Before he could confront her, he had already heard the conversation between su Wanwan and PEI Munian. He didn't expect that not only did su Wanwan not show weakness to PEI Munian, but she also said those excessive words to him and even proposed a divorce!

Now that the SU family was in danger, whether they could survive this was all up to PEI Munian. Yet, she still provoked him.

Su Zhenhua was furious. His face was extremely dark, and his voice was filled with disappointment and condemnation. you said that you would look for PEI Munian and make him let the SU family off no matter what. What happened in the end? Look at what you've done! You actually said in front of your husband that you like another man and that you want to divorce him. Su Wanwan, you just want to see SU group being acquired and our su family falling, don't you?"

Su Zhenhua's words were aggressive. Su Wanwan's tears, which she had forcibly suppressed, came back.

"Grandpa, it's not like that."

Su Wanwan's lips trembled fiercely. She tried her best to open her mouth and said with difficulty, " I, I looked for PEI Munian. I tried, I really tried.

She did not hesitate to throw away all her pride and dignity to beg PEI Munian and make a deal with him. However, he did not care for her at all. No matter what she did, he did not care. She was already at her wit's end with him.

"Hard work? I didn't see your hard work, I only saw how you angered PEI Munian and how you made our su family die even more miserably!"

Su Zhenhua was so angry that his eyes turned red. He pointed at su Wanwan with a trembling finger and said sternly, " look for PEI Munian immediately and apologize to him. Tell him that you were just muddleheaded and that you didn't intend to divorce him. Then, ask for his forgiveness!

Su Wanwan shook her head in disbelief.

Why was it that no matter when and where, grandfather never cared about her at all? did he not see how sad and in pain she was? Why did she always ask him to look for PEI Munian and beg her? her heart wasn't made of iron, and it was already riddled with holes!

"Grandpa, I won't go look for him again. I won't take back what I said just now. I can listen to everything you say, but I'm definitely going to get a divorce!"

Su Zhenhua was so agitated by her words that he raised his hand high and trembled with anger. su Wanwan, you still don't know how to repent even now? "

Su Wanwan looked at Su Zhenhua's raised hand with red eyes. She didn't Dodge at all. She stood there firmly and said stubbornly, " Grandpa, I didn't do anything wrong, I didn't!

Her only mistake was to be greedy for PEI Munian's love, something that would never belong to her. That was why she was now covered in bruises and in excruciating pain.

"Su Wanwan, say it again!"

Two lines of tears fell. Su Wanwan's hands that were hanging on both sides of her body clenched tightly. Her fingertips were extremely pale. Her voice was full of sobs, "Grandpa, if you're angry, you can hit me. I won't admit my mistake. I'm not wrong, I'm not wrong!"

She repeated, almost roaring, as if she wanted to vent all the grievances in her heart. Otherwise, she really couldn't live if she kept it suppressed in the bottom of her heart.

"You, you, you, you, you, you, you, you, you,"

Su Zhenhua's blood rushed up and his chest heaved up and down violently. He wanted to slap Su Wanwan hard to wake her up, but before his hand could land, his body also fell backward.
