Chapter 199 Walking on thin ice in happiness (9)

Since she could not say it directly, she could say it in a roundabout way. Besides, she could not ask for trouble this time. She had to put herself in the position of an outsider. Otherwise, if brother mu Nian took his anger out on her, she would lose more than she gained.

So, she must be careful. Only then could she defeat su Wanwan in one go and get her brother mu Nian back!

Xi Zhiwei furrowed her brows and thought about it carefully. She suddenly thought of something. A cold light flashed in her eyes and she slowly smiled.

Su Wanwan asked her little sister to buy her a cup of strong tea. After she drank it, her stomach felt warm and much more comfortable. The feeling of nausea also didn't appear so frequently.

Xi Zhiwei came back from the bathroom and walked to her rest area. She sat down and glanced at su Wanwan on the other side. Her gaze fell on the strong tea in her hand and her smile deepened.

Su Wanwan noticed Xi Zhiwei's gaze and gently furrowed her eyebrows.

Every time she saw her, she would come up to provoke her for no reason. Usually, she would not be afraid of her, since she could not take advantage of her every time. But today, she was not feeling well and did not want to spend any more energy to deal with her, so she did not look at her and closed her eyes to rest.

Unexpectedly, Xi Zhiwei didn't come forward in anger today. Instead, after looking at her, she looked away as if nothing had happened, as if she didn't see su Wanwan.

Although su Wanwan was relieved, she also felt strange. What was wrong with Xi Zhiwei today? He actually stopped provoking her? Could it be that he was really shocked by her threat last time?

Su Wanwan thought about it but didn't understand. However, she quickly threw it to the back of her mind. Xi Zhiwei's matter wasn't worth her concern.

After Su Zhenhua and su Wanwan quarreled, he was so angry that he couldn't sleep well the entire night. The next day, his complexion was extremely bad and his entire face was shrouded in haze.

He was waiting for su Wan to come and apologize to him. In the end, when he heard that she came to the company early in the morning, he directly took Xiao Mei to the advertisement shooting scene and didn't have the intention to come and apologize to him at all. He was so angry that his blood pressure immediately soared and he almost fell down.

Secretary su quickly helped Su Zhenhua sit on the sofa and tried to persuade him, "Chairman, don't be so angry. It's bad for your health. You don't have to be so anxious. With miss's filial piety, I think she will come to apologize to you soon.

Su Zhenhua clutched his heart and panted heavily. she's just like her sister. They were born to anger me. If I had known this would happen, I would have strangled them to death.

Chairman, don't be angry. The two ladies are still very filial to you.

"Filial? "All of them have hardened their wings after getting married and turned their backs on me. If it wasn't for me, who would be able to marry into such a wealthy family and enjoy such glory and wealth? You're all ungrateful things!"

The more Su Zhenhua cursed, the more frustrated he became. His blood surged up, and he had difficulty breathing.

Secretary su quickly took his medicine and said, " "Chairman, please take some medicine first."

what's there to eat? it's no use no matter how much medicine you take! Su Zhenhua raised his head and was about to spray the medicine off when Secretary su quickly added, " Chairman, even if you don't think for yourself, you have to think for the young master. If you collapse, what will happen to the young master? "

Su Zhenhua's hand stopped in mid-air.

That's right, he couldn't fall. If he fell, su enterprise would never be able to rise again, and there would be no one to take care of the only remaining bloodline of the SU family.
