220 A surprise (10)

Su Wanwan turned around from PEI Munian's arms. She didn't speak and only looked at him with her big eyes, faintly accusatory.

PEI Munian chuckled. I'm really tired today. But if you really want it, I can try.

".....?"

Who wanted him to give it a try? He said it as if she was very thirsty!

Su Wanwan's eyes widened. She put her hand on his chest and wanted to push him away. Unfortunately, he didn't move. Her pushing and shoving didn't hurt or itch him.

Su Wanwan was so angry that she clenched her fist and punched him a few times.

PEI Munian let her hit her. When she was almost done, he tightened his arms and hugged her tightly in front of him. His thin lips were next to her ear, and his voice was low and hoarse. sleep.

PEI Munian's strong gentleness made su Wanwan unable to get angry even if she wanted to. Her heart gradually softened and the hand that was beating her turned into a hug.

Su Wanwan pressed her forehead against PEI Munian's chest and said in a low voice, " you're not allowed to bully me in the future!

Her voice was a little soft. PEI Munian didn't know if she heard it or not, but he didn't answer. He only hugged su Wanwan tighter and closed his eyes.

PEI Munian's embrace was warm and wide, giving her a great sense of security. Su Wanwan leaned against PEI Munian, her eyelids slowly getting heavy. Then, her head tilted and she fell into a deep sleep.

—

Su Wanwan slept directly until she woke up naturally. She squinted her eyes and comfortably stretched her back. She habitually reached out to touch the space beside her, but it was empty.

Su Wanwan sat up with the quilt, rubbed her eyes, and looked around.

PEI Munian was standing in front of the full-body mirror, tying her tie.

Su Wanwan tidied her messy hair and combed it with her fingers. Then, she lifted the quilt and got out of bed. She walked to PEI Munian.

She raised her hand and snatched the tie from PEI Munian's hand. Smiling, she said, " let me do it.

PEI Munian did not reject her and let go of her hand. She rubbed her soft hair and smiled. "You don't have to go to the company today. Why don't you sleep a little longer?"

"I slept so early last night. I've had enough sleep." Su Wanwan casually replied.

PEI Munian raised an eyebrow. Oh? " it seems like you're still blaming me for not satisfying you last night, Hanhan.

When su Wanwan heard his words, the hand that was tying her tie unconsciously exerted force and directly strangled PEI Munian's neck.

PEI Munian coughed lightly, her words still flippant. even if I didn't satisfy you last night, you don't have to take my life, right? "

".....?"

Su Wanwan's cheeks were flushed red and her big eyes glared at him hatefully, as if she was angry but also delicate. it's best to strangle you to death. You're full of nonsense.

PEI Munian laughed. can you bear to? "

Su Wanwan raised her chin. of course I'm willing!

She was just joking, but PEI Munian took it seriously. Those who didn't care would naturally be willing to do so.

PEI Munian raised her hand again, took back her tie, and tied it up in a few moves. Then, he smiled at su Wanwan and said, " go and sleep for a while more. Get some rest. Tonight, you'll be the most beautiful and the center of attention. Everyone will see you.

After a pause, he continued, his voice clear. remember, you must inform the old master and let him witness the most important moment of our night.
