Su Zhenhua paused for a moment before he continued, " you helped mu Nian upstairs and didn't come down. I thought you were going to stay there to take care of your husband, so I came back first. I didn't expect you to come back.

Su Wanwan stood there and looked at Su Zhenhua's nonchalant face. She finally understood what PEI Munian thought of her. It was the same as how she looked at her grandfather at this moment. She hated his lies to the core. The truth was already there, but he still had to pretend to be innocent.

Su Wanwan chuckled softly. The mist in front of her eyes rose and blurred her vision little by little. Grandpa, how can you say such words so innocently? You gave us such a strong drug just to send me to PEI Munian's bed. Can I walk? Do you think I can leave?"

"Su Wanwan, is this the attitude you should have when talking to your grandfather? I said, what drug, I don't know what you are talking about! I asked you to send mu Nian upstairs to rest because I hope that you two can have a good talk. It's fine if you don't understand my painstaking efforts, but why do you have to say such things? Are you trying to anger me to death?" Su Zhenhua's face darkened, and his voice grew louder.

"Painstaking effort?"

Su Wanwan laughed and tears fell from the corners of her eyes. Grandpa, your painstaking efforts are to drug me and send me to PEI Munian's bed to please him so that SU group can gain benefits, right? "

"Su Wanwan!"

"Isn't it? At that time, you also left me alone in the hotel. I inexplicably went to PEI Munian's room, and my body felt strange. Just like that, I had sex with PEI Munian. Then, you used this opportunity to let me marry into the PEI family. Today, you asked PEI Munian out, didn't you plan all this?"

Su Wanwan raised her hand to wipe her tears and her voice choked, " Grandpa, you know, I've always been very obedient. In order to protect the SU group, for the SU family, I did whatever you asked me to do. In other people's eyes, I became a cheap, shameless, shameless woman who only knew how to scheme and seduce. I didn't care, but all of this was actually caused by my most beloved Grandpa. How ridiculous is that? "

"Grandpa, I've never been able to understand why sister would break off all ties with you even though she loves you very much. I finally understand now that our love is not family to you, but a bargaining chip. In your eyes, you only see our value and what we can exchange for you, not people with flesh and blood, family who have the same blood flowing in you! I was the silly one who thought that at least a little bit of you loved us."

Su Zhenhua's face turned green and white at su Wanwan's words. He slammed his palm on the table. su Wanwan, everything I did was for the SU family. What's more, what losses did you suffer? I let you marry into the PEI family, let you live a life of luxury and luxury, a chance that many people can't even dream of, and now you're blaming me?"

That's right. In his eyes, marrying into the PEI family was good. As long as the SU family was good, she would be good. However, he never wanted to know if she was really good.

no, I don't blame you. I let you do this. I know it's wrong, but I don't want to disobey you. I don't want you to be unhappy. I clenched my teeth and tried my best to do it, but I was afraid.

"From now on, don't even think about me doing anything for you!"
