The phone rang a few times before the other side picked up. Then, Gong Lingyu's obviously surprised voice was heard. PEI Wanwan, PEI Munian? "

The relationship between the two brothers had always been quite good, but later, because of su Wan, there was a gap between them and they had not been in contact for a long time. She didn't expect that he would call.

Gong Lingyu paused for a moment and reacted quickly. His voice turned cold as he asked, " what's the matter? "

He had witnessed su Wanwan's unhappy marriage and the main culprit was PEI Munian. He really couldn't treat her as amiably as before.

PEI Munian did not mind Gong Lingyu's attitude. He was silent for a while before opening his mouth slowly. Lingyu, I have a favor to ask of you, Wanwan.

Su Wanwan cried for a long time that day and couldn't calm down. PEI Munian stood outside the door, separated by the door, and heard the constant sobbing from inside. His hands that hung by his sides clenched tightly, and his eyes were wet.

—

Su Wanwan was unconscious for a few days again. She was in a daze when she felt someone walk to the bed and sit on the side. Then, a big warm hand covered her hand and held it little by little.

Su Wanwan's long, curly eyelashes trembled and her consciousness suddenly became half awake. Who was it? PEI Munian again?

She opened her eyes abruptly, wanting to see if PEI Munian was threatening her or making a fool of her. However, all she could see was a vast expanse of white. She tried her best to open her eyes wide and make her vision clearer, but no matter how hard she tried, her vision was still blurry and she could only see a vague outline of everything.

Could she not see again?

There was a moment of panic in su Wanwan's heart, but she quickly calmed down. She didn't care about her illness, so how could she care if she could see or not?

It's better that he can't see her. That way, she won't have to see PEI Munian again and won't have to suffer and be sad because of him.

Su Wanwan's hand moved, wanting to pull her hand back, but a familiar voice suddenly rang in her ear. Wanwan, you're awake? "

Su Wanwan's hand that wanted to pull away suddenly stopped. She turned her head in surprise and looked at the source of the voice. Although she couldn't see the face of the person in front of her clearly and only had an approximate figure, she could still clearly recognize his voice.

“ling lan, ling yu?”

Gong Lingyu’s hand held su Wanwan’s hand even tighter. His voice was full of heartache and worry. Wanwan, Didn’t I tell you to take good care of yourself? How did you get yourself into this state?”

Ever since he sent su Wan back to the hotel that day, he could no longer contact her. At first, he called her phone, but she didn’t pick up. Later, he couldn’t get through to her phone, and later, it became an empty number.

He had gone to the hotel to look for her, to the SU family’s business, to the SU residence, and even to PEI Munian’s Villa to look for her, but to no avail. He had also tried to find out where she had gone, but there was no clue at all.

He never thought that when he met su Wanwan again, she would look so Haggard and disheveled. Her whole person was like a wilted flower, without a trace of vitality and lifeless.

Su Wanwan acted as if she didn’t hear him and only asked in surprise, “ Lingyu, Yingluo, why are you here? ”

Besides PEI Munian, who was scheming, no one should know that she was here, Yingluo.
