Su Wanwan was lifted off the ground by PEI Munian's strength. He grabbed her collar tightly, forcing her throat to tighten and she was a little breathless.

She wasn't alone now, but two people. She couldn't let anything happen to her. Su Wanwan quickly grabbed PEI Munian's hand and pried it hard. As she pried it, she panted and said, " PEI Munian, I won't have a problem with how you treat me. As long as you acknowledge this child, as long as my child can become the successor of the PEI's group in the future, I can tolerate whatever you do!

Child, child, child, Yingluo

The devil-like words entered PEI Munian's ears over and over again, cutting his heart. He didn't have any room to breathe at all. Just like this, he was ruthlessly pushed into the abyss of hell by su Wanwan and fell until his body and bones were smashed.

She was really ruthless. She could smile like this and stab the knife into his body. He didn't even have a chance to resist.

PEI Munian's hand that was holding onto su Wanwan's clothes trembled badly and she lost her strength little by little. Su Wanwan actually let go of her hand just like that. Su Wanwan's feet fell to the ground and she subconsciously took two steps back. She couldn't help but cover her neck and cough a few times.

PEI Munian stood there stiffly, his eyes becoming more and more wet. He suddenly lowered his eyes and clenched his fists tightly."Su Wanwan, get lost."

He didn't want to see her right now, and he didn't want her to see him like this!

Su Wanwan naturally didn't want to leave now. Today, she was going to risk everything to come here. Her goal hadn't been achieved yet, so she couldn't leave.

Su Wanwan's Black eyes turned and glanced at the divorce agreement on the desk. She secretly took a breath, raised a smile, and gently opened her red lips. it seems that you still can't accept the fact that you're a father for a while. Then I'll give you some time. I'll go first.

Just as she was about to turn around, she stopped and walked to the desk to take the divorce agreement. since we're not getting a divorce, this agreement is useless. Let's tear it up. If my child is going to inherit the PEI family corporation in the future, I can't keep this divorce agreement. It's too insecure, right? "

As su Wanwan spoke, she picked up the divorce agreement and was ready to tear it up.

However, just as she was about to tear it open, a big hand suddenly came over and snatched the divorce agreement. PEI Munian pressed the agreement hard on the table and grabbed a pen with the other hand. She signed her name on it and then threw it at su Wanwan.

His dark eyes were full of sorrow, but they were covered with layers of gloominess. No matter how much pain he was in, he would not let her see a single thing. He pointed at the office door and shouted, " get lost!

Su Wanwan's hands trembled as she took the divorce agreement. She saw PEI Munian's signature in a rage. The pen almost pierced the paper and his name was deeply engraved on the paper.

This was the result she wanted. However, when the moment really came, her tears still gushed out.

The beautiful dream that she once had was finally over at this moment.

She took a deep breath and suppressed her sobs. PEI Munian, are you really going to divorce me? " Do you want to reconsider?"
