Chapter 173 A fight at the head of the bed and at the end of the bed (15)

PEI Munian was silent the whole time. Su Wanwan's heart unconsciously panicked, but since the words had already been said, she didn't want to retreat. She was also gambling, gambling that PEI Munian had feelings for her. Even if it was just a little, she wanted to grab it!

Su Wanwan suppressed the fear in her heart and slowly raised her head. Her eyes met PEI Munian's eyes. Her red lips parted slightly, and she said word by word, " PEI Munian, we're already married. Can we not care about the things in the past and just look at what's in front of us? I like you. I want to live a good life with you, then have children and grow old together.

After saying the last few words, su Wanwan was a little shy, but there was more anticipation and yearning.

She really hoped that she could live happily with PEI Munian, that she could bear his children, that she could hold his hand and grow old with him.

From the moment she met him three years ago, this wish had taken root in her heart. It had firmly occupied her heart and could not be removed no matter what.

They would have children and grow old together.

Those few simple words had ruthlessly touched PEI Munian's heart. The fantasy of a beautiful future swept through his entire brain like a gust of wind. The wall that had been built high in his heart actually began to crumble.

He married su Wan because he was still unwilling in his heart and still held hope. It was just that su Wan's actions made him unable to get close to her. He married her and the distance between them became even further.

Now, she was willing to promise him such a wonderful thing. Reason told him that perhaps it was just su Wanwan's scam to catch him, but this reason only lasted for a dozen seconds before it completely collapsed.

His rationality was completely unable to resist the surging emotions. His beloved was so close and within reach, how could he still have the space to think?

Don't bother about the past, just look at Hanhan in front of you.

He could no longer care about the harsh words she had said to him three years ago, and he could no longer care about the various ways she had used him in the past. As long as what she said now was true, that was enough!

"Su Wanwan." PEI Munian slowly opened her mouth and said in a low and deep voice, " "Can I trust you again this time?"

Su Wanwan looked at PEI Munian and nodded slowly but firmly. of course I can.

It was because everything she said came from the bottom of her heart. All her sincerity in this life belonged to him, PEI Munian.

Su Wanwan's answer was without hesitation, as if a tranquilizer had been put down in PEI Munian's heart. Her dark eyes glowed a little. PEI Munian's voice suddenly became hoarse. su Wanwan, if you lie to me, Wanwan, then don't let me know for the rest of your life!

If she lied to him, then she would lie to him for a lifetime. Otherwise, Huahua didn't know what he would do. So su Wan, I beg you, if you want to lie to him, then lie to him for a lifetime!

PEI Munian's voice lowered. Su Wanwan didn't hear what he said clearly and couldn't help but ask, "What did you just say? What lie?"

Her face leaned forward slightly, and her red lips were right in front of her eyes. Under the light, they were alluring. PEI Munian's eyes darkened, and her thin lips could not help but fall on hers.

Su Wanwan's doubts were stuck in her throat. A trace of surprise flashed in her eyes, but very quickly, she realized that PEI Munian had chosen to believe her.

Since he believed in her, then he was willing to live well with her in the future, right?
