

## Deeply 170

Chapter 170 A fight at the head of the bed and at the end of the bed (12)

PEI Munian was drunk. If he allowed himself to be drunk, he would no longer be troubled by su Wanwan. He would no longer be anxious because of su Wanwan. Because of su Wanwan, he was not like himself.

He didn't want PEI Munian to become like this, like three years ago, a walking corpse and dispirited. He didn't want his life to be controlled by su Wanwan again.

He drank a lot of wine and his consciousness gradually blurred. His mind was blank. He closed his eyes and finally didn't need to think about su Wan anymore. He didn't need to think about her calculations and heartlessness.

He didn't know how long he had been drunk, but his consciousness slowly began to return. There was a clamor in his ears, as if someone was talking, but his consciousness was still very weak, so he couldn't hear what that person was saying.

He subconsciously wanted to open his eyes, but his eyelids seemed to be pressed down by something and he couldn't open them no matter what. He couldn't help but frown.

Although he could not open his eyes, his consciousness was gradually becoming clearer, and he could hear the voices in his ears more clearly. Then, he heard a familiar voice saying in his ear, " I've always, always liked you. It has never changed.

Was he still in a dream? Otherwise, how could he have heard su Wanwan say that she liked him?

Su Wanwan had never liked him. How could she say such words?

PEI Munian did not expect him to have such an unrealistic dream. He clearly wanted to forget her, but he could not help but give himself hope.

How could he still be so ridiculous?

PEI Munian was laughing at herself when something hit her eyelids. It was warm and he was stunned for a moment. Before he could react, the thing continued to hit her. Once, twice, three times.

After hitting his eyelids, it slid down his face, and his face was instantly wet.

Those seemed to be tears. Were they tears that urged su Wan to cry?

At that moment, her entire body seemed to be filled with endless energy. PEI Munian's eyes suddenly opened! PEI Munian's dark eyes met with his moist eyes and her heart felt as if it had been hit by a huge hammer.

It was really su Wanwan who stammered. Then, did she say those words just now?

su wanwan didn't expect pei munian to wake up all of a sudden. she was stunned, her black pupils suddenly contracted, and her heart was filled with uneasiness.

She was not afraid that PEI Munian would hear what she had said, but she was afraid that PEI Munian would ask her why she was here.

If he misunderstood that she was following him, or if he used the same trick and sneaked into the room to seduce him or something, she wouldn't be able to explain it even if she had the words. So after su Wanwan was fiercely shocked, her first reaction was to run.

Su Wanwan didn't say anything, stood up, and lifted her feet to run out.

Because PEI Munian had just woken up, he didn't expect su Wanwan to suddenly run away, so his reaction was a little late. He then got up and chased after su Wanwan.

She couldn't just leave like this now. He had to ask her if what she said just now was his hallucination or if it was true!

Although su Wanwan was wearing high heels, the situation was critical. She ran very quickly and reached the door of the room. She opened the door and was about to rush out, but at the critical moment, PEI Munian caught up from behind. She stretched out her long arm and forcefully pushed the door that su Wanwan had opened back.

With a bang, the door was slammed shut. That voice seemed to hit su Wanwan's heart, and her whole body couldn't help but tremble.
