1037 Meeting a man in the middle of the night (5)

The sky outside was already bright. The sun shone in at an angle and covered the ground with warm light. Su Wanwan's eyes were dull for a few seconds and slowly recovered clarity.

Her phone kept ringing. She quickly reached over to the bedside table and picked up the phone. She looked at the screen and saw assistant Wu's name jumping on it.

Is there any news from niannian?

Su Wanwan's Black eyes narrowed and she quickly pressed the answer button. She put it to her ear and said anxiously, "assistant Wu, how is it?"

Assistant Wu's voice was a little low on the other end of the phone. young Madam, I went to the hospital to visit boss PEI just now, but he has already been discharged from the hospital. He's at the old residence now. I then went to the old residence, but Madam dismissed me with the reason that boss PEI needs to rest. She didn't let me see him at all. So, I can't be sure if the boss PEI who's staying at the old residence is the real boss PEI.

Mrs. PEI was probably worried that assistant Wu would leak information to her, so she was on guard against him. However, the only possibility was cut off here, and there was no way to find out if PEI Munian was real or not.

However, from another perspective, could it be that Mrs. PEI and Xi Zhiwei were so worried about PEI Munian and did not let anyone get close to her because they were afraid that they would be exposed?

After all, if it was true, why would he be afraid of others seeing it?

At this point, there was already a 90% chance that the PEI Munian in the old residence was not the real one. Then, where did the real niannian Wanwan go?

Her pearly white teeth bit her lower lip, su Wanwan's dark eyes turned and she said, "assistant Wu, you don't have to investigate anymore. Can you do me a favor and check if Mrs. PEI has secretly arranged for niannian to be transferred to another hospital? I suspect that she has transferred niannian to another hospital.

alright, I'll do my best to investigate. I'll let you know if I have any news.

After hanging up the phone, su Wanwan couldn't sleep anymore. She sat up with the quilt in her arms and leaned against the bed.

Someone suddenly knocked on the door of the room. Su Wanwan's eyelids lifted slightly. who is it? "

"It's me. Are you awake? Wake up and come down to eat."

Shen Ziwei's voice came from outside the door. It was as gentle as water, and it was very comfortable to hear, as if it could calm the uneasiness in one's heart.

"Alright, I'll be down in a moment." Su Wanwan responded.

After washing up, su Wanwan changed into comfortable home clothes, left the room, and went downstairs.

Shen Ziwei was already sitting in the dining room, holding Xiao Zeze in her arms and feeding him. Su Wanwan walked over and gently stroked Xiao Zeze's little face. Xiao Zeze, however, waved her hand in a strange way.

Su Wanwan couldn't help but smile bitterly. I've been so busy recently that I didn't have time to accompany little Zeze. He's already distant from me now.

you're siblings by blood. How can you be distant? after all these troubles are over, you should spend some time with him and you'll be close to him again.

Shen Ziwei paused. I think I heard you talking on the phone in your room just now. Was it assistant Wu?
" he continued.

"Yes."

Shen Ziwei raised his eyebrows. he went to see PEI Munian. What did he say? "

Su Wanwan briefly explained the situation to Shen Ziwei, her brows furrowed and her expression serious. I'm not afraid of anything else. I'm just worried about niannian's health.

Brother Ziwei, what do you think I should do now? "
