259 I just like him (9)

Su Wanwan opened her arms and blocked the car. The car drove straight towards su Wanwan. She could almost feel the car rushing towards her with a sharp wind, as if it would hit her heavily in the next second.

Su Wanwan closed her eyes in fear but didn't Dodge at all. Everyone was afraid of death, and she was the same. If she could choose, she didn't want to risk her life like this, but she had no choice.

Fortunately, at the critical moment, the car still came to an emergency stop. The wheels made an extremely harsh sound, but when it entered su Wanwan's ears, it was like the joy of being reborn after a disaster.

Director su sat in the car and looked at her gloomily. Su Wan swallowed her saliva heavily and said loudly, "uncle, I hope you can give me some time to talk to me.

She called him 'uncle' and not 'director su'.

Director su stared at her with a complicated expression for a long time and didn't speak for a long time. Su Wanwan's heart became more and more perturbed and could only keep pleading, "uncle, I won't take up too much of your time. Five minutes, just five minutes, okay?"

She emphasized and pleaded.

Director su furrowed his brows and remained silent for more than ten seconds. Finally, he raised his hand and lowered the car window.

Su Wanwan was overjoyed. She rushed to the car window in two or three steps, cleared her voice, and opened her mouth, "uncle, I'm Wanwan.

Director su interrupted her, "manager su, I know what you want to say, but no matter what you say, I'll still say the same thing. I've given you the time. If you don't think of a solution, I'll sell my shares when the time is up.

uncle, you're also a member of the SU family. Do you really have the heart to watch the SU group get bought over?"

"Su family?"

Director su snorted and his eyes turned cold. back then, you and the chairman didn't treat me as part of the SU family. Now, you're playing the emotional card with me?"

Su Wanwan gently bit her lower lip and said in a low voice, "uncle, no matter what happened back then, it was our family's business. No matter who leads the company, SU group is still SU group. But now, once the company is successfully acquired by PEI group, it will change hands and there will be no SU group anymore.

Perhaps this sentence had touched director SU's heart. The coldness in his eyes faded a little, and the light in the bottom of his eyes flickered slightly as if he was hesitating.

Seeing this, su Wanwan continued, " uncle, Grandpa and I have 25% of the shares, and you have 15%. Together, we have 40%. When the time comes, we'll fight for more than 10% of the shares and we'll have the ability to fight against the PEI family. We won't lose for sure.

However, her words were not able to move director su. He only hesitated for a few seconds before his eyes returned to being cold and sharp. manager su, you don't have to say this to me. Business is business. I only care about profits. Of course, as a member of the SU family, I don't want the SU group to change hands, so I can give you a chance now. I can sell all my shares to you at the original price."

It wasn't that su Wanwan didn't consider buying the shares, but she and her grandfather simply didn't have enough money, ah ****

Director su looked at su Wanwan's expression and naturally knew what her situation was, but this was the maximum compromise he could make. manager su, I'll remind you again. As far as I know, the PEI family group has already offered a high price and is ready to buy the shares of the directors. You'd better raise the money as soon as possible.
