Chapter 164 A fight at the head of the bed and at the end of the bed (6)

Su Wanwan didn't think that she would bump into PEI Munian and Xi Zhiwei here. She knew that the two of them had been very close recently, but she had never seen them with her own eyes. She only found out from the newspapers.

The contents of the newspaper reports were generally exaggerated, so she only believed 30% of them, and 70% of them were skeptical.

However, when she saw the scene in front of her, she knew that she had been too optimistic.

Although PEI Munian and Xi Zhiwei did not have any intimate actions, no matter how he looked at it, it did not seem right for Xi Zhiwei to be so close to him. He, PEI Munian, had a wife! How could he allow another woman to get so close to him!

Su Wanwan's hands clenched tightly and her eyes darkened.

The problem between her and PEI Munian had not been resolved yet, and Xi Zhiwei was eyeing her like a tiger watching its prey. If PEI Munian was seduced by Xi Zhiwei, then wouldn't there be no possibility between her and PEI Munian?

Su Wanwan really wanted to rush in like this and separate the two of them. She also had the right to do this, but her feet seemed to be nailed to the ground and she couldn't lift them no matter what.

She was afraid because of Hanhan.

Previously, she was fearless because she thought that PEI Munian had feelings for her. That was why she dared to express her feelings to him and do what she wanted to do. However, now that PEI Munian's words from yesterday were still fresh in her mind, she was suddenly trapped by his words and could not move.

If she continued to do whatever she wanted like before, would PEI Munian divorce her?

She used to be unafraid of divorce and even wanted to break away from this marriage. But now, she was afraid. She was afraid of divorce and separation from him.

Su Wanwan's footsteps unconsciously pushed back step by step until she could no longer see PEI Munian and Xi Zhiwei. She leaned against the wall, her eyes dark and gloomy. Her heart was stabbed again and again, and at the same time, she hated such a useless self.

She never thought that she would one day choose to turn a blind eye to such a thing because of fear.

Su Wanwan suppressed all the sourness in her heart, forced herself to turn around, and walked back to her private room.

Su Wanwan held up a smile and finished talking business with the customer. The customer got up and left. She should have paid the bill and left, but her eyes glanced at the wine on the table. She reached out and took it. She didn't pour it into the glass, but directly picked up the wine bottle and poured it into her mouth.

When the guests were here, she would drink with a sense of propriety and would not let herself get drunk. But now that the guests had left, she did not have to suppress herself and could drink as much as she wanted.

Su Wanwan actually didn't like to drink because when she was drunk, it seemed that she would always inadvertently do things that made her regret, such as that night three years ago or the night she went to the wrong room.

However, only alcohol could make Wanwan forget all her troubles temporarily, stop her from thinking about things related to PEI Munian, and temporarily separate her from reality.

Anyway, she was alone here tonight. Even if she was drunk, she wouldn't do anything out of line, right?

Su Wanwan closed her eyes and gulped down the wine. After she finished the bottle, she continued to get the second bottle.

—

PEI Munian had a dinner appointment tonight. As she was in a bad mood, she had drunk a little too much and thus was taking a nap on the sofa.

He did not know when Xi Zhiwei had sat down beside him. When she saw him like this, she frowned and her eyes were filled with worry. brother mu Nian, why did you drink so much? " she asked. Are you alright?"
