

## Deeply 119

### Chapter 119 A brief moment of sweetness (1)

Su Wanwan's Red lips lightly pursed, her cheeks slightly shy. She gently nodded, " I remember.

Not only did she remember what he liked to eat, but she also remembered everything about him. In the three years that they had been apart, even though she had not seen him, she had been collecting all the newspapers and magazines about him and had been quietly paying attention to him.

She remembered Yingluo.

These three simple words were like the sound of nature, ringing in her ears. PEI Munian looked at su Wan, her eyes flickered slightly, a warm current in her body couldn't stop flowing.

Su Wanwan was a little nervous and a little embarrassed by PEI Munian's stare. She quickly picked up her chopsticks, picked up a dish, and put it in his bowl. She said softly, " "Hurry up and eat. Don't you still have work to do later?"

PEI Munian's lips curled up. She picked up the bowl and chopsticks and started eating.

During this period, su Wanwan kept putting food on PEI Munian's plate. He didn't refuse any and ate them all.

Su Wanwan looked at him. Her heart was also full. After that night three years ago, she said those words to him because of her self-esteem and pride. And he, at that time, was holding her neck. His eyes were full of anger and hatred.

He had tortured her day and night for the past three years and had become her biggest nightmare.

She had thought that she would never be able to go back to the beginning with PEI Munian in this life. However, it seemed that she still had hope now. At least PEI Munian did not reject her as much as she had imagined.

Perhaps it was because su Wanwan was lost in her thoughts while eating and her lips were stained with rice, PEI Munian pointed at the corner of her mouth and said, " "There's something here,"

Su Wanwan blinked her big eyes and touched the corner of her lips. here? "

She touched it a few times but could not get it right. PEI Munian could not stand it anymore and leaned over, lifting her chin with one hand.

Su Wanwan was shocked. Her long eyelashes trembled slightly. Her dark eyes carried a trace of surprise and a trace of innocence as she looked at him.

Her eyes were clear and bright like the stars.

The distance between the two of them was so close that PEI Munian could see his figure reflected in her dark eyes. It was as if she could only see him in her eyes.

PEI Munian's original intention was to help her remove the rice grains, but now, as if he had been bewitched, his eyes darkened and his thin lips pressed against hers.

His lips first fell on the corner of su Wan's lips. He ate the rice without the slightest disdain. His Adam's apple moved up and down twice sexily. Then, his lips slowly covered su Wan's lips.

Su Wanwan's Black eyes suddenly widened at this moment.

She had never thought that PEI Munian would actually swallow the rice at the corner of her lips. Although they were husband and wife, and although they had been so intimate before, this action did not make her blush as much as it did.

PEI Munian kissed her. His kisses had always been rough and unrestrained. It was not like a kiss but more like a bite. However, his kiss now was so light and soft. He sucked on her lips gently and traced the shape of her lips carefully. Then, he explored her mouth bit by bit.

Was this Wanwan still PEI Munian?

Su Wanwan's eyes widened even more. Her mind went blank and she couldn't react to anything.

PEI Munian kissed her for a while and saw that su Wanwan was still staring at him blankly. He found it a little funny and couldn't help but step back a little. He said in a hoarse voice, " su Wanwan, close your eyes.
