223 When the dream shattered (3)

Su Wanwan restrained her expression, raised the corners of her lips, maintained a smile, and said to Su Zhenhua in a gentle voice, "Grandpa, let's go in."

In the end, it was a public place, so Su Zhenhua couldn't lose his temper. He had to suppress his anger and walk into the venue with su Wanwan.

As su Wanwan walked, she looked around the venue without leaving a trace. She wanted to see where PEI Munian was, but after looking around, she couldn't find her. Su Wanwan couldn't help but be a little puzzled. Where was PEI Munian?

Su Zhenhua took su Wanwan to chat with the people he knew. Su Wanwan continued to look for PEI Munian while entertaining others. Finally, she found his figure at the other end of the crowd. His figure, even if mixed in with the crowd, was still like a crane standing among chickens, dazzling and eye-catching. Su Wanwan's eyes lit up slightly and she leaned close to Su Zhenhua's ear and whispered, "Grandpa, I'll go and look for mu Nian."

Su Zhenhua nodded. go ahead.

Su Wanwan let go of Su Zhenhua's arm, subconsciously tidied herself up, and then walked towards PEI Munian.

However, before she could get there, she was suddenly blocked by someone.

Xi Zhiwei was also dressed very beautifully today. She was wearing a tight red dress that outlined her curvaceous figure. She was enchanting and sexy.

Beautiful women had always been jealous of beautiful women, not to mention that they were love rivals.

Today was su Wanwan's happy day. She didn't want to have any conflicts with her so as not to ruin her good mood. So, she lightly nodded at her, then walked around her and continued to walk forward.

However, she didn't want to talk to Xi Zhiwei, but Xi Zhiwei didn't seem willing to let her go. Xi Zhiwei took a step forward and once again stood in front of su Wanwan. Her red lips curled up slightly and her voice was soft. sister Wanwan, you're very beautiful today.

Su Wanwan stopped in her tracks and tugged at the corner of her lips. Xi Zhiwei, a good dog doesn't block the way.

"Sister Wanwan, how can you say that? I'm just happy for you that brother mu Nian is willing to bring you to such an event, so I wanted to give you my blessings. Don't you think you're breaking my heart by saying such things?" Xi Zhiwei blinked her big eyes and there was a trace of grievance in her eyes.

Su Wanwan only felt that it was ridiculous in her heart and was too lazy to even reply to her.

Xi Zhiwei was not angry. She continued to speak in a soft and weak voice, " but forget it, I won't argue with you. I know that brother mu Nian is going to announce something important about you tonight. I'm here to congratulate you in advance.

This Xi Zhiwei had taken the wrong medicine last time and she still hadn't recovered? He was actually congratulating her? could it be that she had really given up on pei munian and was planning to give her and pei munian her blessings?

Su Wanwan would rather believe that a sow could climb a tree than believe that she had such good intentions.

However, no matter what tricks she played, it had nothing to do with her. PEI Munian was the only person in her heart now. She would wait for their most blissful moment to come.

"Are you done? If you're done, then get out of the way."

Xi Zhiwei smiled and stepped aside.

Although su Wanwan felt a little strange about Xi Zhiwei's behavior, she did not think much about it because PEI Munian seemed to have seen her and was walking towards her.

Su Wanwan unconsciously quickened her pace and walked in front of PEI Munian. She smiled lightly. Munian.

PEI Munian was even more handsome than last night. He looked at her with a faint gaze and smiled."You're here? Where's the old man?"

"He's over there," Su Wanwan raised her finger and pointed. do you want to go over? "
