PEI Munian had really come to Xi Zhiwei's apartment. He was so familiar with the place and so unscrupulous.

Su Wanwan's Black eyes moved stiffly. She rolled down the car window and looked up at the apartment building. Xi Zhiwei lived on the fifth floor. The fifth floor was lit with warm yellow lights, as if waiting for PEI Munian's return.

Su Wanwan watched without blinking and counted silently in her heart. At this time, PEI Munian should be taking the elevator. Then, he arrived on the fifth floor and then entered Xi Zhiwei's apartment. Then?

He and Xi Zhiwei were hugging each other happily? Sweet nothings? Or kiss? Or in bed?

Su Wanwan simply couldn't imagine such a scene. Every scene seemed to be a death by a thousand cuts to her. Her whole heart was bleeding and she felt extremely uncomfortable.

No, she didn't want to think about these things. She said that she had to see it with her own eyes. Before she saw anything, she wouldn't believe it. She didn't believe anything!

Su Wanwan's eyes never left that layer. There was still a small hope hidden in her heart. Perhaps PEI Munian just came to see her. He would come down soon and leave.

As time passed, there was finally some movement from Xi Zhiwei's apartment. However, it was not PEI Munian who had come down. Instead, he had walked out of the balcony and was leaning on the railing. His dark eyes were looking into the distance, and no one knew what he was thinking about.

Su Wanwan reflexively shrank her head back into the car, not wanting PEI Munian to find her.

The sky was very dark and the street lights were very weak. Su Wanwan could not see PEI Munian's face clearly and did not know what kind of expression he had at this time. Was he happy to be with Xi Zhiwei?

To be honest, in her memory, there were very few times when he was happy. It was so rare that she felt that it was a blur. However, she did not know whether his happiness in front of her was real or not.

PEI Munian was staring into the distance in a daze, while she was staring at him in a daze.

Xi Zhiwei stood in the room and looked at PEI Munian's cold and lonely back. Her whole body unconsciously exuded an aura that refused to get close to her, and her teeth bit her lower lip.

These days, she left him in her apartment. She tried to get closer to him. After all, a man's guilt was a very easy point to attack. In addition, he and su Wanwan were now in such a mess, so it was easier to take advantage of the situation.

However, he pitied her and pitied her. Sometimes, he could tolerate her unreasonable tantrums, but he kept his distance from her and never let her have any chance to take a step further.

She told su Wanwan that she had slept with PEI Munian. In fact, they had been together in this apartment for so many nights. Unless he had no other choice, he would not touch her at all.

She couldn't wait for him to take the initiative. She could only fight for herself. Whose happiness didn't come from fighting?

Xi Zhiwei returned to her bedroom and changed into an extremely sexy nightdress. She let her hair down to give herself a wild look. Then, she picked up a seductive perfume and sprayed it on her body. Finally, she lit the incense in her room.

After doing all this, Xi Zhiwei returned to the living room and stood still. She looked at PEI Munian's back and walked over step by step. She reached out and hugged PEI Munian's waist from behind, her soft body pressing against hers.

PEI Munian was caught off guard and was stunned.

Su Wanwan, who was in the car, saw the figures embracing each other on the balcony and a tear suddenly fell from her eyes.
