

Deeply 1101

1101 I'm the one who doesn't want him (7)

"You know very well whether you have that intention or not." PEI Munian's voice was calm, but there was a trace of coldness.

In the beginning, PEI Munian did not want to make use of ning Jingting, and he did not want to use others to achieve his goals. It was she who took the initiative to repay his kindness and help him.

He didn't agree at first, but when he found out that su Wanwan came to the United States alone, he was worried that she would have an impulsive conflict with her mother. He was seriously injured at that time and was still under her mother's control. He was afraid that he couldn't protect her, so he agreed to attend that birthday party.

He wanted Wanwan to know about his situation and know that he was well. Only then would she be able to go back with a peace of mind.

It's just that he was very clear about su Wan's character. If he didn't make it clear to her, she might not be willing to leave, so he asked ning Jingting to pass on a message for him, to let her wait for him.

When ning Jingting came back, he could tell from her strange expression that she didn't convey his message to su Wanwan correctly, but said something else.

It wasn't that he hadn't expected this situation, but he didn't expect that ning Jingting's intentions would be revealed so quickly.

He could roughly guess what she could say to Wanwan, which was why he let himself go. After all, it was a good thing if Wanwan could stay away from him.

However, from that moment on, he no longer needed to feel guilty about ning Jingting.

He had expected her to be angry at him. He had known this would happen when he had set up the trap. He was willing to bear her anger. No matter what, he would not let her go. However, there was no need for a third party between them.

"Munian, I can explain, Wanwan."

PEI Munian interrupted her without giving her a chance to explain. miss ning, sister Wanwan and I saved you before. This time, you've repaid our kindness. We're even now. I'll get someone to book the plane ticket for you. Tomorrow, I'll get my assistant to send you to the airport. You can rest well here tonight.

Ning Jingting did all these things on the excuse of repaying his kindness, but in fact, she just wanted to win his favor and make him like her. She didn't want them to be even.

"Mu Nian, I was really just afraid that Auntie would find out about sister Wanwan. I urged me to say those things because I hoped that she would leave quickly and not get hurt. Is there anything wrong with this?" As ning Jingting spoke, she was so anxious that tears were welling up in her eyes. mu Nian, I really don't want you to misunderstand me.

"Misunderstanding?"

PEI Munian's lips twitched. what did I misunderstand you about? Misunderstand that you like me? That's why Wanwan said those words? So, you don't like me, and you're not interested in me, right?"

"I'm Yingying."

Ning Jingting opened her mouth but could not say a single word. If she did, then there would be no chance between her and PEI Munian.

Her reaction was within PEI Munian's expectations. He snorted and said lazily, "miss ning, I won't allow another person to be between me and Wanwan. You're a smart person and should know what to choose. I can owe you this favor and help you if you need help in the future. However, if you want to continue to be entangled with me, I'm sorry. I don't think you have the right to do so.

After a pause, he added, "Jingting, you don't want to be the second XI Zhiwei, do you? "

Ning Jingting's face turned pale as if she had suffered a huge blow from these lukewarm words.

1102 I'm the one who doesn't want him (8)

PEI Munian's gaze swept across ning Jingting's face and she didn't say anything more. She strode away and walked in the direction that su Wanwan left.

—

Su Wanwan left the PEI residence. It was still noisy outside and there were many reporters guarding the door, unwilling to leave.

She lowered her head and left quietly under the cover of the night. After finding her car, she got in, started the engine, and drove away.

When PEI Munian chased after her, she saw her car driving away. He immediately walked to his car, opened the door, sat in it, and drove out.

He didn't step on the accelerator to catch up, but followed su Wan's car not far, not close, and escorted her home.

After arriving at the SU residence, he stopped and watched su Wan's car drive into the SU residence's Gate and disappear in front of his eyes. He leaned against the back of the chair and lowered the window. Wisps of cool wind blew in from the window. He pulled his tie and helplessly smiled.

It seemed that his little wife was really angry this time.

However, he still did not regret his decision this time.

At the moment of the accident, he heard su Wanwan's anxious and panicked voice on the phone. He didn't think that he would die, but he was glad that the person driving the car at the moment was him.

When he was lying on the bed, unconscious, he could feel her by his side. He could feel her holding his hand, he could feel her crying, and he could hear what she said. His heart ached for her. He really wanted to open his eyes and hug her. He wanted to tell her that he was fine and that she shouldn't cry. He wanted to take revenge for whoever bullied her.

However, at that time, he could not wake up no matter what.

When he finally woke up, his mother told him that su Wanwan took ten million and divorced him. She didn't accompany him when he was in danger and was only worried that she wouldn't get any benefits if he died.

PEI Munian suddenly found it ridiculous.

He always thought that his persistence could bring su Wanwan happiness, but in the end, his persistence put her in a dangerous situation.

The car wouldn't suddenly have an accident. If the brakes had a problem, it could only be man-made.

However, he knew his mother's character. Even if she didn't like su Wan, she wouldn't do those outrageous things. Her upbringing and her pride wouldn't allow her to do this. Then, only Xi Zhiwei, this suspicious person, was left.

He didn't want to believe that Xi Zhiwei would do such a thing. After all, they had grown up together. After all, she was ah Qian's sister. After all, she had saved him before.

In the end, she still let her down.

She had finally touched his most intolerable bottom line, so he could only bring her to justice with his own hands.

Now that the dust had settled, all that was left was for him to win back his angry little wife.

—

These days, su Wanwan didn't have a good night's sleep. Today, she slept exceptionally well and slept until dawn.

Su Wanwan comfortably stretched her waist and sat up with the quilt in her arms. She took her phone and looked at it. It was past nine in the morning.

After washing up, she went downstairs.

Shen Ziwei was having breakfast. When he saw her coming down, he greeted her and waved the newspaper in his hand. the engagement party last night was very exciting.

however, there's another piece of news that's even more exciting than the engagement party last night. Shen Ziwei paused for a moment before continuing, "It's about you."

Hers? What news about her?

1103 Fancy ways of courting his wife (1)

Su Wanwan walked over, pulled out a chair, and sat down. She looked up at Shen Ziwei and said, "Brother Ziwei, what news about me?"

Did the reporters from yesterday take some bad pictures of her and want to tell a story again? She was already used to it. Anyway, it was just about those things. As long as Xi Zhiwei was tied to the law, it would be fine.

Shen Ziwei smiled and handed the newspaper to her. read it yourself.

The newspaper was spread wide open in front of su Wanwan. Su Wanwan glanced at it. She thought that Xi Zhiwei's matter yesterday would be today's headline news and occupy the largest page, but she didn't expect that the person occupying the largest page was her.

A photo of her was printed on it. Next to it was a photo of PEI Munian kneeling on one knee and holding fresh flowers in her hands. The two photos were pieced together, and above their heads were big red words printed with the words 'wife, I'm sorry, I love you'.

Su Wanwan looked at the words on it and didn't know how to react for a while.

Shen Ziwei raised an eyebrow and pointed at the newspaper with his long fingers. He teased, "in order to apologize to you, he even suppressed the exciting news about Xi Zhiwei yesterday. He's very sincere.

After about ten seconds, su Wan reacted. She glanced at him and said indifferently: "I'll say sorry after I stab you, okay?"

".....?" Shen Ziwei tactfully shut his mouth and even made a gesture of pulling the chain over his mouth.

Su Wanwan folded the newspaper and casually threw it aside. Then she said to nanny li, "Nanny li, please pour me a glass of milk."

Nanny li immediately nodded. yes, miss.

After breakfast, su Wanwan put down her spoon and wiped the corner of her lips with a tissue. She then said to Shen Ziwei, "Brother Ziwei, didn't you always want me to go to the company to help you? I'm free now, so I can go to work anytime."

Shen Ziwei, who was about to get up, paused. Are you sure? "Don't you need to rest for a while longer?"

I've rested long enough. Now that I've dealt with all the things that bothered me, it's time for my life to get back on track.

All the annoying things have been dealt with? Was this a hint to Xi Zhiwei or to PEI Munian?

But to be honest, although the way PEI Munian handled things this time made su Wan a little angry, from a man's point of view, he could understand PEI Munian.

When he was injured and weak, he could only settle down his woman first and ensure her safety before he could do things without any worries.

If he didn't deal with it this way, Xi Zhiwei would only keep staring at su Wan. Who knew if she would hurt su Wan if she made up her mind?

Shen Ziwei thought for a moment and still advised her, "Wanwan, of course I'm happy that you're coming to the company. I also welcome you to come to work at any time. You can have any position you want. But Yueyue, you can be angry about PEI Munian, but don't go overboard, okay?"

Su Wanwan acted as if she didn't hear him and only said, "Then I'll go to the office with you today. I'll go upstairs to change."

After saying that, she stood up and left.

Shen Ziwei looked at her back and could not help but shake his head and chuckle. My old friend never lies to me. It's only because vile people and women are difficult to raise that I'm ridiculed.

However, if he could protect his little girl, he would be willing to take care of her no matter how difficult it was. However, he had already lost that opportunity a long time ago.

1104 Fancy ways of courting his wife (2)

Su Wanwan changed her clothes, put on light makeup, and went out with her bag.

Shen Ziwei had also changed his clothes and met Su Wanwan at the door. He glanced at her and smiled, "Let's go. There's a regular morning meeting today, and I'm officially announcing your return to the SU group. The old directors should be very happy, so they won't have to worry about an outsider like me snatching the company away."

Su Wanwan's pitch-black eyes turned around, then she took a step forward and held Shen Ziwei's arm. She said softly, "What outsider? You're my brother. No, why don't we get married? That way, you'll have the right to be married. I'm single now anyway."

".....?" Shen Ziwei gave her a sidelong glance. "Are you sure?"

Su Wanwan nodded without hesitation.

"But I refuse," Shen Ziwei replied in a similarly straightforward manner, "I don't want to be hunted down. I still want to keep my little life and raise Xiao Zeze well."

Su Wanwan angrily punched him. Brother Ziwei!

Alright, we'll be late if we don't leave now. Let's go.

Shen Ziwei and Su Wanwan walked out of the door. After he protected Su Wanwan and got into the car, he walked around to the driver's seat, opened the door, got in the car, and drove out.

When the two of them arrived at the company, the meeting room was already full of people. Shen Ziwei brought Su Wanwan in and everyone's eyes swept over her. They couldn't help but start discussing.

As the legitimate second miss who inherited the company, she never appeared. Shen Ziwei was supporting the company alone. Everyone thought that the company was going to fall into the hands of outsiders. They didn't expect Su Wanwan to appear at this time. Did she come back to seize power?

Shen Ziwei and Su Wanwan walked into the main seat of the meeting room. After he swept his gaze across the crowd, he said, "I don't think I need to introduce her. Everyone already knows who our second miss is. From today onwards, she will be returning to the company in the position of the public relations manager that she used to be in charge of. The public relations department will be led by her again. Everyone, please welcome her."

The crowd immediately gave a thunderous applause.

Su Wanwan stood there and bowed to everyone. She smiled and said, "Everyone, please give me your guidance."

—

Previously, after su Wanwan left her job, her public relations department was temporarily replaced by a person she had the headhunting company headhunt recruit, who was also the General Manager.

She had met him once before. After that, she had been busy with her pregnancy, surgery, and other things, so they had not seen each other again.

This was the second time she had met him during the handover of work. At that time, she had only seen him briefly and did not take it to heart. Now that she had seen him again, her eyes could not help but light up.

No wonder there were so many fangirls in the office, all dressed up. It turned out that there was a handsome man in the office.

Chen Zheng also had a quick glance with su Wan before. At that time, her state wasn't very good. Her entire spirit was in a daze and she was frighteningly thin, so he didn't see how beautiful she was. But today, the moment she stepped into the conference room, it was as if all the sunlight gathered on her body. She was delicate and beautiful, making people unable to move their eyes away.

She was not only beautiful, but she also had a charm of having experienced many things, which made people want to explore her heart.

A simple handover of work would not have taken so much time, but Chen Zheng said, "there are still some things that need to be discussed in detail. I wonder if miss su is free tonight. Let's have a meal together and then we can talk.

1105 Fancy ways of courting his wife (3)

Su Wanwan was slightly stunned. Her eyelids lifted slightly and she met the man in front of her. Those thick eyebrows and big eyes were extremely energetic.

There was an undisguisable admiration in his eyes. It was a sign that a man had a good impression of a woman. He suggested having a meal together because he wanted to get to know her further.

Over the years, although su Wan had been with other men, she had only followed her grandfather's orders and met them on blind dates. Everyone walked together with a goal in mind. Naturally, they couldn't last long. And because she only thought of PEI Munian in her heart, she didn't really go out with other men. She almost forgot what it felt like to be admired and pursued by men.

Now that she had suddenly received news of a man's pursuit, she was a little surprised and felt a little novel.

Between her and PEI Munian, she had always been the one chasing after PEI Munian and had forgotten that she could also be pursued by other men.

If it was in the past, she would definitely reject him without a second thought and keep a distance from other men, but now she was Yingluo.

Su Wanwan's dark eyes rolled around and then curved her lips into a smile. okay, I'm free. Let's have dinner together tonight.

Chen Zheng's eyes immediately lit up, and he unconsciously smiled. then I'll book a restaurant. We'll leave together after work.

"No problem," he said.

Xiao Mei knocked on the door and walked in. Chen Zheng saw her and politely bade her farewell. I'll go to work now. See you later.

Su Wanwan smiled and nodded.

Xiao Mei's eyes followed Chen Zheng's figure all the way until he walked out of the office. She was still in a daze, unable to come back to her senses. Her eyes were filled with infatuation.

Su Wanwan clapped her hands. Xiaomei, your soul has returned!

Xiaomei reluctantly retracted her gaze and looked at su Wanwan. The expression on her face suddenly collapsed. sister Wanwan, once you come, we don't have a chance anymore. Handsome Chen is obviously interested in you.

Su Wanwan shrugged her shoulders and smiled. I can't help it. Who asked me to have infinite charm?"

This hatred is so intense.

Xiao Mei pouted and retorted, " however, I'm guessing that handsome Chen will be crushed by young master PEI in an instant. When he's heartbroken, I'll take advantage of the situation and take him down in one fell swoop!

"Yes, I have faith in you."

The handover work was a bit messy. Fortunately, su Wanwan was in this position before, so she did as she wished. She buried her head in work for the entire afternoon and finally finished dealing with some documents. She leaned back in her chair and rubbed her tired eyebrows.

It was six O'clock in the afternoon, time to get off work.

Su Wanwan's mobile phone rang and Chen Zheng's text message came in: [miss su, can we go now?]

[okay, give me five minutes. I'll see you downstairs.]

After replying to the text message, su Wanwan simply tidied up the documents on the table, then took her bag and took out the powder box from inside. She seriously applied some powder, then took out the lipstick and applied it in front of the mirror.

After making sure that she was perfect, she stood up, tidied her dress, and walked out of the office with her bag.

When the elevator reached the first floor, su Wanwan stepped out and walked to the company's entrance. She stood there and looked left and right, wanting to see where Chen Zheng was. Suddenly, a large cluster of red roses appeared in front of her, almost covering her whole body.

The fresh flowers were delicate, vivid, and red.

1106 Fancy ways of courting his wife (4)

Su Wanwan was stunned at first, then a smile flashed in her eyes. She didn't expect this handsome Chen to be so good at pleasing women. Any woman who received such beautiful flowers would be elated.

She silently added a few points for him in her heart. Just as she was about to reach out to take it and thank him, a voice came from behind her. miss su, I'm sorry for the delay.

Eh?

Su Wanwan's expression was slightly startled. The hand that was stretched out paused and she subconsciously looked back. Chen Zheng walked over from behind.

Who was the person holding the flowers?

Su Wanwan raised her hand and pushed away the large cluster of flowers in front of her. The man's handsome face slowly imprinted in her eyes. She couldn't help but frown. what are you doing here? "

PEI Munian's posture was tall and straight, and his temperament was outstanding. The black suit wrapped around his body made him look extremely submissive, making him look even more handsome and stunning. He held the flowers in his hand and gazed at su Wanwan affectionately. Those eyes almost wanted to drown people in it, making people sink in and unable to extricate themselves.

The corners of PEI Munian's lips curled up devilishly. Her voice was low and mesmerizing. I'll give you flowers to match a beauty. Do you want to have a meal together? "

Eat? Who wanted to eat with him!

Su Wanwan gave him a side glance with a fake smile, then turned around, walked to Chen Zheng, stood beside him, and said to PEI Munian: "I'm sorry, but I already have an appointment tonight."

PEI Munian's Black eyes lifted slightly and her gaze lazily looked at the man beside su Wanwan. He looked alright and did have the appearance of an elite, but to him, he was not at all qualified.

PEI Munian sneered. Wanwan, even if you're angry, you don't have to drag a man here to put on a show, do you? "

".....?"

Indeed, it was basically impossible to find someone who could beat PEI Munian by her side. However, his contemptuous tone was really too annoying.

By his side, there could always be a woman with a better family background than her, younger than her, and who was dead set on him. Did she not have any good men to pursue her?

Su Wanwan was so angry that she laughed. who's angry? We're already divorced, and I'm pursuing a new life. Chen Zheng isn't a casual man either. He's young and promising, and he has a successful career. What's not good about him?"

She didn't want to talk to him anymore. She held Chen Zheng's arm and smiled."Let's go,"

Chen Zheng's Black eyes wandered between PEI Munian and su Wanwan. He turned his face and whispered in su Wanwan's ear, "Does it really matter?"

Chen Zheng naturally knew that PEI Munian was su Wanwan's ex-husband. The two of them had been together for a long time and had been on and off. If he didn't know that PEI Munian and su Wanwan had already divorced, he wouldn't have any other thoughts about su Wanwan. However, since they were divorced, everyone had a chance, but he also had to respect su Wan's opinion.

"Yes."

As su Wanwan responded, she pulled Chen Zheng and walked away. She brushed past PEI Munian without even glancing at him.

The two of them walked towards Chen Zheng's car. He unlocked the car, opened the door to the front passenger seat, and protected su Wanwan as she walked in. After closing the door, he quickly walked around to the driver's seat, walked in, and started the car.

When su Wanwan pulled out her seat belt, her eyes inadvertently glanced at the door, but PEI Munian's figure was nowhere to be seen. She frowned slightly.

Why did he give up so quickly?

1107 Fancy ways of courting his wife (5)

Chen Zheng started the car and looked at su Wanwan from the side. He asked considerately, "miss su, can we go now?"

Su Wanwan's eyes looked around again, but she still didn't see PEI Munian. She couldn't help but chuckle in her heart, fastened her seat belt, and replied: "Let's start the car."

If she were to be soft-hearted to PEI Munian again, she, su Wanwan, would write her name backward. She didn't want to be hung up by him anymore, and she didn't want to chase after him like an idiot anymore.

"Alright," he said.

Chen Zheng responded and was about to step on the accelerator, but the car had not yet driven out when a loud bang suddenly sounded in his ear. The car shook violently. Su Wanwan and Chen Zheng's bodies fell straight forward, and they were suddenly shocked and dumbfounded.

What was going on?

Before the two people could react, the door of the front passenger seat was suddenly pulled open. The next second, an arm reached in and directly unbuckled su Wanwan's seat belt. Then, her wrist was grabbed by a force. Su Wanwan was stunned and she was already pulled out of the car.

PEI Munian stood there and glanced at Chen Zheng in the car with her dark eyes. The corners of her lips curled up evilly as she lazily said, "Wanwan, this gentleman is busy repairing his car now. He probably won't have time to accompany you for dinner. Let me accompany you.

".....?"

".....?"

Su Wanwan listened to PEI Munian's words and subconsciously walked to the back of the car. PEI Munian's car hit Chen Zheng's car. The bumper was crooked and loose. Then, it fell to the ground with a thud.

She blinked her eyes, and her long, curly eyelashes trembled.

Was PEI Munian crazy?

Using such an expensive car to crash into someone else's car?

As soon as he finished speaking, PEI Munian was about to leave with su Wanwan in his arms when he suddenly thought of something. He stopped and took out a business card box from his pocket. He pulled out a business card from it and inserted it into the windshield wipers in front of the car. let me know the full cost of the repair. Oh, Wanwan, if you want to change your car, it's fine. After all, it's embarrassing to use such a car to chase a woman.

".....?"

".....?"

After throwing down that light ridicule, PEI Munian held su Wan without any explanation and took her back to her car. She opened the door, pushed her in, then swung the door open and quickly walked to the driver's seat.

Su Wanwan only slowly returned to her senses after the car had driven for a distance.

Her eyes widened as she stared at the man who was driving the car lazily. PEI Munian, are you crazy?"

"Where's the madness? Do you mean the matter of me asking for your forgiveness, or the matter of me pursuing you again?" PEI Munian raised her eyebrows, her eyes full of ridicule.

"I mean, why did you hit someone's car? This is malicious destruction."

"Am I supposed to watch as another man takes my wife away?"

Su Wanwan chuckled. I'm sorry, Mr. PEI, let me correct you. I'm no longer your wife now. The only relationship we have now is that of an ex-wife and an ex-husband.

Ex-husband and ex-wife?

A trace of playfulness flashed in PEI Munian's eyes. He turned the steering wheel and the car slowly stopped by the side of the road. He unfastened his seat belt, leaned his tall body over, and directly circled su Wanwan in front of him. His voice was hoarse and evil, " then just remove the word 'Qian'.

1108 Fancy ways of courting his wife (6)

A dangerous aura came over. Su Wan's hands unconsciously pressed against PEI Munian's body, trying to push him away. don't think about it. I'm not interested in you right now.

"Don't you have any interest?"

PEI Munian chuckled and her fingers suddenly touched su Wanwan's lips. The next second, her thin lips pressed down.

“Wuwuwuwu.”

Su Wanwan’s words of protest that were about to come out were blocked just like that. She wanted to push PEI Munian away, but his body didn’t move. His long fingers directly pinched her chin, forcing her to open her mouth. The long snake directly rushed in and wantonly entangled. Su Wanwan retreated step by step, unable to resist.

When su Wanwan was almost out of breath, PEI Munian let go of her slightly. They leaned their foreheads against each other and their breaths were intertwined. Her small reflection was reflected in his faint eyes and there was an evil smile on his lips- there’s nothing that can’t be solved with a kiss. If one kiss isn’t enough, then let’s have another. I promise that you’ll be very interested in me!

PEI Munian even deliberately emphasized the word-sex-and said it very clearly.

Su Wanwan heard the hidden meaning in his words. Her cheeks, which were already red, were now even redder. She glared at him angrily, gritted her teeth and said: “PEI Munian!”

“Yes, I’m here. What can I do for you, Madam?”

PEI Munian still firmly held su Wanwan in front of her. Their lips were so close that when they opened their mouths to speak, they could touch each other from time to time.

“Are we going to continue discussing the topic of sex or are we going to eat first and discuss it after?”

That lazy voice was sexy and pleasing to the ear, but in su Wan’s ears, she only felt that it was asking for a beating.

How could this man be so evil?

In the past, she had been chasing him all the time. Now, he had finally come to chase her. But was this how you pursued someone? He actually threatened and bribed them! He’s a bastard!

However, if she rejected him now, he might do something R-rated in the car or on the side of the road.

Su Wanwan’s beautiful big eyes glared at him and she put on a fake smile. may I ask Mr. PEI, can I choose? ”

The way she puffed up her cheeks really made people want to swallow her in one bite.

PEI Munian couldn’t help but kiss her red lips again. Then, under su Wanwan’s disdainful gaze, she sat up straight and restarted the car.

Fortunately, PEI Munian did not do anything else after that and sent her home after dinner. However, before she left, she pulled her over and pressed her against the car. She only let her go after a passionate French Kiss.

At night, su Wanwan lay on the bed and tossed and turned, unable to sleep. The more she thought about it, the angrier she got.

PEI Munian’s attack was so strong. Was she going to forgive him so easily and be conquered by him again?

No! Absolutely not!

Su Wanwan suddenly sat up from the bed, took the mobile phone on the bedside table, and her fingers quickly typed on the virtual keyboard. After a while, she posted a Weibo on her Weibo.

“If you don’t want to forgive my ex-husband so easily, I’d like to ask my omnipotent Weibo sisters to give me some advice on how to defeat shadad’s straight man cancer and show my wife’s dignity! Urgent, waiting online!”

Su Wanwan’s Weibo post had only been sent out for a few minutes when her phone rang non-stop. She refreshed the page and saw that there were already several replies. She quickly opened it to see.

1109 Fancy ways of courting his wife (7)

A netizen named “trash is not trash” left a message. Is your husband handsome? if he’s handsome, you can make a baby with him, then kick him away and spend the rest of your life happily with your little lover!

A netizen named “drunk” left a message, “let him sleep on the sofa, no bed!” Suffocate him to death!

A netizen named Tian left a comment: Find a handsome guy to anger him to death!

A netizen named happy little butterfly left a message: Let him suffer a little and pursue you again, until you’re no longer angry.

A netizen named “forever youthful and fallen” left a message. He slept in the toilet, on the floor, in the study, and outside the door.

Su Wanwan scrolled through the comments one by one and was dumbfounded. There were many ways to abuse men now. She was too cowardly and too soft-hearted before, which was why Pei Munian was so arrogant now.

However, this was too easy on him. What if he couldn’t help but soften his heart when she tortured him?

This was probably the only time in her life that she could punish him properly. She couldn’t be fooled by him like this again.

With another ding-dong, there was a new reply. Su Wanwan quickly opened it to see. This time, it was a message left by a netizen named beauty Tiancheng: Kneeling on durians, keyboards, instant noodles, and remote controls, and he still wants to pursue you. If he wants to marry you again, let him propose 101 times, and every proposal can’t be repeated!

After su Wanwan finished reading this message, her eyes suddenly lit up.

This was a good idea. Although she and PEI Munian had been married for so long, they had always taken an unusual path. They had almost never had a formal proposal or wedding. This was her biggest regret. Since she had already divorced PEI Munian, it would not be so easy for him to get back together!

Su Wanwan smiled and took a screenshot of these messages. Then, she opened WeChat and sent them all to PEI Munian. She then edited the text: [I'll only consider getting back together with you after I've met all these requirements.]

After sending it, su Wanwan's dark eyes turned and she sent these screenshots to her best friend's small group and said, "Sisters, do you have anything to add?"

Xiaomei was the first to respond. She sent a frightened emoji and said, "sister Wanwan, I'll mourn for young master PEI for three minutes. He's too ruthless.

Su Wanwan snorted. this is already considered letting him off easy, okay?" At least I didn't block him completely and I'm willing to give him another chance."

Then, she tagged Yu Jia. what do you think, Yu Jia? "

It took a while for Yu Jia to reply. She immediately sent a like emoji and said, " I support you. You must not forgive those stinky men so easily!

Yu Jia's words were filled with resentment. Those stinky men were not referring to PEI Munian, but there were others.

She had been so busy these days that she forgot to care about Yu Jia. Last time, she said she was pregnant with Gong Lingyu's child, but she didn't know what happened after that.

Su Wan opened a private chat with Yu Jia, her fingers quickly typed on the virtual keyboard and then sent it: [Yu Jia, how are you now? What are your plans for the child? [did you tell Lingyu?]

After waiting for about a minute, the phone finally rang. Su Wanwan's Black eyes lowered and her gaze fell on the phone screen. It was not Yu Jia's reply, but PEI Munian's.

1110 Fancy ways of courting his wife (8)

Su Wanwan quickly clicked on the message. PEI Munian also sent a picture. It was a picture of a little person twisting his ears and kneeling on the keyboard. Above his head, the words "I made a mistake" were written.

"Is that so?" Ding! PEI Munian's message came again.

The corners of su Wanwan's lips rose and her eyes were filled with a smile. I want you in person. Are you sending me pictures to brush me off? "

"Will you forgive me if I kneel?"

"It depends on my mood."

"You're willing to?"

Su Wanwan stared fixedly at the three words PEI Munian sent over. She glared at her in disgust and quickly replied, " willing, very willing! I can even prepare the props for you, so are you going to kneel?"

as long as Madam can calm down, I'll do anything you want me to do, except for Zhenzhen.

"Only?"

After a long while, the other party replied, "I can agree to all the conditions you listed, but I don't want to sleep on the sofa or the floor. I want to sleep with you!"

".....?"

Su Wanwan immediately found a slapping emoji from her expression library and sent it over. in your dreams. If you can't fulfill the above requirements, don't even think about getting into my bed in this life!

After she sent the message, su Wanwan exited WeChat and turned off her phone, not giving PEI Munian a chance to bargain.

If she did not properly enjoy the pleasure of being pursued by PEI Munian, she would only be controlled by him in the future. She was determined not to give in and must turn over a new leaf to be the master!

It was a dreamless night.

From today onwards, su Wanwan had to resume her nine to five work mode. Because she slept well yesterday, she woke up at eight o'clock and was still energetic. She took her phone and turned it on. PEI Munian did not reply to her on WeChat and only called her a few times.

Su Wanwan looked at the text message that indicated missed calls and couldn't help but chuckle.

He could also understand this kind of anxious feeling, right? She should let him experience it properly so that he could understand how she felt before.

After su Wanwan finished washing up, she walked out of the room.

Shen Ziwei was dressed in sportswear and was coming out of his room, looking like he was going for a morning run. Su Wanwan thought for a moment and said, "brother Ziwei, wait for me. I'm going to change my clothes. Let's go for a run.

The two of them ran along the side of the road to the top of the mountain. As Shen Ziwei ran, he glanced at su Wanwan and smiled, "I heard that there was a battle at the entrance of the company yesterday. Young master PEI directly crashed into our company's manager Chen's car and damaged it. He did it all to compete for a beauty like you.

"Gossip spreads so quickly in the office that even you know about it?"

"How could I not know about young master PEI's explosive actions? As for you, did you make up with young master PEI yesterday? No, if you two had made up, I wouldn't have seen you at home today. Why? Are you still throwing a tantrum?"

Shen Ziwei said, "that's enough. Don't forget that miss ning is still eyeing young master PEI. If you push him to ning Jingting, don't come back and cry to me.

Su Wanwan snorted disdainfully and then said triumphantly, "I don't want to rush to chase him again. That would be too degrading for me. Besides, he can't leave me.

She was really looking forward to what kind of 101 proposals he would put on. How could she forgive him so quickly?

The two of them ran to the top of the mountain and then went back the same way. When they returned to the entrance of the SU residence, they saw Huahua,

1111 Fancy ways of courting his wife (9)

At the entrance of the SU residence, there were many colorful balloons hanging in a pile. It was very beautiful. Under the balloons, there was a horizontal strip with a few big words printed on it: Will you marry me?

The handsome and tall man in a black tuxedo made him look even more handsome and stunning. Just by standing there casually, the surrounding scenery became his foil.

Next to him, there was a band. Su Wanwan glanced over and recognized that it was a band that had recently become very popular in the entertainment circle. She had previously casually mentioned that their singing was good and that several people in the band were very handsome young fresh meat. They were very to her liking and she was their little fan girl.

Su Wanwan's gaze was fixed on those few little fresh meat. She was stunned for a second, then her hands couldn't help but cover her mouth, and a pink heart instantly appeared at the bottom of her eyes.

Oh my God, PEI Munian actually invited her idol over. This move was really too ruthless. It directly hit her heart, and she couldn't reject it even if she wanted to!

What to do, what to do? She had just returned from a run and was covered in sweat. If she appeared in front of her idol like this, wouldn't her idol's first impression of her be greatly affected? If she were to go up now and ask for an autograph and a photo, would she be rejected?

"Ahem."

PEI Munian saw that su Wanwan was staring at those young hunks and couldn't help but remind her. If it wasn't to please her, he wouldn't be willing to invite other men over to steal his limelight.

Moreover, how could a few stinky young hunks compare to a man with such charm?

PEI Munian coughed, but su Wanwan didn't respond. He couldn't help but cough a few more times, but she still didn't respond. In the end, he was so angry that he laughed and directly stepped forward, blocking su Wanwan's view.

Su Wanwan frowned in disgust. what are you doing? " Don't block me!"

"Su Wanwan, I'm standing in front of you. Can you still see other men in your eyes?" PEI Munian's Black eyes were burning and filled with dissatisfaction. She reached out her hands and directly held su Wanwan's cheeks. from now on, you're only allowed to look at me.

"Tsk, I haven't forgiven you yet! Besides, my idols are obviously more handsome than you. How could such a handsome man exist in the real world? am I still dreaming?"

Su Wanwan pushed PEI Munian away without hesitation. She looked behind PEI Munian with Starry Eyes and continued, " "Brothers, can we sing a song? I'll like whatever you guys sing."

Older brothers

Su Wanwan had never called him big brother before. She actually called a group of younger brothers older than her big brother Yingluo and what's with this infatuated little fan girl's eyes?

He had invited this group of people here to support his proposal, not to flirt with his wife!

PEI Munian's handsome face sank and her sharp eyes shot towards the few young hunks behind her. The hunks looked at each other. Was it their fault for being handsome? Did the fangirl blame them too much? This was a case of getting unjustly ridiculed!

However, young master PEI was their boss now. In order to please his wife, he had directly taken over their management contract. If they did not help him settle his wife now, their fate could be imagined.

The captain stood in front of the upright microphone and cleared his throat. "Miss su Wanwan, we came here today to sing for you. I hope you like it."

Su Wanwan hurriedly nodded.

"But, Zhenzhen."

1112 Fancy ways of courting his wife (10)

However?

The team leader paused on purpose, then looked at PEI Munian with eyes that seemed to be able to discharge electricity. He smiled and said, "The lead vocalist today is not me, but Mr. PEI Munian. He will sing for you to express his feelings for you."

PEI Munian was singing?

Su Wanwan looked at PEI Munian in surprise, her black pupils contracting slightly. She and PEI Munian had been together for so long, but she had never heard him sing. She had always wondered if he was tone-deaf, so he didn't sing. Could he sing?

PEI Munian's Black eyes met su Wanwan's and the corners of her lips lifted evilly. Then, she walked over to the band, picked up the guitar on the ground, and carried it on her back.

His slender fingers plucked the strings smoothly, and melodious music came out.

Su Wanwan's eyebrows couldn't help but raise. This posture looks like it's been practiced.

It was normal for him to know how to play the piano. After all, that was the basic education of the rich. But he knew how to play the guitar?

After everyone was ready, PEI Munian's fingers began to play the strings of the zither. Then, he slightly bent forward, faced the microphone, and gently opened his thin lips. A magnetic and pleasant sound came out through the microphone, accompanied by a good piece of music, and entered su Wanwan's ears one by one.

She stood there, dumbfounded.

His singing was actually so good? It was even better than the singing of the band's lead singer. That magnetic voice seemed to be scratching her heart, making her tremble.

Su Wanwan's heart beat wildly, beating against her heart.

While PEI Munian was singing a love song, her black eyes looked over affectionately. Su Wanwan's hand had to cover her mouth tightly, for fear that she couldn't restrain herself from screaming.

This man was too devilish. If he entered the entertainment industry, all the other men could only stand aside!

After the song was over, PEI Munian ended it swiftly and handsomely. She put down the guitar and walked over to her with her long legs. She held her hand, lowered her head, and planted a kiss on it. Then, she knelt down on one knee and took out the ring he had prepared. She raised it and said gently, Wanwan, forgive me and marry me.

Su Wanwan seemed to have yet to recover from the song just now, but PEI Munian had already taken the ring and slowly put it on her ring finger.

When she was about to put it all on, su Wanwan's whole body quivered and her confused eyes suddenly sobered up. Then, she curled her fingers and angrily waited for him. niannian, you actually used the beauty trap? You want me to forgive you with just one song? It's impossible!"

Su Wanwan withdrew her hand without hesitation and took a step back. since you've invited all my oppas over, I'll consider you a pass today. However, Qianqian still has a hundred proposals to go. I'm waiting for you. The Gay Revolution has not yet succeeded, you still need to work hard!

Su Wanwan reached out and patted PEI Munian's shoulder. Then, she turned around and left without hesitation.

PEI Munian looked at su Wanwan's back view as she left. She shook her head and laughed. At the same time, her eyes were filled with interest.

Su Wanwan's appearance really made him want to conquer her, as if he had returned to the feeling of falling in love at that time. He stood up and said to su Wanwan's back: Wanwan, you'll be my wife again sooner or later.

—

It was night.

When su Wanwan was sleeping in a daze, she suddenly heard footsteps gradually approaching her ears. Before she could react, her body had already risen into the air.

1113 Fancy ways of courting his wife (11)

Su Wanwan was shocked and her heart suddenly thumped. She opened her fluffy sleepy eyes. who? "

She cried out in alarm and her hands and feet subconsciously struggled, but those hands held her tighter and tighter. She couldn't break free at all. The next moment, he picked up the coat she put aside and directly covered her head, covering her whole body. Su Wanwan suddenly couldn't see anything.

All her sleepiness was gone at this time. In the middle of the night, in her own house, in her own room, she was actually taken away by a thief as if no one was there? Wasn't this too Savage?

Su Wanwan hurriedly lifted the coat and blinked her big eyes. Finally, through the night, she saw the savage thief. He had already carried her out of the door.

“PEI Yingluo.” Su Wanwan opened her mouth and only said one word. PEI Munian had already opened the car door and bent down to let su Wanwan in.

“Hey!”

Su Wanwan glared at him angrily. PEI Munian, do you know what time it is now? It’s fine if you break into a house in the middle of the night, but you still want to kidnap people?”

PEI Munian raised her eyebrows playfully. One hand was on the car door and the other hand was directly hooked on su Wan’s chin, forcing her to look up. She smiled evilly. yes, I’m going to kidnap you now. Do you want to call the police? ”

“.....?”

“I’m going back.” Su Wanwan couldn’t be bothered with her. She wanted to have a beauty sleep and didn’t want to accompany him in the middle of the night. She wanted to get out of the car but was pressed back by PEI Munian’s big palm. Then, he leaned in and directly helped her fasten her seat belt. His fingers gently caressed her cheek and said softly, “ “If you don’t come with me now, you’ll regret it.”

Regret?

What was so mysterious?

Alright, he urged su Wanwan to admit it. Her appetite was suddenly whetted by PEI Munian.

“What do you want to do?”

“Follow me and you’ll know.”

PEI Munian closed the car door and walked to the driver’s seat. She sat down, started the car, and drove away.

Su Wanwan was pulled up from the bed by PEI Munian without any warning. There was almost no image to speak of. She quickly pulled down the mirror in the front of the front passenger seat and combed her hair in front of it. Then, she took out a piece of tissue and wiped her face slightly.

PEI Munian took advantage of the gap between the red lights and turned to look at her. There was a smile in his eyes. He reached out and pinched her cheek gently. you don’t have to dress up. You’re very beautiful in my eyes.

Su Wanwan unceremoniously slapped his hand away and said in disdain, “ “I don’t need you to tell me that I’m beautiful. I’m telling you, sweet talk has no effect on me, especially yours.”

She had been attracted to PEI Munian’s beauty before and had been dazzled by his sweet words. Now, she had to resist it and not be easily bewitched by him again.

PEI Munian shook her head and laughed.

“Where are you taking me?” Su Wanwan couldn’t help but ask. The car had already driven for a long distance and she felt that the road he was driving on was getting more and more off-track. Where was he taking her in the middle of the night?

However, PEI Munian did not say anything more and focused on driving, determined to keep her in suspense until the end.

The car drove for more than an hour before it finally stopped slowly. PEI Munian stopped the car and unbuckled her seat belt. She looked at Su Wanwan and said softly, “we’re here.”

1114 Fancy ways of courting his wife (12)

We’ve arrived?

Su Wanwan subconsciously looked out of the car window. It was pitch black outside and she could barely see anything. She looked back in shock. Why did PEI Munian bring her to such a dark place?

PEI Munian got out of the car, walked around to the front passenger seat, opened the door, and helped Su Wanwan unbuckle her seat belt. She then took her hand and led her out of the car.

He first helped her put on the coat, wrapped it tightly, zipped it up, and then led her forward.

Su Wanwan’s delicate eyebrows furrowed slightly, the light in the bottom of her eyes became more and more puzzled. Where the hell is this place? It was dark everywhere, and she couldn’t tell where she was.

However, very quickly, she heard the sound of rolling waves and the cool sea breeze blowing at her face, lifting her long hair.

This is the beach? Did PEI Munian bring her to the beach?

L city was indeed facing an ocean. Previously, when she had fallen out of love, she had even come to this ocean to get drunk and shouted at the ocean that she wanted to forget PEI Munian.

So now he’s bringing her here, is he preparing to propose again at the beach?

However, this place was pitch black and there was nothing here. He couldn’t possibly beg like this, right? Was she going to deduct points from her?

They stepped on the soft sand and PEI Munian brought her to the middle of the beach. After that, he stood behind her and covered her eyes with his large palms. His deep and hoarse voice whispered into her ear, “Are you ready?”

Su Wanwan curved her lips. She wanted to see what kind of surprise he could prepare this time. en.

After about three seconds, PEI Munian’s hand on her eyes moved away bit by bit. The originally dark beach was lit up one by one, from near to far, like a long line. The lights were colorful and extremely beautiful.

However, the most eye-catching thing was not the beautiful colorful lights, but the huge washboard-like thing in front of her. There was a large durian in the basket next to it.

Su Wanwan stared blankly at the washboard and the durian. What’s the situation with Wanwan?

She didn't know when PEI Munian had circled from behind her to in front of her. Then, he walked to the huge washboard and looked at su Wanwan with his black eyes. His eyes were filled with deep affection and his thin lips opened slightly. Wanwan, I will do everything you want.

As soon as she finished speaking, PEI Munian bent down and picked up the durians in the basket. Then, she placed them on her head and knelt down on the washboard.

He didn't feel awkward at all when he made this pose. Instead, he still looked so handsome.

Su Wanwan was shocked. Her long, curly eyelashes kept trembling and her eyes were full of surprise.

"Honey, please forgive me. I know I was wrong."

".....?"

Su Wanwan stared blankly at PEI Munian for a few seconds, then burst into laughter. She couldn't help but laugh. niannian, you're Hanhan.

Although she said that she wanted PEI Munian to kneel on a durian and a washing board, she did not expect him to really do it. Men these days were more and more chauvinistic. How could they do such an embarrassing thing? moreover, that was PEI Munian's man who had always been high and mighty.

She didn't expect that he would kneel just like that.

Su Wanwan's hand couldn't help but cover her mouth, the bottom of her eyes still carrying a strong shock.

"Wanwan, you're smiling. Does that mean you've forgiven me? Then, Yingluo."

As he spoke, he put down the nostalgia in his hand and knelt down on one knee. Then he took out the ring from his pocket, raised it up, and continued in a soft voice, "Can you accept my proposal and marry me?"

1115 Settle accounts (1)

It would be a lie to say that she wasn't touched. Even though she was angry with him, it didn't stop her from loving him. This love had long since seeped into her bones and eroded her heart. In this life, she probably couldn't escape the love net he had woven.

Fortunately, when she couldn't help but nod, she still had a trace of rationality and restrained herself. you still need to propose 99 times. I'll answer you after you're done with the remaining 99 times.

PEI Munian couldn't help but chuckle. I'll definitely make up for the remaining 99 times for you. But can't you let me cut in line first, Wanwan? "

"No!"

Su Wanwan refused very simply. How could this kind of thing be haggled over?

"If that's the case, then I can only force myself on this girl."

A low and pleasant voice slowly entered su Wanwan's ears. Before she could react, PEI Munian had already gotten up and directly carried her horizontally. She strode towards a small villa not far from the sea.

He pretended to be a hooligan and said, "it's the middle of the night. It's the right time to do some bad things, huh?"

PEI Munian, you Rascal, you ridiculed su Wanwan and quickly struggled in his arms. you wish. Put me down quickly.

"No, I won't ever let go."

The seaside villa's layout was very elegant and very much in line with su Wanwan's favorite style, especially the bed in the bedroom. It was the pink lace princess bed that she once wanted. The other decorations in the room actually had old things that she used before.

Su Wanwan picked up one of the items in surprise and looked at PEI Munian. this isn't ran ran.

Didn't PEI Munian get someone to throw away all these things? Why was he still here? She glanced around the room. Although there were not many things, it seemed that nothing had been lost.

PEI Munian walked forward, as if she knew what she wanted to ask. She smiled and said, "I was indeed thrown away, but I picked it up myself."

As he said this, he seemed to be a little bitter, and an imperceptible blush appeared on his cheeks.

He had always been straightforward and decisive when it came to anything. Only when it came to feelings, or to say, when it came to su Wanwan's matters, he couldn't cut it out and was still confused, like entangling the ground. The more he struggled, the more he trapped himself firmly inside.

Su Wanwan's eyebrows moved slightly.

When she came back, she had decided to pursue him back. However, when she went to the villa and saw that there was no trace of her life there, she felt extremely sad. She had thought that PEI Munian had really cleaned her up. It turned out that the rustling was another cover-up.

However, it was also true that it was impossible to clean up the matters of the heart so easily, just like her Hanhan.

Su Wanwan lowered her eyes and suddenly curved her lips. niannian, I also have something that I've lost several times. But every time I lost it, I picked it up myself. I can't lose it no matter what.

"What?"

during the three years we were apart, I actually kept an eye on you. I collected all the news about you, made it into a newspaper cut, and pasted it in my diary. That's all my feelings.

"Really?" PEI Munian was overjoyed. She really didn't expect su Wanwan to actually make this.

"What else? Did you think that you were the only one who missed him in pain during those three years? PEI Munian, my love for you is definitely no less than yours. That's why I'm so angry now. I'm angry that you don't let me fight side by side with you."

1116 Settle accounts (2)

Most of the time, men were used to protecting their women behind them, sheltering them from the wind and rain. They naturally treated her as a little woman. In fact, there was nothing wrong with this, but this way, they would ignore the feelings of women.

Of course, some people felt that this woman was too pretentious. Was it wrong for a man to protect her?

There's nothing wrong with protecting and loving. It's just that overprotection can sometimes be a form of harm.

She had never been afraid of any storm. The only thing she was afraid of was his dark eyes, his unfamiliar gaze.

"Alright, I know I was wrong."

PEI Munian didn't find an excuse for herself and admitted her mistake openly. She pinched su Wanwan's nose with her long fingers and smiled indulgently. you can be angry all you want. Be angry with me for the rest of your life. I can even coax you for the rest of your life.

tsk, you're going to take my whole life just like that. PEI Munian, you're really good at planning this.

PEI Munian stretched out her long arm. Ignoring su Wanwan's weak struggle, she wrapped it around her slender waist and fixed her in front of her. I'm a businessman, so I naturally have a good plan. However, I'm losing money in this business. I don't know if miss su is willing to accept Qianqian.

After a pause, he added, " just pass by, don't miss it. It's rare that I'm willing to do a losing business.

"Even if you're willing to do a losing business, you'll have to see if I'm happy to accept this business." Su Wanwan raised her head in a cold and aloof manner.

"Then, miss su, what would it take for you to be willing to do business with me? To drink or to sleep with? I'm fine with anything."

He really wasn't serious at all.

Su Wanwan pushed him away in disgust. go away, I'm a proper businessman. I won't play this trick with you.

"Well, I'm a proper businessman, so let's have a proper and in-depth exchange."

".....?"

"Aren't we having a proper exchange? PEI Munian, where are you touching?"

Yingluo, I need to understand the customer's needs correctly before I can make the corresponding plan, Yingluo.

"Do I need to take off my clothes to understand the customer's needs? Take your hand back."

"PEI Feifei, Wu Feifei."

It was late at night, but the love between lovers had just begun.

—

The police collected evidence and the process took more than a month. Xi Zhiwei's crime of deliberately breaking the car's brakes and intentional murder was finally confirmed.

The news shocked the entire country.

As a popular starlet, her status in the past two years had pushed her to the A-list. She had a huge fan base and was one of the most influential female artistes of the current era. However, she was such a terrifying person. The fans who had previously supported her and felt that she had been wronged were all dumbfounded. They could not believe that they were actually such a person.

However, just as the news got out, Xi Zhiwei hired a lawyer the next day. She used the excuse that she was suffering from depression and that she had broken the car's brakes because she was not in her right mind and did not do it on purpose to appeal.

Someone had posted a medical record of Xi Zhiwei's depression on Weibo. The news spread quickly on Weibo and the impact was huge. In an instant, the fans who still had hope for her began to clear her name and the direction of public opinion began to change.

When su Wanwan saw this on Weibo, she couldn't help but find it funny.

Xi Zhiwei was really like a centipede, dead but not stiff.

1117 Settle accounts (3)

Ever since Xi Zhiwei was arrested, she had thought that everything about her would come to an end. Yet, she still wanted to cause trouble. Public opinion could be big or small, and with her own influence, she might really be able to gain sympathy points. If the sentence was too light, it would be too easy on her.

Her black eyes stared fixedly at the Weibo comments on her phone. Su Wanwan's beautiful eyebrows slightly furrowed, then she got up and went upstairs.

Aunt Wu came out of the kitchen and happened to see su Wanwan change her clothes and go downstairs with her bag. She was slightly surprised. young Madam, you're going out? " Aren't you going to eat at home?"

In the past month or so, PEI Munian had done the remaining 99 proposals without missing a single one. Su Wanwan was still tricked by him to come back and become PEI Munian's wife, so she moved back to the villa.

She had originally thought that after Xi Zhiwei was sentenced, they could pick a good day for the wedding. Who knew that Xi Zhiwei would start to make a scene again.

"Well, I have something to do now, so I won't eat first."

Su Wanwan responded and hurriedly walked out of the door. After getting into her car, she put on her Bluetooth headset and made a call.

The car stopped at the entrance of the detention center. As she had just called to make an appointment, she entered the visitation room smoothly. She sat by one of the windows and waited for the prison guard inside to bring out the person she wanted to see.

After about two minutes, Xi Zhiwei's slender figure walked out from the back of the prison. When her eyes swept over her, her movements paused for a moment. Then, a cold smile appeared on her lips.

Xi Zhiwei walked to the opposite side of su Wanwan, sat down, and looked at her through the glass window. Then she picked up the phone hanging next to the glass, and su Wanwan also picked it up.

"What are you doing here? You want to laugh at me?" Xi Zhiwei's sarcastic voice slowly entered su Wanwan's ears. She had been in there for more than a month. Perhaps she didn't like it, but she was very thin, as if she was just skin and bones. There was no meat on her cheeks, and her cheekbones protruded out, making her look terrifying. Her voice was also very mean. but it's a pity. So what if you and PEI Munian went through so much trouble to send me in? " I'll be able to get out soon. Everything you've done is useless!"

"There will always be retribution for doing bad things. Who can the heavens spare? Do you think you can escape the law by using that fake depression?"

"Fake? Who said it was fake? It's true. It's inherited in the family. Have you forgotten? My brother was depressed, that's why he was killed by you. Su Wan, if you want to talk about retribution, the one who should be retributed is you! If the heavens can't spare me, you will be the same! I'll be waiting to see you end up well!"

As Xi Zhiwei spoke, her entire person became excited. Her eyes widened and she looked extremely sinister and terrifying.

It's just that, for su Wanwan, she did everything with a clear conscience, so she was not afraid of anything. I'm indeed very sorry for senior brother Xi's death, but I've already received the punishment I deserve. Because of him, I was separated from niannian for so long because of a misunderstanding, so I only have regrets for senior brother Xi and no guilt. What about you? Even if niannian and your ex-manager had attempted murder, my child, you deliberately killed someone. You killed my child!"

Even if she hadn't found any evidence yet, what she had done wouldn't be erased.

1118 Settle all accounts (4)

"Is that so? Have I ever done such a thing? Don't think that you can accuse me just because I'm here. I can Sue you for slander!" Xi Zhiwei's face was innocent, but her lips had a malicious smile as if to say, "so what if it's me? without evidence, who can blame her?"

Su Wanwan wasn't annoyed. It was as if she had already guessed that she would answer like this. She laughed, " you dare to do it but don't dare to admit it. You, Xi Zhiwei, only have this ability.

"You,"

Xi Zhiwei's eyes fiercely glared at su Wanwan and looked at the merciless ridicule in su Wanwan's eyes. It was as if something was gnawing at her heart. She fought with su Wanwan for so long and saw that she was about to become a big winner in life. In the end, she made a wrong move and lost the whole

game. How could she be willing? Now, he still had to sit here and let su Wanwan despise and ridicule him?

In this life, what she hated the most was su Wanwan's contemptuous eyes and tone.

Xi Zhiwei sneered and gritted her teeth. yes, so what if I did it? I don't even know how regretful I am now. When I pushed you down, why did I only kill your child? why didn't I kill you too?"

At that time, she bumped into her and was too flustered. She was afraid that she would be seen and ran away in a hurry. If she had been more ruthless and stepped forward a few more times, perhaps su Wanwan would have died at that time. No one would have come to snatch PEI Munian from her and she would not have ended up like this today!

"You finally admit it? You've finally admitted that you killed my child?"

Even if it was a fact that she already knew, when she really heard Xi Zhiwei admit it, su Wan's hands still unconsciously clenched.

Although she might not have been able to keep her child under those circumstances, she should not have been killed innocently!

su Wanwan, I think you should thank me. If I didn't get rid of you, you wouldn't be alive now. If I had known this earlier, I wouldn't have gotten rid of your child and let you die with your child!

The more Xi Zhiwei spoke, the more ruthless she became. Her whole person was shrouded in the haze of hatred. but you, su Wanwan, are not noble. You said that I killed your child, then what about you? Didn't you personally take away an innocent life? To take revenge on brother mu Nian!"

She had personally taken away an innocent life?

Su Wanwan was stunned. The doubt in her eyes flashed and then she reacted to what she was saying.

The one who was worth her innocent life was her second accidental pregnancy, right? Indeed, everyone thought that she had aborted the child, not that the child did not exist.

Xi Zhiwei, don't compare me to you. I will not hurt my child, and I will not involve the innocent lives of others for anything. I have only been pregnant once. The second time was a misdiagnosis. When I sent the abortion papers to niannian, I was prepared to help you two.

"But for a woman like you, even if I quit N times, niannian will never fall in love with you."

Xi Zhiwei was shocked by the ridicule in su Wanwan's words. She found it somewhat unbelievable. Su Wanwan didn't break off the engagement because of revenge? So, she didn't abort their second child?

ah, right. Actually, I'm here today to share a piece of good news with you.

After a pause, su Wan's hand slowly touched her lower abdomen, and there was a bit of happiness between her eyebrows. the heavens finally returned the child that Nian Nian and I lost to us.

When su Wanwan got up, she happened to see Mrs. PEI walking in behind her.

Su Wanwan was a little surprised. She didn't expect to meet Mrs. PEI here. She was so angry that day and was heartbroken. She thought that she would never forgive Xi Zhiwei, but she still came to visit her.

Thinking about it, Mrs. PEI did like Xi Zhiwei a lot. Even after all the bad things she had done, she still couldn't bear to see her like this.

She wasn't worried about anything else, but she was worried that if Madam PEI was soft-hearted towards Xi Zhiwei and helped her, Xi Zhiwei wouldn't be able to escape from jail, right?

Su Wanwan's eyebrows furrowed slightly.

However, she wouldn't say anything to Mrs. PEI. Now that their relationship was so tense, anything she said would be wrong. It was best to avoid any chances of conflict with her.

She nodded slightly at Mrs. PEI as a polite greeting, and then walked past her.

Mrs. PEI also acted out of character and did not sneer at her. Instead, she was a little stunned and did not know what she was thinking.

Su Wanwan didn't stay any longer and left directly.

When she returned to the car, su Wanwan took out a pin from the collar of her clothes. It was a small recorder. She pressed the play button and all the conversations between her and Xi Zhiwei were played very clearly.

After listening to the entire story, the corners of her lips curled up and she smiled.

She, su Wanwan, was no longer the silly person who was chased and beaten by her. Didn't she like to scheme against others? Now, she would let her have a taste of what it meant to give her a taste of her own medicine!

In those two car accidents, she had attempted murder, but she had pushed her and caused her to have a miscarriage. That was a real murder, and she had been so vicious that she had wanted to push her to die with her. All of her evil deeds had come from her own mouth. Once this recording was released, no one on the internet would be on her side anymore.

She knew how to make use of public opinion, and she could also reverse the situation!

The only thing he was worried about was that ran ran would not be fooled by Xi Zhiwei again.

Su Wanwan thought about it. She put down the brooch, then picked up her phone and dialed a number.

The phone rang a few times before it was picked up. The man's deep and pleasant voice entered her ears. what's wrong? "

"Are you still in the company? I'm not far from your company right now. Let's have dinner together?" It was almost time to get off work, so she drove over and picked him up for dinner.

"Alright, come over. I'll wait for you."

After hanging up the phone, su Wanwan started the car and drove towards PEI family corporation.

When she arrived at the office, PEI Munian was still in a meeting. It was her Secretary who attended to her. She ordered a cup of coffee, leaned against the sofa, picked up her phone, and followed a few Weibo Big V's.

These Weibo verified accounts would help you post anything for money. As long as they paid, they would spread the recording. He believed that soon, Xi Zhiwei's evil deeds would be known to all.

However, before she did this, she still had to ask for PEI Munian's opinion. Moreover, Mrs. PEI seemed to want to get involved in this. To be honest, although she was not on good terms with Mrs. PEI now, she was still PEI Munian's mother. She did not want to make things worse between them.

Su Wanwan was casually scrolling through Weibo. There were excusable topics about Xi Zhiwei's grievances. These days, there were an endless stream of them. One by one, they were on the hot search. She looked at them and wanted to laugh.

Suddenly, her phone rang.

1120 Settle accounts (6)

On the phone screen, Mrs. PEI's name jumped up and down. Su Wanwan looked at it and her eyes were dull for a second.

Mrs. PEI would never call her if there was nothing important. She had just seen Xi Zhiwei and she was already calling her? Was he asking her to let Xi Zhiwei go?

Everything could be discussed, but this was absolutely impossible.

Su Wanwan's Red lips lightly pursed. Her fingers slowly slid across the phone screen and she picked up the call. Hello, Madam.

"Let's meet."

"Now?"

"Okay, I'll be waiting for you at xxx. Come over now."

It was clearly a request, but it was said with such certainty that it could not be refuted.

Su Wanwan pouted helplessly. If it wasn't for PEI Munian, she wouldn't have bothered to pay attention to her. She took a breath and tried to speak as calmly and gently as possible, "Madam, I'm going to have a meal with mu Nian. May I know what's the matter?"

"I have something to ask you!" Mrs. PEI's voice was cold and hard. After saying this, she hung up the phone without any trace of politeness.

The beeping sound came from her ear and su Wanwan put down her phone speechlessly.

Of course, she could choose not to go. However, PEI Munian had told Mrs. PEI that he would abandon her if she did not accept her because of him. During this period of time, the relationship between the mother and son had dropped to the freezing point, and Mrs. PEI's health was not very good. A few days ago, she had heard from aunt Wu that the doctors had been moved into the PEI family's old residence to take care of her at all times.

Su Wanwan deliberated again and again and still decided to go to the appointment.

She knew that it was a big problem for her to be soft-hearted, but she had no choice. Even if others were not good to her, she still loved the house and its Crow. PEI Munian was good to her, so she could tolerate his mother and not make things difficult for him.

She raised her head and looked at the clock on the wall. PEI Munian would only come out in about ten minutes. She could not wait for him any longer. She looked left and right, then got up and walked to her desk.

She took the post-it note and wrote a line of words on it with a pen. Then, she tore it off and stuck it on the table.

She turned back to the sofa and was about to take a sip of coffee when she suddenly remembered that she was pregnant and couldn't drink coffee. She put it back, picked up her bag, and left.

It was time to get off work and there was a traffic jam on the road. Su Wanwan spent an extra 20 minutes to arrive at the place that Mrs. PEI told her. When she walked into the private room, Mrs. PEI was sitting in her seat with her eyebrows furrowed, as if she was already impatient from waiting.

Su Wanwan stepped forward and explained apologetically, " sorry, there was a traffic jam on the road and I'm late.

Mrs. PEI glanced at her unhappily, but didn't say anything. She only stared at her still flat stomach and said bluntly, "You're pregnant?"

On the way here, su Wanwan could roughly guess what Mrs. PEI would say to her. Since she asked this, it seemed that she had heard what she said to Xi Zhiwei. She didn't know how much she had heard.

"Yes, I'm pregnant." Su Wanwan's hand subconsciously stroked her lower abdomen, and her eyebrows couldn't help but soften.

Mrs. PEI was silent for a second. Her expression was unreadable, but her brows were still furrowed. you're using your pregnancy to force me to accept you and Munian. Fine, I can accept you two getting married again, but you have to promise me one thing.

".....?"

Why was Madam PEI's ability to talk to herself getting stronger and stronger? When did she use her pregnancy to force her to accept it?

1121 Settle all accounts (7)

Su Wanwan opened her mouth and wanted to say something, but Mrs. PEI continued, " although Weiwei has done a lot of wrong things, it's all because of you. If you hadn't been hanging around mu Nian, mu Nian wouldn't have neglected Weiwei, and Weiwei wouldn't have made those mistakes either. Besides, she's in a very unstable mental state now. I'm going to hire a lawyer for her and try to minimize her punishment. Go and tell mu Nian not to interfere in this matter. I'll turn a blind eye to your marriage and do whatever you want with it.

As expected, Xuxu and Mrs. PEI had come to find her. If it wasn't for Xi Zhiwei, who else could it be?

“Madam, anyone who has done something wrong must be punished. Don’t you think it’s unfair that you blame me for Xi Zhiwei’s mistakes? Mu Nian and I are in love, but she’s the one who’s been trying to force her way between us. In the end, she even planned to kill me and her former manager. How can you call that a momentary mistake?” Su Wanwan retorted coldly.

However, what did Xi Zhiwei say to Mrs. PEI that made her attitude towards her change for the better?

that’s because you forced her into depression. She was muddleheaded and was instigated by her mother. It has nothing to do with her. I watched her grow up and I believe that she’s not that bad.

She couldn’t help but recall the day she was surrounded by the reporters at the banquet. It was Butler Xi who had protected her, afraid that she would get hurt. When she was exposed for doing those bad things, Butler Xi’s face was full of disbelief and he had defended her.

Now, she was pushing her mother out to die.

Even though she did not like Butler Xi, but she was disgusted by Xi Zhiwei’s behavior. It was just like a news article on Weibo. A couple was quarreling in a Wildlife Park and got off at a prohibited area. In the end, a Tiger pounced on them and dragged the woman away. It was her mother who pounced on her to save her, causing her mother to be bitten to death by the Tiger.

Her mother was selfless, but why should her mother be the one to take the blame for her own mistakes?

“Character?”

Su Wanwan repeated these two words and chuckled. Madam, you watched Xi Zhiwei grow up. How much do you know about her? In your eyes, is she the kind and Innocent Xi Zhiwei who would not bully others? Do you really understand her?”

Her questioning tone made Mrs. PEI very uncomfortable. For Xi Zhiwei’s sake, she had suppressed her dissatisfaction with her and let her marry into the PEI family again. How dare she speak to her like this?

you don’t have the right to judge her. Let me tell you, if you want the PEI family to acknowledge you as their daughter-in-law, you’ll have to agree to my conditions. Otherwise, even if you marry Munian and give birth to a child, you won’t have the right to do so. Your child won’t be a real member of the PEI family!

Su Wanwan was silent for a second and suddenly laughed. Then, she slowly opened her mouth, “Madam, Did you know? You once had a grandson.”

Grandson?

Mrs. PEI’s eyes were cold as she looked at her and sneered. only one? I once had two grandsons, but they were both killed by you.”

“You’re wrong. The person who killed your grandson was not me, it was Xi Zhiwei.”

Su Wanwan said word by word, “ my first child. It was Xi Zhiwei who pushed me down and I lost him.

1122 Settle all accounts (8)

When Mrs. PEI heard su Wanwan's words, she was stunned for a second and then full of ridicule. everyone knows how you lost your first child. Now, are you going to blame it on Weiwei? Just because she's in the detention center and can't defend herself, you're able to make irresponsible remarks?"

She once sympathized with su Wan and also understood su Wan. Even if she liked Xi Zhiwei, she didn't force Xi Zhiwei and her son to be together. Instead, she gave her opportunities again and again and even helped her create opportunities, but she let her down, so she would no longer believe anything she said.

Su Wanwan lowered her eyes and didn't speak for herself at first, but continued, " as for the second child, I'm very sorry because it was a misdiagnosis. I was selfish and kept it a secret. However, at that time, I was incited by Xi Zhiwei. I thought that mu Nian and her were truly in love. I didn't want to put mu Nian in a difficult position and wanted to fulfill his wish. So, I deliberately ran away from the marriage and sent him the abortion sheet. With such a decisive excuse, he could forget his guilt towards me and be with Xi Zhiwei properly.

He's getting more and more outrageous, Yingluo.

Mrs. PEI only found it funny. you have so many reasons to exonerate yourself.

Madam, whether mu Nian and I end up together has always been between us. I don't need to use this to exonerate myself. I did make a mistake in the past, but mu Nian has already forgiven me. To be honest, I don't care what other people think.

After a pause, su Wanwan looked up at Mrs. PEI and opened her red lips slightly. I just don't want you to be deceived by Xi Zhiwei again. If you really like her, you shouldn't indulge her in making mistakes like this. She should be punished for her mistakes. Her current outcome is the punishment for the bad things she did.

"It's so nice to hear." Mrs. PEI's cold smile deepened. where's the evidence? You said that Wei Wei killed my grandson. Do you have any evidence to prove it? The law needs evidence and witnesses to convict someone. All I can see now is that Wei Wei's mental state isn't good, which caused her to do something wrong. It's worth it for me to give her another chance."

Su Wanwan originally wanted to leave some face for Mrs. PEI, but she was so overbearing and aggressive.

Su Wanwan's hands clenched slightly, and the corners of her lips curled up slightly. She took out the pin-style recording pen from her bag unhurriedly, put it on the table, and pushed it in front of Mrs. PEI.

Madam, I'm sure you came late just now and didn't hear everything that I said to Xi Zhiwei. But it's good that I recorded it. You can listen to it and understand what kind of person the kind Wei Wei You speak of is.

Su Wanwan was a little thirsty. She picked up the glass of water in front of her and drank some water before continuing, " "If you still think that your Wei Wei deserves to be forgiven after hearing all this, then fine, I promise to let her go."

Mrs. PEI furrowed her brows, her expression unhappy. you even recorded your conversation with Weiwei? "

In other words, who knew what she would say to Xi Zhiwei?

Su Wanwan understood what she meant and only smiled. If she didn't do anything, it's useless for me to say anything. Only by doing it can others test her.

As she spoke, she gestured to the recording device with her eyes. Madam, if you're so confident in your Wei Wei, why don't you listen to it?"

1123 Settle all accounts (9)

After PEI Munian's meeting, he was full of anticipation to go on a date with his sweet little wife and have a candlelight dinner. However, when he hurried back to his office, he found nothing.

There was no sign of his dainty wife in the huge office.

PEI Munian furrowed her brows and turned to ask her Secretary, "Where's Wanwan? Didn't you say she was waiting here?"

"Yes, young Madam was just here." The Secretary was also confused.

PEI Munian walked to the office desk and saw a post-it note on it. He tore it off and took a look.

The elegant handwriting on it was su Wanwan's handwriting. hubby, there's an emergency all of a sudden. I won't be meeting you. Remember to eat, be good ~"there was also a cute smiling face attached.

For a moment, PEI Munian did not know whether to laugh or to be angry.

What could be more important than having a meal with her husband? She actually stood him up?

PEI Munian waved at the Secretary, indicating that she could go out. Then, he picked up the phone on the table, walked to the floor-to-ceiling window, and called su Wanwan's phone.

—

Before she came to see Mrs. PEI, su Wanwan's phone was set to vibrate for the sake of courtesy. The phone vibrated in her bag for a while before su Wanwan felt it. She took out the phone from her bag and lowered her eyes to look at it. Then, her finger slid on the screen and rejected the call.

In front of her, Mrs. PEI had already picked up the brooch and pressed the "play" button.

The conversation between her and Xi Zhiwei had all entered Madam PEI's ears. Her face had changed from white to red to purple, like a dye pan. Her face was extremely ugly.

Su Wanwan didn't want to slap Mrs. PEI's face, but seeing her current expression, she felt inexplicably refreshed.

No one was a Saint who liked to be misunderstood and bullied. Although she was in the wrong first, she had always been sincere and respectful to Mrs. PEI. However, she showed no mercy to her and was aggressive. She even slapped her and forced her to sign the divorce papers. Now, she was paying her back in one go.

After the recording ended, Mrs. PEI was silent and did not speak for a long time.

Su Wanwan took back the brooch on the table and said, "Madam, you've heard what Xi Zhiwei said. Regarding the child, I don't think there are any more disputes, right? Oh, of course, Yingluo, you can also think that I pieced this recording together to frame her. If that's the case, I have nothing to say."

The phone in her bag vibrated again.

Su Wanwan directly stood up and continued, "Madam, I think you're not in the mood to have dinner with me. I'm pregnant now and can't go hungry, so I'll make a move first. Goodbye."

After she finished speaking, she nodded slightly at Mrs. PEI and turned to walk out of the room.

She then took out her phone from her bag and answered PEI Munian's call. "You haven't eaten yet, right? I'm free again, hubby, Wan na go?"

A low and pleasant chuckle came from the other end of the phone with a little complaint. "What's wrong? Did I tell you to come and go as you please?"

"Yeah, are you going to give it to me?"

".....?" PEI Munian shook her head helplessly. "Little ancestor, can I not give it to you? Where was he? I'll go pick you up."

Su Wanwan immediately reported her location. Before she hung up, she added, "Take me to eat good food and I'll tell you a piece of great news."

1124 Settle all accounts (10)

Great news?

PEI Munian raised her eyebrows. "What great news?"

"Take me to eat something good first. If there's nothing good to eat, we can forget about it! After throwing this sentence, Su Wanwan simply hung up the phone."

The beeping sound reached her ears and PEI Munian put down her phone. Su Wanwan's unruly and willful little appearance appeared in her mind and she couldn't help but smile with adoration.

After PEI Munian kept her phone, she took his suit jacket and placed it on her arm. Then, she took his wallet and car keys and walked out of the office.

About 20 minutes later, PEI Munian's car arrived at the hotel Su Wanwan mentioned. She saw Su Wanwan standing at the entrance of the hotel from afar.

It was already winter, and the weather was getting cold. Because of the aftereffects from before, she was particularly afraid of the cold. Even though she was wearing a lot of clothes, she still stomped her feet from time to time and rubbed her hands.

PEI Munian frowned. The car stopped at the entrance of the hotel with a bang. He directly pushed the door open and got out of the car. He took two or three steps forward, took off his coat and wrapped it around Su Wanwan. His warm hands wrapped around her and continued to breathe hot air.

The man's voice was reproachful. "Why didn't you wait in the hotel?"

Su Wanwan raised her head and smiled until her eyebrows curved. because I want to see you as soon as possible.

“You.”

His slender fingers tapped su Wan’s nose. PEI Munian’s long arms wrapped around su Wan and brought her to the side of the car. Then, he opened the door and protected her as she got into the car. After that, he went around to the driver’s seat and sat in it.

He leaned over to help su Wanwan fasten her seat belt and asked while he was doing so, “ what exactly happened that made you stand me up, huh? ”

Su Wanwan smiled and was about to speak when PEI Munian’s eyes froze and fixed on the hotel entrance.

Su Wanwan noticed it and couldn’t help but follow his line of sight. She saw Mrs. PEI walking out from inside. There was some distance between them and she couldn’t see the expression on her face clearly, but her footsteps were slightly staggering.

It seemed that Xi Zhiwei’s words had been a huge blow to her.

The deeper she loved Xi Zhiwei, the more she trusted her and liked her. This was the same pain she was feeling now.

Unlike her, Mrs. PEI had never really liked her, so she could hate her, hate her, and drive her away as she pleased instead of finding excuses and opportunities for forgiveness for her.

But it didn’t matter. In the future, she would be living with this man beside her. PEI Munian liked her and loved her. That was enough.

Yingluo now had another life. In the future, there would be one more person who would love her.

“Did mother come looking for you?” After PEI Munian retracted her gaze, she looked at su Wanwan nervously and sized her up. she didn’t make things difficult for you, did she? ”

PEI Munian was worried that Mrs. PEI would be put in a difficult position when she saw that she was in a bad state. This was the man she loved deeply, the man she could entrust her life to.

Su Wanwan shook her head. no, your wife, I, won’t be at a disadvantage.

Seeing that she was fine, PEI Munian was relieved and said, “ “Then, did mother look for you to ask you to leave me?”

“No, I’m not. But we’ll talk about it later, I’m starving!”

“Okay, what do you want to eat?”

“You have to think about it. You’ll only hear good news if I think it’s delicious!”

PEI Munian rubbed su Wanwan’s head affectionately and started the car.

He took her to an extremely famous private restaurant. The environment was elegant and had a bit of an ancient style. The waiter led them in and su Wanwan's sharp eyes caught a glimpse of an acquaintance.

1125 Can't forget (1)

He took her to an extremely famous private restaurant. The environment was elegant and had a bit of an ancient style. The waiter led them in and su Wanwan's sharp eyes caught a glimpse of an acquaintance.

No, to be exact, they should be two acquaintances.

Su Wanwan walked and walked until she stopped. PEI Munian also stopped and looked at her from the side. She said softly, "Wanwan, what's wrong?"

"I saw Yu Jia."

Yu Jia?

PEI Munian subconsciously followed su Wanwan's line of sight. On the other side of the window, Yu Jia was sitting there, and opposite her was his aunt, Gong Lingyu's mother.

He raised his eyebrows slightly.

He didn't ask much about Yu Jia and Gong Lingyu's Affairs. It was just that when he was chatting with su Wanwan in bed at night, she would occasionally mention it to her. He knew that Yu Jia was pregnant now and she had been hesitating about whether to abort the child.

And now, her aunt and Yu Jia were having an awkward meeting.

Although he didn't know what they were talking about, judging from the atmosphere between them, it wasn't a good situation.

Yu Jia didn't tell me that she's here to see Lingyu's mother. Niannian, let's go over and say hello.

Su Wanwan said this because she was once Gong mother's future daughter-in-law and knew what kind of person Gong mother was. If one were to say that Mrs. PEI was really strong, she was a needle in cotton.

On the surface, he was smiling politely, but in fact, he was very snobbish and loved the rich, so she was worried that Yu Jia would be at a disadvantage.

However, she had just taken a step when PEI Munian grabbed her arm. He disapproved of her and said, "even if you're worried that Yu Jia will be bullied, it's not something you can stand up for. Since aunt is looking for Yu Jia, it proves that Lingyu and Yu Jia have developed further. As outsiders, we shouldn't interfere rashly.

"But Yingluo."

Yu Jia was different from her. Yu Jia had a very strong self-esteem. Perhaps it was because of her family background, but she was a little humble. Deep down, she was afraid that others would look down on

her, so she was also very strong-willed. She was really worried that she would be provoked by Mrs. Gong and make the wrong decision.

Looking at su Wanwan's worried face, PEI Munian couldn't help but sigh. He looked up and said, "let's not disturb them first. Let's find a place closer to sit down and see what's going on, okay?"

Su Wanwan immediately nodded and looked at PEI Munian. Without hesitation, she tiptoed, put her arms around his neck, and kissed him on the cheek. hubby, you're the best.

PEI Munian shook her head helplessly and said to the waiter beside her, "We don't need a private room. We'll just take a break."

He looked around and pointed to another seat by the window. "Let's sit there."

The service staff nodded. okay, Mr. PEI.

Their seats were coincidentally separated from Yu Jia's table by a screen, which could completely block Yu Jia's line of sight. After the waiter led them to that seat, su Wanwan stood behind the screen, her ears almost pressed against it, listening to the movements over there.

PEI Munian looked at su Wanwan and didn't know if she should be angry or laugh.

It was supposed to be their candlelight dinner, but now that she saw her good friend, she had thrown him, her husband, to the back of her mind. He was a little suspicious. Was he really the number one in her heart?

From the other side of the screen, Mrs. Gong's gentle voice rang out, "miss Yu, I've seen many girls like you. Let's be direct. How much money do you need to get an abortion and leave Lingyu?"

1126 Can't forget (2)

".....?"

Su Wanwan really didn't expect to see this kind of routine in TV dramas in reality, and on her good friend at that.

She clenched her fists unconsciously. She didn't know how Yu Jia would react, but his words must have hurt her self-esteem.

Yu Jia didn't reply, but su Wanwan heard the sound of paper. She stood on her tiptoes and looked through the cracks in the carvings on the screen. It was the gong mother who took out the check and wrote a number on it. Then she tore it up and handed it to Yu Jia.

"Here's a million Yuan. Consider it money for the abortion. As long as you abort the child and make things clear to Lingyu, I can give you another million Yuan. Two million Yuan is probably the amount you'll never be able to earn in your life. Now that you can easily get it, it's a sure win for you. So, miss Yu, you should know what's good for you."

Although Gong mother's voice was soft, her words were full of contempt, which was very harsh to the ears. Even su Wanwan unconsciously frowned, not to mention Yu Jia, who was the person involved.

Yu Jia reached out and picked up the check on the table. He twirled it around his fingers and suddenly laughed. Mrs. Gong, you're so generous. You can give me a million Yuan so easily.

I've always been generous to people. If you know what's good for you, I won't mistreat you. You're only pestering my Lingyu for money. I can give you the money, but if you're delusional about marrying into a rich family, you'd better wake up as soon as possible. Our family will not want a daughter-in-law like you.

"You want me to leave your son for two million?" Yu Jia said unhurriedly.

The gong mother raised her chin slightly and sneered. As expected, her true colors were revealed the moment she heard the word money. what? Two million is too little?"

"No, it's quite a lot,"

Yu Jia smacked the check back on the table and said, "if that's the case, I'll give you three million Yuan. You can ask your son to leave you.

The palace mother was stunned.

Su Wanwan was also stunned when she heard this. Then, she snorted. Fortunately, she covered her mouth in time and didn't laugh out loud.

Yu Jia's answer was too domineering. She was worried that Yu Jia would be bullied, but now it seemed that Yingying didn't need to.

An arm came over and pulled su Wanwan back to her seat. PEI Munian looked at her helplessly. didn't you say you were hungry? He only cared about others and didn't care about himself? Let's see what you want to eat first."

As she said that, PEI Munian handed the menu to her.

After su Wanwan was relieved, she could immediately feel the taste of being starved. It didn't matter if she starved herself, but she couldn't starve her baby.

Su Wanwan looked at the menu and ordered each dish one by one.

PEI Munian looked at the dishes she had ordered and narrowed her eyes. There was a strange look in her eyes. After she had ordered all of them, he said, "Wanwan, I don't like to eat sweet and sour things, right? Why did you order so many sweet and sour dishes?"

If he didn't say it, su Wanwan wouldn't have noticed it. Now that he said it, she actually ordered half of the dishes that were sweet and sour.

Su Wanwan blinked. Yingluo's taste has changed a little recently.

Pregnant women's tastes would probably change, right?

"You suddenly changed your taste?" PEI Munian frowned. Then, she thought of something and looked at her. "Wanwan, are you Wanwan?"

Would PEI Munian notice anything?

Inexplicably, su Wanwan was a little expectant. At the same time, she also looked at him with her bright eyes.

1127 Can't forget (3)

PEI Munian's brows furrowed even more, and her eyes were a little nervous. Wanwan, are you feeling unwell? Do you feel anything wrong?

".....?"

Su Wanwan didn't answer and asked instead, " niannian, where do you think I'm uncomfortable? "

Su Wanwan had an operation on her head before and later suffered from frostbite in an avalanche. Now her body was much worse, so he had to pay more attention and be nervous if anything happened to her.

I'll take you to the hospital for a check-up after dinner. If there's any problem, solve it as soon as possible. Don't drag it out like before.

".....?"

So what's wrong with being straight? No matter how considerate and attentive she was usually, there were still some areas where she was easily careless.

Su Wanwan glared at him rather angrily and puffed up her cheeks. yes, I'm not feeling well. In fact, I'm very, very uncomfortable!

PEI Munian's expression changed. He grabbed the phone on the table and was about to make a call.

"Hey, hey, niannian, what are you doing?" Su Wanwan quickly grabbed his hand.

"I'll call the doctor and tell him to wait in the hospital. We'll go over after dinner."

Oh my God.

Su Wanwan snatched PEI Munian's phone without any explanation and said helplessly, " "I'm not feeling well, but it's not the kind of discomfort you think it is. I'm Yingluo."

His dark eyes rolled around, and he swallowed the words that were at the tip of his tongue. It would be boring if the mystery was revealed so quickly. Let him be nervous.

"I'm hungry. Let's eat first. We'll talk after eating."

".....?"

PEI Munian was already nervous. How could she be in the mood to eat after her appetite was whetted? he put his hand on su Wanwan and turned her body around. His black eyes scanned her up and down. His face was ruddy and in high spirits, but he couldn't see what was wrong.

However, some injuries couldn't be seen from the outside. For example, the blood clot in her head before, didn't she not notice it at the beginning?

Wanwan, don't tell me the old injury in your head has reappeared? "

Although the operation was very successful, there was still a possibility of a recurrence. The brain would affect many things, and it might even affect her taste.

Su Wanwan firmly shut her mouth. I'm so hungry, so hungry. When will the dishes be served? "

"Wanwan, Wanwan, Wanwan."

It just so happened that the waiter brought the sweet and sour ribs she ordered to the table. Su Wanwan broke free from PEI Munian, picked up a small rib with her chopsticks, put it in her mouth, and sighed in satisfaction, " it's so delicious.

".....?"

Then, the pickled fish, sweet and sour fish, and sweet and sour pork were all served.

Su Wanwan was already famished. As soon as these dishes were served, she couldn't wait to eat. But she didn't know if it was because she ate too quickly or something else, but she suddenly felt nauseated. Su Wanwan's face changed and she quickly covered her mouth. She got up and quickly walked to the bathroom.

PEI Munian stood there in a daze. Her face turned pale in an instant, and she suddenly got up and chased after him with big steps.

Su Wanwan rushed into the women's bathroom, pushed open the door of a cubicle, and vomited into the toilet bowl.

PEI Munian had been loitering outside the women's washroom, but when she heard the sound of vomiting inside, she could not care less. After apologizing, she pushed open the door of the women's washroom and rushed in.

PEI Munian walked to su Wanwan's back in a few steps and patted her back with her big palm. Her voice was full of worry. Wanwan, are you okay? "

Su Wanwan wanted to say that she was fine, but she couldn't get angry and couldn't open her mouth.

Suddenly, his body rose into the air and PEI Munian's voice came from above. no, we have to go to the hospital.

Su Wanwan was anxious and quickly said,"what hospital?" I'm just pregnant!"

1128 Can't forget (4)

PEI Munian carried su Wanwan and was about to rush out of the women's washroom when he suddenly heard the word " pregnant. he was in disbelief and suddenly stopped in his tracks. His black pupils suddenly contracted and his whole person seemed to be frozen. His eyes slowly turned and looked at su Wanwan. w-what? "

Disclosing the news of her pregnancy like this was really not in su Wan's plan. She sighed lightly, somewhat helpless.

However, since he had already said it, there was no other way.

Su Wan cleared her throat, her red lips slightly opened, and she said word by word, " I said, I'm pregnant. I have a baby. You're going to be a father!

".....?"

Su Wanwan was prepared to see PEI Munian's excited expression. Who knew that he just stood there in a daze, motionless, and even expressionless.

Su Wanwan raised her eyebrows in surprise. What was this situation? PEI Munian was unhappy? He didn't want children?

"Hey!"

Su Wanwan frowned and pushed him unhappily. what kind of reaction is this? Is my pregnancy that big of a blow to you?"

These days, she felt that something was wrong with herself, so she went to the hospital for a checkup. She didn't expect to find out that she was pregnant. She was simply overjoyed.

In the past, she and PEI Munian had worked so hard, but they had not been able to get pregnant. She was worried that there were problems with her body and that she would not be able to get pregnant again. She did not expect that God would take pity on her and return the child to her.

She wanted to share this good news and joy with PEI Munian, but what did he mean by his expressionless face?

Was he like before, not liking her baby at all? If he dared to not like her, she would run away from home and not want him anymore!

Her joy was washed away by a basin of cold water. Su Wanwan's face also turned cold and she said in a deep voice, " "Put me down."

PEI Munian did not move.

Su Wanwan struggled and said again,"let me down!"

Only then did PEI Munian seem to come back to her senses. However, he still didn't put su Wanwan down. Instead, he hugged her even tighter and continued to walk. His long legs stepped out of the bathroom and walked towards the door.

"PEI Munian, where are you taking me?" Su Wanwan was so angry that she directly called out his name.

"To the hospital!"

Hospital? Why did she have to go to the hospital? Su Wanwan suddenly thought of something and her eyes turned cold. She grabbed PEI Munian's clothes and said angrily, " "You're not going to bring me to abort the child, are you?"

".....?"

PEI Munian lowered her eyes and looked at su Wan. The light at the bottom of her eyes flickered, as if she was puzzled and didn't understand why she said such words.

Su Wanwan had already started to struggle in his arms without a care. PEI Munian was afraid that she would fall and hurt herself, so he didn't have time to explain anything. He held her tightly again and walked to his car.

When su Wanwan was safely placed in the front passenger seat, PEI Munian's hand pressed on su Wanwan's shoulder and she said helplessly, "Wanwan, don't you think your imagination is a little too rich?"

Su Wanwan was pregnant and they had a baby. Who could understand his throbbing and excitement that was almost gushing out at this moment?

"You're the one who learned from your mistakes, so why are you blaming me? Besides, you don't look happy at all!" Su Wanwan retorted impolitely. Then, she hugged her lower abdomen with both hands and said vigilantly, "If you dare to do anything to my baby this time, I won't let you off."

".....?"

For a moment, PEI Munian really didn't know whether to be angry or laugh. He raised his hand and rubbed su Wanwan's hair with his big palm, but she pushed him away in disgust.

PEI Munian lowered her head and planted a kiss on her lips before moving away slightly. Her eyes flickered with a faint light as the corners of her lips curled up. She said word by word, "Wanwan, I'm very happy.

After a pause, he added, "I'm really, really, really happy.

As if he was afraid that she wouldn't believe him, he grabbed her hand and pressed it against his heart, letting her feel his wildly beating heart.

When he heard that she was pregnant and that he was going to be a father, he was so excited that he almost wanted to dance and couldn't hold back his hands and feet.

They had once lost a child, and he blamed himself for not being able to protect the child well, causing him to lose his life. Now, Yingluo and the others finally had another child.

This time, it was the fruit of their love. How could he not be happy?

Su Wanwan was still a little angry at first, but when her palm was placed on PEI Munian's chest, she felt his heart pounding fiercely. It was so strong and powerful, but it also had a little confusion of not knowing what to do. The corners of her lips unconsciously curved up slowly.

So he didn't lie to her and was really happy, Yingluo.

However, this man's acting skills were too good. His expressionless face made her think that he did not like it.

However,

"Then why are you taking me to the hospital? It's normal for pregnant women to vomit, so there's no need to go to the hospital."

PEI Munian's hand caressed su Wanwan's cheek, her fingers gently rubbing her delicate skin. She said softly, "you're not in good health, so you should do a full body checkup. This time, I want to make sure that you and our child are both healthy. I want our child to be born safely."

A few simple words were enough to warm one's heart.

Su Wanwan's smile deepened. Her red lips moved forward and she took the initiative to kiss PEI Munian. "I'll let you off."

After the inspection, PEI Munian and su Wan returned home. He almost transformed into Li Lianying and served su Wan like Empress Dowager Cixi. When they got out of the car, he carried her all the way back to the room, put her on the bed, and then went to the bathroom to turn on the hot water. On the way, he even ran out to ask if she was thirsty and went downstairs to pour her a glass of milk. If it wasn't for su Wanwan's stern refusal, he would have even helped her take a bath.

After the two of them finished washing up and lay comfortably on the bed, su Wanwan couldn't help but laugh. "niannian, I didn't expect you to have such a Lackey side."

Dog leg

This word was really not pleasant to hear.

PEI Munian lowered her dark eyes and looked at the woman in his arms. Her thin lips moved slightly, as if she wanted to say something. However, when her eyes met her smiling face, she swallowed her words.

Forget it. It was not embarrassing to suck up to his own woman and child.

then enjoy it. I still have the remaining nine months of being your Lackey.

Su Wanwan immediately caught the sore point in his words, raised her hand, and said in dissatisfaction, "What? Only being a Lackey until the child was born? Then you only love the child and not me? Am I a tool for you to have children? Eh? Hmm?"

".....?"

See, what do you mean by "only villains and women are difficult to raise"? He would go all out just because he didn't agree.

1130 Can't forget (6)

PEI Munian was smart enough not to argue with her dainty wife. Instead, she added affectionately, "I mean, I'll be your Lackey for the rest of my life."

"Ahem."

It was clearly sweet talk, but why did it feel so funny?

Su Wanwan still wanted to keep a straight face and continue to be angry, but she was amused and burst into laughter.

Her black eyes darted around. Perhaps it was because she was pregnant, but she had become a little sad. Some old things and some pain that she didn't want to remember in the past unconsciously floated into her mind.

Su Wanwan's head rubbed against PEI Munian's arms and found a comfortable position to lean on. She faintly opened her mouth, " niannian, since you like children so much, why were you so cruel back then? "

Even though they were so sweet now, her heart could not help but tremble when she thought of the heartless PEI Munian back then.

Although she could understand his choice at that time, that child was still a thorn in her heart. Although time had worn away some of it, it still hurt occasionally.

I was thinking that if you didn't force me to have the surgery, maybe the child could have been born. Then, I would have had the surgery. That way, the child and I could have been saved, right? "

It was impossible for her not to blame PEI Munian at all. After losing her child, she had been thinking about this possibility all the time, and it was only natural for her to hate PEI Munian. As for that innocent child, she would feel even more guilty.

Wanwan, I also had this hope. I also hoped that I could protect you and the child at the same time, but Hanhan was too late at that time, so I could only choose you.

tsk, I don't believe you. You know that after I get pregnant, you'll only force me to abort the child. I've already hidden away from you, and you still sent people to monitor me!

Speaking of this, she got angry.

If it was not for this, she would not have been so angry and the baby would not have been affected. She would not have been sent to the hospital and when she was weak, Xi Zhiwei took the opportunity to push her and she would not have lost the child.

"Surveillance? Wanwan, that wasn't surveillance. I was worried that you would be alone, so I sent someone to take care of you. Also, during that time, I was always by your side and never left you."

"You can say whatever you want now. My memory of that time was fleeting. Who knows if you were just trying to coax me!"

"I'm serious, Yingluo."

"I won't say anymore, I'm going to sleep!" Su Wanwan said indignantly: " besides, I'm really going to be angry. I haven't completely forgiven you for that matter!

".....?"

PEI Munian sighed helplessly, but she did not say anything more. She hugged her tightly and said, " Alright, I won't say anymore. Go to sleep."

As long as she could feel at ease, he didn't mind letting her misunderstand. At least she could shift her guilt towards that innocent child and blame him for losing that child. It was enough.

—
When su Wanwan woke up, the sky was already bright and PEI Munian was no longer by her side.

She was still in a daze from her sleep and sat up with the blanket wrapped around her. It took her a while to wake up, and she could not help but recall what PEI Munian had said yesterday.

PEI Munian said that he had been by her side when she was pregnant. Was that true?

Su Wanwan's eyebrows twisted and then relaxed. Wouldn't she know if she went back to the house she lived in? She had not canceled the rental of that apartment, and she remembered that she had once installed a surveillance camera.
