

Deeply 210

210 She was really lying to him (10)

Su Zhenhua didn't refuse, so su Wanwan sat on the chair by the bed.

She inadvertently swept a glance at the various large and small pills on the bedside table. The hard wall at the bottom of su Wanwan's heart shook a little.

She reached out and lifted Su Zhenhua's blanket slightly. "Grandpa, in fact, you can consider the doctor's suggestion. Now that our company's situation has stabilized, you don't need to worry so much about the company's Affairs. You can retire a little. I'm not the SU Wanwan from a year ago. I'm in a daze now."

Su Zhenhua waved his hand and interrupted su Wanwan's words.

Wanwan, it's not that I don't want to leave, but I can't do it now. The Company may seem calm now, but we still haven't established ourselves. Who knows what might happen in the future? Don't forget that your uncles are still coveting the company."

This was indeed the truth. Back then, the SU family had collapsed because of their own family's power struggle. Although they managed to keep the company in the end, those people were still unwilling to give up and were still waiting for a counterattack.

that's why I hope that you can hold your wedding with PEI Munian as soon as possible. That way, the company will be stable and those people will be more cautious.

Su Wanwan's eyebrows furrowed slightly. Grandpa, I don't want to talk about this matter anymore.

Su Zhenhua wasn't as angry as before. Instead, he was very calm. don't worry, I've thought it through. This kind of thing can't be rushed. After all, you're married and have your own family, so you have your own considerations. But Wanwan, you have to remember that no matter what I do, it's all for the SU family. I may have neglected your feelings sometimes and made you suffer. I'm here to apologize to you. Don't take it to heart, okay? "

Su Zhenhua's words were indeed beyond su Wanwan's expectations. She originally thought that Grandpa would use his illness to force her to agree to this matter.

"Grandpa, Zhenzhen." Su Wanwan's Black eyes opened slightly, a light flashing at the bottom of her eyes.

Su Zhenhua smiled. we're the only two left in the SU family. When Grandpa passes away, everything in the SU family and the company will be yours. Grandpa just wants to leave the best for you in my lifetime so that you won't be bullied in the future and won't be looked down on by the PEI family. Can you understand my painstaking efforts? "

Everything grandfather did was actually for her, Yingluo.

Su Wanwan's eyes turned red and her voice was a little hoarse. Grandpa, thank you. I'm really happy. Don't worry, I won't let anything happen to the company. We will definitely hold my wedding with Munian.

She could not bring up the wedding to mu Nian now, but they were on such good terms now. After some time, when their relationship had completely stabilized, she thought that he would still give her a wedding even if she did not mention it.

—

Two hours later, the test results were out.

Assistant Wu walked into the office and placed the pill back on the desk. She then looked up at PEI Munian and said, " boss PEI, this medicine is Wanwan.

PEI Munian's hands clenched unconsciously, her heart trembling slightly.

Assistant Wu's voice continued to ring in her ear, word by word, " contraceptives.

It was as if something in PEI Munian's body had collapsed in an instant.

Su Wanwan lied to him, she really lied to him!
