Xi Zhiwei's face turned pale and her body trembled.

She had been very careful when she met that man, so how could the video of their meeting and conversation that day be recorded? Who shot it? Who did this?

Xi Zhiwei's eyes quickly scanned the crowd. Mr. And Mrs. PEI were shocked. So, they did not know about it beforehand. Then, it was brother mu Nian?

His dark eyes unconsciously looked at PEI Munian. He raised his eyebrows slightly and a trace of surprise flashed across his eyes. It didn't look like he knew about the existence of this video in advance.

If it wasn't for brother mu Nian's words, Qianqian would've been so cowardly.

Almost in a second, su Wan's face floated up in Xi Zhiwei's mind. She didn't see her in the banquet hall today and thought that she had really retreated. She didn't expect her to still pester her.

She was probably the one who had filmed the video. After all, mu Nian was still recuperating in the United States when she had met that man. It was impossible for him to know about her relationship with that man, let alone follow her and film such a video.

If that was the case, then she still had a chance to counterattack, so she absolutely couldn't panic, absolutely couldn't be flustered.

The video wasn't long. In just a few minutes, it finished playing. However, the conversation in the video shocked everyone present and they couldn't react for a long time.

The reporters were the first to react.

Even though they could not see her face, even a fool could tell that the woman was Xi Zhiwei. She was suspected to have been pregnant, and it was exactly the same as what was said in the video.

At that time, everyone had guessed that her child was PEI Munian's, but ran ran was actually a bastard child that she had deliberately gotten a man to carry? In order to frame PEI Munian, in order to make PEI Munian take responsibility for her and marry her?

God, if this was the truth, then this woman was too sinister and too terrifying.

The reporters were the first to react. One by one, they rushed up as if they had been injected with chicken blood. The cameras pointed at Xi Zhiwei and snapped without stopping. The microphones were all raised in front of her and the questions came like a tide.

"Xi Zhiwei, the person in the video is you, right? Did you really hook up with your ex-manager, trying to get pregnant, and force her to marry you with a child?"

"Xi Zhiwei, because of this, did your former manager really blackmail you? How much money did you give him to keep his mouth shut?"

Xi Zhiwei, do you think your engagement party can still go on smoothly after what you've done? "

Xi Zhiwei took a deep breath and clenched her hands so tightly that the veins on the back of her hands were popping up. She forced a smile and said word by word, " I think you're all focusing on the wrong thing. Not to mention that the woman in the video can't see her face, just because her figure is similar to mine, does it have to be me? I'm sure you all know that my ex-manager and I broke up a long time ago, and it wasn't a good thing at the time. We haven't been in contact for a long time, but I heard that he's been in a lot of gambling debt recently and has been borrowing money everywhere. Don't you think it's strange that a video like this that slanders my reputation has appeared at my engagement banquet?"

As she said this, she turned to look at PEI Munian beside her. She bit her lower lip and tears slowly welled up in her eyes. She looked pitiful. brother Munian, the person in the video is definitely not me. I've never done anything to let you down. You know what happened to that child, Yueyue.
