Chapter 177 A fight at the head of the bed and at the end of the bed (19)

Su Wanwan took it and glanced at the caller ID. It was Xi Zhiwei.

Su Wanwan was originally so sleepy that she didn't want to open her eyes at all. But when she saw the three words "Xi Zhiwei," her black eyes suddenly opened. All the sleepiness disappeared in an instant and her whole person suddenly woke up.

She glanced at the time on her phone. It was only eight in the morning. PEI Munian had called her so early in the morning. She had no idea what she was up to!

Now that she had made up with PEI Munian, she was determined not to let Xi Zhiwei stick to PEI Munian anymore. She had to get her far away!

Su Wanwan's dark eyes rolled around. She looked sideways at the man who was still sleeping beside her and bit her lower lip.

She knew that she should not have picked up PEI Munian's phone without permission, but if she wanted to give Xi Zhiwei a blow and make her back off, she could only do this.

In order to defend her man and her marriage, she was willing to go all out!

Su Wanwan gently retreated from PEI Munian's arms, then lifted the quilt and got up. Barefooted, she silently walked to the terrace and closed the glass door. Then, her finger pointed at the phone and pressed the answer button.

As soon as the call went through, Xi Zhiwei's coquettish voice came from the other side, "brother mu Nian ~"

Su Wanwan's entire body trembled and goosebumps rose all over her body. Xi Zhiwei's voice was usually normal. Why did she become like this when she was talking to PEI Munian? it was so awkward and disgusting.

"Did you sleep well? You drank a lot yesterday. Do you have a headache now? Do you need me to bring you some medicine?" Xi Zhiwei asked about his well-being without any detail.

Xi Zhiwei's tone was so natural. It could be imagined that the relationship between the two people was really good in private. Su Wanwan couldn't help but think of the scenes she saw last night.

If she had not caught up with her last night and sent Xi Zhiwei away, something might have happened between PEI Munian and Xi Zhiwei.

Su Wanwan couldn't help but feel vexed when she thought of this.

After all, although she and PEI Munian had made up, PEI Munian had not said anything about liking her. She still felt insecure.

Hence, before she could stabilize her relationship with PEI Munian, she could not let anyone come and ruin it, especially Xi Zhiwei!

Su Wanwan gripped her phone tightly, then coughed lightly and slowly opened her mouth. I don't think I need it. I will take care of my husband myself. You don't have to worry.

".....?"

Xi Zhiwei was silent for a few seconds, then her voice suddenly raised. su, su Wan? "

She didn't expect su Wanwan to be holding PEI Munian's phone. Then, PEI Munian and su Wanwan were together? But how could that be? PEI Munian was clearly alone in the hotel room yesterday. Could it be that Wanwan woke up last night and went home?

No, he won't go home. His relationship with su Wanwan is so stiff, he can't go back.

Then what was going on?

Xi Zhiwei couldn't help but ask, " su Wan, how did you get brother mu Nian's phone? are you two together? "

"Xi Zhiwei, are you here to be funny? It's so early in the morning. If I'm not with my husband, who should I be with? You, on the other hand, are you not disturbing my sleep by calling someone else's husband so early in the morning? We've just fallen asleep not long ago, and you've woken us up."

Su Wanwan's voice was still a little hoarse, revealing traces of ambiguity, making people couldn't help but fantasize.
