

## Deeply 27

Chapter 27 No Matter who I Look for, It Won't be You (11)

Pei Munian had also drunk a lot of alcohol that night. Every one of Su Wanwan's words viciously pierced his heart like fine, sharp needles. The more he tried to convince himself that he didn't care, the more pain and dejection he felt.

Isn't there a saying that goes something like, "If you aren't willing to face your true feelings, the pain will give you the answer"?

But so what if I know the real answer? She's never loved me.

Pei Munian had drunk that night so he couldn't drive a car on his own and Assistant Wu hadn't returned yet. After pondering it for a moment, he headed upstairs.

He had a long-term room booked here for him to rest.

Pei Munian asked someone to fetch the room card. Then he walked into the elevator and directly pressed the elevator button for the highest floor. The elevator arrived on that level in no time. He walked out, headed to the room, swiped the card, and entered.

The room was dark inside. Pei Munian casually flicked on the light switch. Then he started taking off his clothes while walking towards the bathroom. After that, the sound of water splashing could be heard as he took a shower.

Su Wanwan's sleep was very disrupted. Her mind was already fuzzy at first, but the dizziness got even worse after resting for a while. Moreover, she felt a rush of heat surging up in her body. The heat was rapidly spreading throughout her entire body, making her extremely uncomfortable.

She couldn't help but throw the quilt off her, but it was pointless. As it got unbearable, she couldn't help but tug her dress off. When her naked skin pressed against the slightly cool silk quilt, she got some relief. However, after just one minute, it lost its effect.

Su Wanwan's brows knitted together tightly. Her body heat was unbearable. She tossed and turned but couldn't sleep, so she had no choice but to get up and fumble her way to the bathroom so that she could take a shower to cool herself down.

—

The moment the bathroom door was opened, Pei Munian was taken aback. Never had he expected anybody to have the audacity to break into his room.

In a swift move, he grabbed the towel at the side and wrapped it around his waist. He then commanded sternly without even looking up, "Get out."

Just as he finished uttering these words, a soft body suddenly came crashing into his arms. It was a woman!

Pei Munian instantly understood. He had encountered incidences like this many times. When people who wanted to cooperate with him or ask him for a favor had no other solution, they would send him women. It was just that up till now, nobody had dared to send a woman directly to his room.

A strong murderous intent suddenly appeared in Pei Munian's eyes and he was about to push the d\*mn woman away with all his strength when she suddenly murmured softly.

Pei Munian's body stiffened when that murmur entered his ears. This voice... it was so familiar... it was so familiar that... He didn't even need to look at her to know who she was!

Su Wanwan!

Looking down at the person in his arms, Pei Munian's expression turned ghastly.

Why is she here? And even... Butt naked.

Pei Munian was about to question her when Su Wanwan suddenly stretched out her hands and wrapped them around his sturdy waist. Her entire body was tightly pressed against his body and her lips planted a kiss on his chest.

Her soft movements took Pei Munian by surprise and he looked at her in shock. However, in the next second, a realization seemed to dawn upon him. His handsome face clouded and his gaze as he looked at her was bone-chilling.

He grabbed her shoulders with his hands and shoved her away forcefully.

Caught off guard, Su Wanwan was pushed back a couple of steps. However, before she even secured a firm foothold, she quickly dashed back over to Pei Munian and hugged him tightly.

Pei Munian didn't think she would dare to rush forward again. He shoved her once again, but somehow, he couldn't push her away no matter how he tried. At the peak of his fury, he actually started laughing. He simply yanked her hair and tried to drag her away from him.
