Chapter 189 I want to prepare for the wedding (11)

At any time, grandfather seemed to only order her, berate her, and lecture Hanhan.

Su Wanwan looked at Su Zhenhua with tears in her eyes. When did the relative she had relied on for life become so strange and so terrifying? she almost couldn't recognize him.

"Grandpa, I've done a lot for the SU family."

Su Wanwan didn't want to take the credit. She just hoped that Su Zhenhua could look at her in the eye, even if it was just a glance.

She was a girl, but didn't she try her best to do what a boy could do?

In the past year, she had been studying business management, reading books that she hated the most, and studying reports that she hated the most. She just wanted to prove to him that she could not only sacrifice her body for the SU family's benefit, but also manage the company and contribute to the company.

However, no matter what achievements she made, he would not be able to see it. In his eyes, her only use was to hook up with a rich man and be a stepping stone for the SU family.

Su Wanwan's rebuttal infuriated Su Zhenhua even more. His blood rushed up, his chest heaved up and down violently, and even his breathing became rapid. He spoke without thinking, "as a member of the SU family, no matter how much you do for the SU family, it's what you should do. Don't talk about having a child as a bargaining chip now. Even if I want your life, you have to give it!

That's right, even if they wanted her life, she had to give it to them. This was what she owed the SU family, right?

If she could, she would rather return her life to the SU family than sacrifice her child!

Su Wanwan couldn't say anything bad to Su Zhenhua, but she didn't want to continue listening to him say hurtful words. She struggled to get up from the sofa and staggered to the door.

Not only did su Wanwan not admit her mistake, but she also wanted to leave. Su Zhenhua was so angry that he grabbed the teacup on the table and smashed it on the ground. He shouted at su Wanwan's back, "Su Wanwan, are you going to learn from your sister and break off all ties with the SU family? are you going to go against your promise to your parents?"

Su Wanwan's footsteps paused for a moment. The hands hanging on both sides of her body trembled fiercely. She bit her lower lip until the tip of her tongue tasted a fishy smell and slowly loosened it.

She didn't turn around and only said in a low voice, "Grandpa, I used to envy my sister. I envied her courage and carefreeness, but I never dared to learn from her because she's gone. If I leave too, you'll be the only one left in the SU family. I wanted to stay and accompany you, but you're the one who's chasing me away.

As soon as she finished speaking, su Wanwan smiled bitterly and lifted her feet to continue walking. Su Zhenhua's increasingly ruthless words came from behind again, " su Wanwan, if you dare to step out of this door today, you're no longer a member of the SU family!

Su Wanwan lowered her eyes and hid the sadness in her eyes. She straightened her back and walked out of the office step by step.

Su Wanwan's strong emotions collapsed almost as soon as she stepped out of the office. She covered her mouth and quickly ran to the bathroom.

After entering the bathroom, su Wanwan's tears fell and couldn't be stopped.

She never thought that one day, she would lose her only family member in such a way, even though she did not want to waste her time.

The world was big, but was she the only one left again?

No, she still had PEI Munian. Yes, she still had him!

As if she was holding onto the last life-saving straw, su Wanwan's hands trembled. She took out her mobile phone from her pocket and quickly dialed PEI Munian's number. As soon as the call was connected, she cried out before she could speak.
