Su Wanwan leaned on Gong Lingyu's shoulder and couldn't hold back anymore and cried loudly.

This was not a shoulder she wanted to rely on, but now, she could only use this shoulder to vent all her sadness, grievances, and pain.

At this moment, she allowed herself to be weak, weak without a care.

Su Wanwan's tears wet Gong Lingyu's clothes. Her tears soaked his clothes and touched his skin. It was so hot that it seemed to be burning his heart. He started to hate PEI Munian a little. He hated how he could hurt this beautiful girl like this.

Gong Lingyu reached out and gently put his arm around su Wanwan's shoulder. His voice was hoarse. Wanwan, after you're done crying, you'll completely forget the person who made you sad and let him disappear from your world completely. In the future, he won't be able to hurt you anymore.

Su Wanwan didn't know how long she cried. It was as if she cried out all the tears she had for the rest of her life. Suddenly, she straightened her body, stepped on the sand with her bare feet, and ran all the way to the sea.

Gong Lingyu was stunned for a moment. He could not help but ask, "Wanwan, what are you doing?"

Su Wan ran to the sea and shouted in a hoarse voice at the boundless sea, "PEI Munian! You b * stard, I don't want to love you anymore. From today onwards, get out of my sight!"

PEI Munian, if I could start my life over, I'd rather not have known you!

"PEI Munian, goodbye!"

Goodbye, my youth, my love.

Su Wanwan screamed at the top of her lungs for a long time. Her voice was completely hoarse and she didn't have any strength left. She fell down and sat down, staring at the sea in a daze, laughing foolishly.

The seawater rose and fell, and the water rose. It was extremely cold, but it also made her completely sober.

Her dream, good and bad, happy and sad, were all awoken!

After a long time, Gong Lingyu walked up from behind and stood beside her. He looked down at her and asked, "are you sober now?" "I'll send you home when you wake up."

Su Wanwan didn't object anymore and slowly nodded.

Gong Lingyu extended his hand to her. Su Wanwan smiled. She wanted to get up by herself, but she really had no strength left. She put her hand on Gong Lingyu's and got up with his strength. thank you.

The two of them walked back and got into the car. Gong Lingyu carefully fastened su Wanwan's seat belt, then started the car and left.

None of them noticed that in a dark corner, there were spots of light that continued to flash, recording everything that happened tonight.

Su Wanwan returned to the hotel and covered her head to sleep. After sleeping for a full day and night, she got up from the bed, pulled open the curtains, and the sunlight outside the window shone in. She raised her face and welcomed the morning sun.

Life was so long, and the days were always moving forward. She had already been dispirited for so many days. It was time to clean up her mood, pull herself together, and do what she should do.

Without love, she had many other things to do in her life, such as her company.

Although she had a falling out with her grandfather, she didn't want to keep the SU family just because she listened to her grandfather's orders. She had also promised her parents back then, and the SU family was like her home. Even if the hope was slim, she still had to work hard.

No matter if she won or lost, she would fight until the last second!

Su Wanwan put on light makeup, changed into a mature black suit, and drove to the company.
