Chapter 116 Stay away from my husband (6)

Would he be like before, mocking her and saying that she deserved it, or would he have a little pity and heartache for her?

Su Wanwan held her breath and waited for PEI Munian's reaction.

PEI Munian stared at her fixedly until her scalp went numb. When she was about to give up, he got up and walked to the cabinet at the side. He pulled open the drawer and took out the first aid box before turning back.

PEI Munian sat next to su Wanwan and placed the first aid kit on the table. She opened it and took out some medicine. She wet it with cotton and hooked her long fingers over su Wanwan's face again. She held the cotton and wiped it away from the wound on her face.

Although su Wanwan was touched that PEI Munian helped her apply the medicine, he used too much force. She couldn't hold back and hissed.

PEI Munian's hands paused for a moment. Her expression was still tense, but the strength in her hands subconsciously relaxed.

Su Wanwan noticed PEI Munian's movements and her eyes lit up slightly. The corners of her lips curved up a little.

She had always thought that PEI Munian hated her, so she was always careful to hide her true emotions in front of him and did not dare to show them to him. But now, it seemed that he did not really hate her only, Yingluo.

Perhaps Auntie Wu was right. He actually cared about her, but he couldn't let go of his pride because of her attitude.

Maybe the pursuit he had agreed to back then was not what Xi Zhiwei had said?

Maybe he really did like her, and that's why he's with her?

The more su Wanwan thought about it, the brighter the light in her eyes became and the arc of her lips became deeper. Then, she accidentally pulled the pain on her face and couldn't help but frown again.

PEI Munian's Black eyes glanced at her and coldly said, "su Wan, have you really been beaten silly? What are you laughing about when you're so injured?"

Su Wanwan quickly restrained her smile, but for the first time, she didn't feel afraid of PEI Munian's cold words.

It was as if he had really returned to three years ago. At that time, he always had a cold face and spoke to her rudely, but every word he said was filled with concern.

He was a typical hypocrite.

Of course, all of this was just her speculation. She did not dare to act rashly at the moment. In order to confirm PEI Munian's feelings, she still needed more tests and more evidence.

After PEI Munian finished applying the medicine for su Wan, su Wanwan's voice was gentle. thank you.

PEI Munian closed the first aid kit, as if she did not hear her. Her thin lips parted slightly, and her voice was as cold as ever. why did Weiwei hit you? "

His sudden question made su Wanwan slightly stunned. She couldn't figure it out. He asked this because he wanted to know the ins and outs of the matter, or because Xi Zhiwei was looking for her to settle accounts?

Could it be that she was just acting earlier? Was it because he had to protect his wife and his face in front of his subordinates?

Su Wanwan immediately became nervous and her back straightened. I, I had a little argument with Xi Zhiwei, so I hesitated.

"What argument?"

Su Wanwan's hand unconsciously clenched the bag in her hand tightly. She wandered between the truth and the lie. After a long time, she weakly opened her mouth, " that, I, I just wanted Xi Zhiwei to stay away from me, from my husband!

Since she had already decided to test PEI Munian's heart, she could not give up halfway! If he wanted to try, he would resolutely probe to the end!
