in the next few days, su wanwan was busy with some finishing work. then, she held a meeting again and announced that the pei family group's acquisition plan had completely failed. she had successfully protected su family corporation.

After the company's matters were settled, she returned to the SU residence. Ever since Su Zhenhua quarreled with her that time, he had been working hard and running around recently. His health had suddenly collapsed, and he had been recuperating at home.

When Su Zhenhua saw su Wanwan, his face was still cold, as if he didn't want to see her.

Su Wanwan didn't care. She sat by the bed, took an Apple, and quietly peeled it. The Apple's skin circled around and didn't break until she peeled the last piece. The long apple skin fell into the trash can. Su Wanwan put away the knife and handed the peeled apple to Su Zhenhua, " Grandpa, have an Apple.

The Apple was handed to Su Zhenhua. Su Zhenhua glanced sideways at su Wanwan. He raised his hand, but he didn't take the Apple. Instead, he waved it with force. Su Wanwan didn't hold it firmly and the Apple fell to the ground. It rolled a few times and instantly became dirty.

Su Zhenhua sneered at su Wanwan. don't think that everything will be fine just because you won the acquisition this time. You've offended the PEI group and PEI Munian. Our su family will not have a good life in the future. If you spend all your money to buy the shares, how will the company run in the future? How could they survive? It would still be a dead end! You're not trying to save the company, you're trying to destroy it! You just don't want me to have a good life, do you!"

Su Wanwan's hand was still in mid-air and slowly froze.

Even if she didn't expect Su Zhenhua to praise her, she didn't expect that he would still criticize her.

Su Wanwan curved her lips, but her eyes faintly flashed with a touch of moisture. Grandpa, I did what I should have done. I have a clear conscience. In the future, I will think of another way to deal with the company. This acquisition didn't make me go down the road of no return, and it will be the same in the future.

"Heh, you don't know the immensity of heaven and earth. How many times do you think your sister can help you? With that temper of hers, she's never been willing to compromise or bow down. Do you think her husband will always indulge her? You two sisters are exactly the same, so stupid!"

Su Wanwan didn't find it strange that Su Zhenhua knew that her sister had lent her money. Almost everyone in the SU group was her grandfather's eyes and ears. He knew about her every move.

She suddenly understood that her sister was not willing to contact her because she knew that this would happen. That was why she was unwilling to let Grandpa control her life through her.

Su Wanwan lowered her eyes. Her hand fell and clenched slightly. Her voice was still very calm, " Grandpa, it's late. I have to go. You should rest well. I'll come to see you again when I'm free.

Su Wanwan stood up, nodded slightly at Su Zhenhua, then turned around and walked toward the door.

Su Zhenhua was so angry that he shouted at her back, "su Wanwan, if you learn from your sister and don't bow down to PEI Munian, the SU group will be destroyed in your hands sooner or later!

Su Wanwan walked out of the room and closed the door, completely isolating her grandfather's voice and words behind the door.

Lower your head to PEI Munian?

Did she not bow down to PEI Munian many times?

She had already been reduced to dust, and it was impossible for her to live so pitifully.

Thinking of the phone call that day, su Wanwan slowly bit her lower lip and a trace of sadness flashed in her eyes. The company's matters were settled. She should go and settle the matter between her and PEI Munian.
