1052 What is she doing here (6)

When su Wanwan dialed the phone, she was originally a little worried that her sister no longer needed this number. When she heard the beeping sound in her ear, her suspended heart slightly settled down.

The phone rang for a while, and just as it was about to hang up, someone finally picked up.

“Hello, who’s this?” His sister’s voice was as crisp and clear as ever, and it made people’s spirits rise.

Su Wanwan gently swallowed her saliva and softly said, “sister, I’m Wanwan.

There was a moment of silence on the other end before he spoke again. what’s the matter? ”

There had been no news for a long time and no contact. Her sister’s coldness still made su Wanwan a little sad, but now was not the time to reminisce. She suppressed the turbulent emotions in the bottom of her heart and said, “Sis, I didn’t want to disturb you, but I really have something urgent that Wanwan needs your help with.”

“Just say it. What kind of money do you want this time?”

“No, no, no, sis, I’m not here to borrow money from you. I just want you to help me look up someone’s information.”

His sister seemed a little surprised. who do you want to investigate? ”

ning Jingting, I’m not sure if you’ve heard of her, but she should be the daughter of a rich family.

Before she could finish, her sister interrupted her, “ning Jingting? There’s no need to investigate then. I can tell you anything you want to know about her. ”

“Ah? Sister, you know her?”

“I’m not close to her, but I’m quite close to her sister.” The elder sister’s voice was lazy, but she did not say much. She only said, “What do you want to know?”

it’s ning Jingting’s birthday next Tuesday, and she’ll be holding a birthday party. I want to know where she’s holding it, and can you help me get an invitation card? I need to go to the party to see my husband.

“You’re married?”

“Yes, sister Yingluo, I sent you an email to tell you about it. Didn’t you read it? I’ve been married for more than a year. My husband is PEI Munian, that Wanwan.”

alright, text me your current address. I’ll get someone to send you the invitation card.

sister Xuxu, I’m in America now. Can’t we Xuxu meet? ”

His sister rejected him almost without thinking. I’m not in America right now. If you’re still there when I go back, we’ll talk about it later.

“Sister, Hello? Hello?”

Su Wanwan still wanted to say something, but the phone had been hung up directly. Only the busy tone was left in her ear.

She put down the phone helplessly and pouted. Why didn't her sister change at all after all these years? she was still so energetic. But at least Wanwan had proved that she hadn't been bullied all these years. She didn't know how she was now and whether she was doing well with her brother-in-law.

If she was not busy with PEI Munian's and Xi Zhiwei's matters, she would have stayed in America to wait for her.

Her sister was very efficient. Almost as soon as she stepped back into the hotel, someone sent the address of the banquet and the invitation card over. The person who sent it over was dressed in a suit and was polite. He didn't look like an ordinary errand boy.

She could not help but ask, " may I know who you are? "

Hello, miss su. I'm Sir's Senior Assistant. Sir knew that Madam wanted an invitation card, so he immediately asked me to send it over.

So the one with the highest efficiency was brother-in-law?

Time passed in the blink of an eye and soon it was Tuesday. Su Wanwan dressed up a little, took the invitation card, and went to the banquet.
