No, she didn't want to think about anything now. If she thought about it, she would develop feelings for it. Once she had feelings for it, she couldn't give up on it. She couldn't have this child!

Su Wanwan didn't want to think about it anymore. She lay on the bed, closed her eyes, and thought that after she woke up, she would go to the hospital and tell Yu Jia that she had made the decision to let her arrange the operation for her.

During this time, su Wanwan would basically fall asleep as soon as she closed her eyes. Today was no exception. Su Wanwan quickly fell asleep. It was just that while she was sleeping, a child suddenly appeared in front of her eyes.

He sat on the ground with a big smile on his beautiful face. He giggled, and his laughter was crisp and beautiful, making people's hearts soften.

Su Wanwan didn't know why a child would suddenly appear here. She was attracted by his smile, slowly walked over, and squatted in front of him.

She curled her lips and smiled at him. Hello, little friend. What's your name? "

The child blinked his big bright eyes. His black eyes were like black grapes, crystal clear, and clearly reflected her appearance. He was still smiling and did not answer.

Su Wanwan couldn't help but touch his white and tender cheeks, her eyes as soft as water, " little friend, then why are you here alone? Where are your parents?"

The child raised his head, opened his arms, and shouted at su Wanwan. His voice was soft, sweet, and crisp, " mom, mom.

Su Wanwan was stunned and her eyes widened slightly. Yingluo, you're calling me? "

The child still raised his arms and kept calling out, " mommy, mommy ran ran.

Su Wanwan looked left and right. There was no one else around her. She was alone, so the child was talking to her?

She furrowed her brows and her eyes were filled with confusion. little kid, you must have called me the wrong person. I'm not your mother. Tell me where your mother is. I'll take you to her.

The child's face fell when he heard her words. He pouted and started crying. mommy, do you not want me? do you not want me? do you not want me, Yingluo? "

The child's cries were mixed with accusation and were extremely mournful. Su Wanwan immediately panicked and didn't know where to place her hands and feet. She quickly shook her head. I, it's not that I don't want you, but I'm really not your mother. I'm Hanhan.

The more she said this, the more the child cried. His big eyes were filled with tears as he looked at her pitifully. He said sentence by sentence that she didn't want him anymore. His eyes were like sharp

blades, cutting fiercely into her heart. It was as if he wanted to tear her heart apart and make her wish she was dead.

She wanted to wipe the child's tears away, hug him, and comfort him, but when she reached out to him, his body became transparent. The more she wanted to hold him, the faster he disappeared. In the end, he completely disappeared from her eyes, leaving only his shrill complaints that kept lingering in her ears. mommy, you don't want me anymore, Yingluo.

Su Wanwan suddenly sat up from the bed and gasped for breath. After she slowly recovered, she raised her eyes and looked around.

In front of her was clearly the hotel she was staying in. Where was the child? Was that just a dream? But that dream was so clear and so real. Was it a complaint against her?
