Mr. PEI comforted Mrs. PEI and let Xi Zhiwei support her. He then looked at su Wanwan. His eyes were dark and there were turbulent waves in them. His voice couldn’t be any deeper. miss su, please leave this place.

Su Wanwan shook her head and unconsciously took a step forward. Her tone carried a trace of pleading, “dad, don’t drive me away. Let me wait here for niannian. He will definitely be fine. I want to wait for him to come out. I want to know his situation.

“Ha.”

Mr. PEI laughed in anger. you want to wait for him? She wanted to know his situation? This is not something an outsider like you can know. It was his mother and I who were too kind to you that caused my son to be harmed by you like this. I regret it, I really regret it. I shouldn’t have let you be with my son. From now on, you have nothing to do with my son!”

“Dad, ran ran.”

don’t call me dad. I can’t take it. You’d better leave on your own. Don’t make me find a bodyguard.

Seeing this situation, Yu Jia estimated that PEI Munian’s operation wouldn’t be finished in a short time. If su Wanwan stayed here, she would only be besieged by Mr. And Mrs. PEI. She couldn’t help but say, “Wanwan, why don’t we leave first? can you wait in my office?”

“No, I’m not leaving. I want to stay here and guard niannian. He definitely wants me to stay here and watch over him.”

“Wanwan, Wanwan, Wanwan.”

“Alright, you’re not drinking a toast only to drink a forfeit, are you?” Father PEI was so angry that the last trace of patience was exhausted. He took out his phone and made a call.

After about ten minutes, several Men in Black suits ran over and respectfully greeted father PEI. Father PEI coldly glanced at su Wanwan and said, “ please leave the hospital, miss su. Don’t let her come any closer.

“Yes!”

A few Men in Black immediately surrounded them. Yu Jia protected su Wanwan and couldn’t help but retreat. don’t mess around. This is a hospital. It’s broad daylight. Don’t think that a few men will bully us two women! You’re not so great just because you’re rich!”

However, those bodyguards simply ignored what Yu Jia said and went straight forward. One restrained Yu Jia, and the other few surrounded su Wan, blocking her struggle. One on the left and one on the right, they lifted her whole body and carried her out of the hospital.

“You guys let her go!” Yu Jia struggled desperately, but she couldn’t break free from the man’s hand. She could only watch su Wanwan being carried away.

Su Wanwan also couldn’t help but struggle. Her hands scratched the man’s face, but she couldn’t move him at all. She was carried out of the hospital entrance and one of the men even pushed her.
