214 A surprise (4)

PEI Munian stood in front of the huge floor-to-ceiling window. The bright lights from the dining room's ceiling shone down, and his entire body seemed to be surrounded by a circle of light. Just his back view was enough to cause the downfall of a city, making people unable to look away.

Su Wanwan walked behind PEI Munian and unconsciously raised her hand to tidy herself up. She took a light breath and then smiled. Munian, I'm here.

PEI Munian slowly turned around.

He was wearing a Black hand-made black suit that was wrapped around his body. It made his figure look slender and tall. He was extraordinarily handsome and had an outstanding charm.

When men wore formal clothes, they had an inexplicable charm, especially PEI Munian, who had an extra sense of abstinence, which made people's hearts beat faster.

When su Wanwan was sizing up PEI Munian, PEI Munian was also sizing her up.

Su Wanwan was really beautiful. The clothes he picked casually, she wore it and looked more beautiful than flowers.

She did have the ability to make men fall head over heels for her and do whatever she wanted. Su Zhenhua really did not make the wrong use of her strength.

He, Gong Lingyu, and all the men she had seduced before had all fallen for her.

A trace of coldness flashed across PEI Munian's eyes. Then, he curled his lips and said in his usual gentle voice, "you're so beautiful today.

Su Wanwan was overjoyed and didn't hold back at all. you're also very handsome.

PEI Munian smiled and walked towards su Wanwan. He took her hand and brought her to the chair at the dining table. He let go of her hand and pulled the chair out for her like a gentleman.

After su Wanwan sat down, PEI Munian went to the other end of the long table, pulled out a chair, sat down, and then clapped her hands.

The waiter suddenly filed out, holding a tray in his hand. He walked over step by step. After a while, the candles on the table were lit and the food was served. The waiter opened the red wine and filled the two people's glasses before leaving.

PEI Munian's long fingers pinched the bottom of the wine glass and gently shook it. She then picked it up and said to su Wanwan, "Wanwan, Happy Birthday.

The candlelight shone on su Wanwan's delicate face and her bright and beautiful smile. She also picked up the red wine and clinked glasses with him. thank you.

Melodious music rang in her ears. Su Wanwan tasted the food while looking at the handsome face of the man opposite her. She felt that her whole life was happy.

After dinner, PEI Munian got up and walked to su Wanwan. She reached out her hand and her black eyes were full of affection. Wanwan, do you want to dance? ”

Su Wanwan couldn't help but laugh.

She had initially thought that a candlelit dinner was the most romantic thing PEI Munian could do. She did not expect that she had underestimated him.

Su Wanwan gladly accepted it and put her hand in his palm, saying, ” okay.

PEI Munian led su Wanwan to the center of the dance floor. The lights gradually dimmed and the music became soft and lingering. PEI Munian hugged su Wanwan's waist and started dancing.

Su Wanwan raised her head slightly. Her beautiful big eyes were full of PEI Munian, and her heart was so soft that it was a mess.

Suddenly, the lights in the dining room went out and the surroundings darkened. Su Wanwan let out a soft cry of surprise, but before she could react, she felt the man who was hugging her just now let go of her and quickly left her.

Su Wanwan couldn't help but call out, ” mu Nian, where are you going? ”

However, her voice quickly disappeared into the darkness, and there was no response.
