Chapter 155 I want to live well with you (25)

PEI Munian and su Wanwan had been married for a while. Mrs. PEI had been waiting for him to bring su Wanwan home, but he never did. The last time he came back, she asked why he didn't bring su Wan back. He said that he went on a business trip and would bring her back another day. She didn't expect that he still didn't bring her back this time. He was even unwilling to mention su Wan's appearance.

The more Mrs. PEI thought about it, the more she felt that things were amiss. She continued, "Mu Nian, you were the one who insisted on marrying this person. Since you've married her, you have to treat her well and not ruin her."

Defile Xuanji

PEI Munian's lips curled up when she heard her mother's words. She wanted to smile but could not.

He wholeheartedly wanted to treat su Wanwan well, but the Yingluo that su Wanwan wanted was never his wholehearted devotion.

PEI Munian was about to say something when su Wanwan's voice suddenly came from the door. sorry, I'm late.

PEI Munian's words were interrupted and he looked towards the door in surprise. When he saw her slender figure, his eyes darkened.

Why was she here?

Mrs. PEI was also surprised. Originally, when she saw her son's appearance, she thought that he didn't bring su Wan home. She didn't expect that this time he really brought her home.

Su Wanwan walked over. She first obediently called Mrs. PEI 'mom' and then continued to apologize. mom, I had some work to do today, so I couldn't come back at the same time as mu Nian. I'm sorry for making you wait.

"It's fine, it's fine. It's good that you're back. I thought I wouldn't be able to see you again today."

Su Wanwan's smile was a little bitter. mom, it's my fault. Because the company has been particularly busy recently, I only came to see you so late. This is a gift I bought for you. I hope you like it.

Su Wanwan said and put the bag in her hand on the table.

Mrs. PEI smiled and agreed. you don't have to be so polite when you're back at home. Thank you. Have a seat. she then turned her head and ordered the servant to serve su Wan dinner.

Su Wanwan went straight to sit next to PEI Munian. As soon as she sat down, she could feel the cold and sharp gaze from the side, like fine and dense needles poking over. Su Wanwan subconsciously straightened her back. Although she was a little scared in her heart, she still tried to keep calm.

Since she was already here, PEI Munian wouldn't chase her away in front of his mother, right?

PEI Munian really didn't think that su Wan would actually run here by herself so shamelessly. Even her lies were spoken so smoothly, her face not red and her breath not out of breath. For her su family, she really did not hold back.

PEI Munian's face gradually turned cold. Her thin lips were tightly pursed and her eyes almost pierced a hole through su Wanwan.

Su Wanwan secretly swallowed her saliva, afraid that he would say something unpleasant to embarrass her. Fortunately, although his expression was not good, he did not say anything.

Mrs. PEI glanced at the two of them. No matter how she looked at them, they didn't seem like a newly-wedded couple, but rather like two insignificant strangers.

It seemed that her guess was right. The relationship between the two of them was not good.

But why?

Her son had not looked at any other woman for so many years. Was he not waiting for her? Now that he had already married her, he was not close to her and was just treating her coldly. What was he thinking?

Mrs. PEI was silent for a while before she spoke first. Wanwan, you've been married to Munian for some time now. How are you doing? "
