397 I don't want a child (7)

The impact was too strong. Su Wanwan fell to the ground and moaned in pain.

The pain in her stomach, at the moment she fell, was like a flood that had opened the floodgates and flowed down violently. Su Wanwan felt that there was something under her body, flowing down her thigh little by little.

Su Wanwan's eyes slowly imprinted into the red liquid. Su Wanwan's Black pupils suddenly contracted. Blood, she was bleeding, blood, her child ...

help! Yingluo, help! Yingluo!

Su Wanwan's hand supported herself on the floor and wanted to get up, but she was in so much pain that her whole body was weak. Before she could hold up a little, she fell back down.

is there anyone, Yingluo, who can save me? save my child, Yingluo.

Su Wanwan held her belly and used all her strength to shout. However, no one responded to her. More and more blood flowed out and slowly dyed her white dress red. The stark contrast between white and red was shocking.

Su Wanwan lay there in despair and sorrow. She could clearly feel that her child was leaving her little by little. Tears flowed out of her eyes. She was like an injured mother beast, letting out a painful cry.

who can help me? who can help me? PEI Munian, please help PEI Munian!

Su Wanwan's consciousness gradually left her. Her hands clenched tightly, as if she wanted to grab onto something. Her voice was extremely weak and hoarse, with painful despair, calling out the last bit of hope in her heart, " PEI Munian, come quickly, come quickly and save our child Yingluo.

She raised her eyes with difficulty. At that moment, she seemed to see a figure running away from the back of the cart. She wanted to call out to him, but her vision turned black bit by bit, and she lost consciousness completely.

When su Wanwan woke up in a daze, she felt that her body was moving quickly, as if she was lying on something and being pushed.

Her eyelashes trembled slightly as she slowly opened her eyes. The first thing she saw was PEI Munian's handsome face. However, at this moment, his expression was tense and his eyes were dark and deep. She could not see the bottom of his eyes. It seemed that there were traces of tears in his eyes.

Su Wanwan didn't have time to see clearly when she felt extreme pain from her stomach and lower body. She took a deep breath and her memory came back little by little.

She was clearly in the apartment, confronting aunt Zhang. What was this place now? And why was PEI Munian here?

Su Wanwan's eyes quickly swept across everyone's faces. She was surrounded by the white-robed doctors, nurses, PEI Munian, Auntie Zhang and Qian Qian.

She was lying on the bed and being pushed by them.

What were they doing? Where were they going to push her?

Su Wanwan endured the extreme pain in her body and opened her mouth to ask, but before she could say anything, the car suddenly stopped in front of a door. The doctor took something from the nurse's hand and handed it to PEI Munian, saying in a deep voice, "This is the consent form for the abortion. Mr. PEI, please sign it."

Abortion surgery

Su Wanwan's eyes widened in shock and she shook her head in disbelief.

Was PEI Munian still going to force her into the operating room and abort her child? No, don't!

Su Wanwan wanted to get up and run away, but she didn't have any strength at all. She couldn't move at all. Her body was in tearing pain, but no matter how painful it was, it couldn't hurt her heart.
