From the moment su Wanwan entered the private room and sat in front of Xi Zhiwei, she had always been very strong and indifferent. Her entire person was impeccable. Now, seeing her red eyes, Xi Zhiwei's lips curved and she smiled without a trace.

She knew it. How could she not have any reaction? she was just pretending.

She was always at a disadvantage in front of her. She was good at everything-her looks, her family background, her personality, and most importantly, PEI Munian loved her very much.

She had always felt that God was very unfair. God had already given her so many good things. Why did he even give her PEI Munian's love? as for herself, she had the same good looks as her but didn't have a good family background. The men who pursued her were all men who couldn't be put on the stage. Once she rejected those men, those men would say, 'why are you pretending to be a Saint? you're just the daughter of a Butler. Do you think you're a rich lady?' If you weren't so good-looking, would I have taken a fancy to you? Do you think you are su Wanwan? However, it's just trash for people to play with!"

She stood there and endured the ridicule of those disgusting men. Then, she looked into the distance at su Wan, who was surrounded by a myriad of stars. The hatred in her heart rose little by little and couldn't be stopped. The better she was, the more she would hate her and hate her. She wanted to see her in a bad state. When she was in a bad state, she would be happy and happy!

Xi Zhiwei admired su Wan's expression at the moment and continued to speak with a soft and sweet voice, " you should have seen the news these days, right? "Brother mu Nian and I didn't plan to announce it so early. After all, he and your Qianqian have a marriage that doesn't live up to its name. We just didn't expect it to be photographed. Since it was photographed, brother mu Nian went with the flow and announced it. He didn't want me to suffer."

Su Wanwan had always felt that Xi Zhiwei was just a flower vase. She was beautiful but had no brain. She only knew how to say a few words, so she always choked on her words and couldn't refute.

However, she really knew how to speak today. Every word and word carried so much weight that it pressed down on her heart, making it hard for her to breathe.

Between her and PEI Munian, it was a marriage that did not live up to its name.

PEI Munian didn't want to make her suffer.

So, she was the only one PEI Munian had to suffer? Because he didn't care, because he didn't love her, because he hated her, so he could hurt her unscrupulously and make her suffer?

so su Wanwan, your marriage with brother mu Nian should end now. You've selfishly occupied brother mu Nian for so long. It's time to return him to me!

Su Wanwan knew that her divorce with PEI Munian was inevitable. She also thought that after she finished dealing with the company's Affairs, she would sign the divorce papers with PEI Munian.

However, it was her own business if she was willing to divorce. What right did she, Xi Zhiwei, have to order her around? What right did PEI Munian have to embarrass her like this?

Su Wanwan blinked. Because she clenched her hands too hard, her fingertips were white. She took a breath and forced back the tears that were about to pour out. She raised her chin. Since her voice was trembling badly, she was still arrogant, " give it back to you? " Xi Zhiwei, PEI Munian is my husband. As long as he is connected to my household registration, he belongs to me. He has never belonged to you, so why should I return him to you?"

I'm telling you, if he wants a divorce, let PEI Munian come to me. Who Do You Think You Are? "
