Chapter 160 A fight at the head of the bed and at the end of the bed (2)

Su Wanwan didn't expect that Mrs. PEI wanted PEI Munian to stay because she wanted to create an opportunity for her. Her eyes flickered and endless warmth filled her heart. mom, thank you so much.

She had always thought that the PEI family would have some bad thoughts about her after she married into the PEI family in such a manner. However, that was not the case. Mr. And Mrs. PEI were very good to her and did not put on any airs. Mrs. PEI, in particular, was always helping her.

silly child, there's no need to thank me. Since you've married into the PEI family, I naturally have to take good care of you. Besides, I hope that you and mu Nian can be happy together. That way, I'll be at ease.

The most important thing was that su Wanwan was the only girl that her son was willing to get close to and get close to in so many years. Of course, she would love the house and its Crow. However, su Wanwan herself was also a good girl. Other than the little thing that happened between her and the gong family, she was not dissatisfied with anything.

However, the gong family's matter was already in the past. As long as su Wanwan's behavior was proper in the future and kept a distance from her nephew, it was nothing important.

mom, I'll work hard. Mu Nian and Qianqian will definitely be happy.

In the past, she had persevered in pursuing PEI Munian. Now, she would definitely be able to change PEI Munian's attitude towards her again. She would let PEI Munian see her intentions.

—

Su Wanwan returned to PEI Munian's bedroom. The style of his bedroom was the same as the villa, leaning towards the cold color system, mainly gray and black. At first glance, it was obvious that it was a man's room.

Su Wanwan slowly walked in and looked around. She walked to the desk and glanced at it. Her gaze was fixed on the photo frame and she reached out to pick it up.

The PEI Munian in the photo looked to be about six or seven years old. She was wearing a white shirt with short pants and a red bow tie around her neck.

Su Wanwan looked at her and couldn't help but burst out laughing. When PEI Munian was young, she actually dressed up in such a showy way.

However, his face was as expressionless as ever, just like now.

Su Wanwan's slender long fingers couldn't help but poke PEI Munian's face and muttered, " you weren't cute when you were young. No wonder you're so difficult to deal with now that you've grown up!

Su Wanwan pouted and put down the photo frame. When she turned around, her black pupils suddenly contracted and even her heart skipped a beat.

PEI Munian's tall figure was standing behind her and she stared at her with her dark eyes. The light in her eyes was so deep that no emotions could be seen.

Su Wanwan unconsciously took two steps back and her body leaned against the desk. Her eyes were still in shock and suspicion as she stammered, " PEI, PEI Munian, when did you come back? "

Why didn't she hear any sound? Doesn't this person make any sound when he walks?

PEI Munian looked at her with a half-smile, then her eyes skipped over her and glanced at the photo frame behind her. She said in a cold voice, " when you said that I wasn't cute when I was young and that I was difficult to deal with when I grew up.

".....?"

Su Wanwan's back felt a slight chill and she secretly cried out "oh no." PEI Munian was already angry with her and now she actually let him hear her ridicule. This was really like a house leaking when it rained all night.

Su Wanwan quickly squeezed out a smile and explained, " PEI Munian, I, I didn't mean it that way, Hanhan.

PEI Munian did not seem to want to listen to her explanation. She turned around and walked straight to the bathroom.
