PEI Munian's hand grabbed the towel and unconsciously exerted some strength. A few seconds later, he picked up the towel and turned around as if nothing had happened. He looked at her and said in an emotionless voice, " you must see me today. You would rather wait in the rain just to say this? "

The way he looked at her was faint, and his tone was also faint. Su Wan couldn't figure out his mood at the moment, but the calmer he was, the more uneasy she felt.

She swallowed hard and tried to steady her voice, saying, " "Yes, that's what I wanted to tell you. I've said it before, Yingying, wait until I'm done with the company's matters."

"So,"

PEI Munian started the engine and rudely interrupted su Wanwan's words, " you've successfully protected your su Corporation and now you can't wait to cut off all ties with me? "

She couldn't wait?

Who was more impatient?

"PEI Munian, our marriage is meaningless, isn't it? We didn't want this marriage in the first place. We've both taken the wrong path in the past. Isn't it right to correct it now?"

"Oh, why didn't you say that this marriage wasn't what you wanted when you used me in the past? Why didn't you say that you've been on the wrong path?"

Su Wanwan bit her lower lip. if you think that I've harmed your interests before, I'll write you an IOU for how much PEI family group invested in the SU family. I'll definitely return it to you. I don't want anything from this divorce. I'll leave the marriage with nothing, okay? "

PEI Munian looked at her intently. Seeing her say these words so easily and casually, he slowly smiled. so, no matter what, no matter what the price is, you must divorce me, right? "

Su Wanwan's hand clenched even tighter. She raised her head and said with certainty, " yes.

PEI Munian was smiling, but the towel in his hand was already wrinkled. He took a deep breath and maintained his smile. other than this, do you have anything else to say or anything Wanwan wants to ask? "

PEI Munian's words carried a hint of anticipation. Perhaps, this was the only thing he could do now.

PEI Munian paused for a moment. Her thin lips opened and closed a few times before she managed to squeeze out the words from her throat. Xi Zhiwei and I are having a good time.

However, before he could finish speaking, su Wanwan suddenly interrupted him, " I don't want to know anything about you and Xi Zhiwei. How you two are together, how you love each other, it has nothing to do with me. You don't need to tell me these details. I just want to know when you have time to go to the Civil Affairs Bureau with me to complete the divorce procedures!

Su Wanwan's words were very smooth, but if one listened carefully, one could still hear the trembling and abnormal excitement.

It was a pity that PEI Munian's last hope had been completely shattered by her words, and his rationality had collapsed.

Even if he had expected that she would not care about what happened between him and Xi Zhiwei, that was why she had not asked about it. The first thing she did when she came to him was to ask for a divorce. However, when she stood in front of him and told him that she did not care, his heart still felt like a piece had been dug out. It was bloody and empty.

PEI Munian curled her lips and let out a short laugh. She did not know if she was laughing at her or herself.
