Su Wanwan held her head and fell on the sofa. She groaned in pain and her face turned pale. The blood faded and her whole body trembled.

Xi Zhiwei had never seen su Wanwan like this. Her eyes widened slightly and she looked at her in shock.

These days, su Wanwan's body was gradually recovering. It had been a long time since she had a headache. Her sudden appearance shocked Wu Han, but he quickly reacted. He took a few steps forward and helped her up. His tone was full of worry, " young Madam, are you okay? "

Su Wanwan's hand pressed her head, her breath was a little breathless, and her voice revealed traces of pain, " it hurts, my head hurts, my head hurts.

young, young Madam, please bear with it. I'll go get you some medicine!

Aunt Wu quickly finished speaking, then carefully put su Wanwan down and quickly got up to get the medicine.

It wasn't until aunt Wu stepped on the stairs and went up the stairs that Xi Zhiwei recovered from the sudden change in front of her eyes. She slowly got up and approached su Wanwan step by step. She saw her extremely painful expression and the surprise in her eyes faded and was slowly dyed with joy.

Her guess was right. Su Wanwan's Achilles' heel was the child. If she could be continuously stimulated, she might remember the past. As long as she recovered her memory, she would definitely not stay with mu Nian.

Xi Zhiwei curved her lips and smiled. She bent down slightly and leaned closer to su Wanwan. Her voice was low and seductive as she said word by word, " sister Wanwan, are you okay? " Do you remember anything? for example, your child Yingluo."

Su Wanwan's delicate features were scrunched up in pain. Hearing Xi Zhiwei's words, she opened her eyes with difficulty. what, what Xuxu child? "

"It's Yingluo."

Before Xi Zhiwei could finish her sentence, she heard the sound of hurried footsteps. She looked up subconsciously and saw PEI Munian's tall figure striding in from the entrance.

She was stunned, not expecting PEI Munian to return so quickly.

While she was still in a daze, PEI Munian had already walked over. Seeing su Wanwan like this, his eyes suddenly darkened. Wanwan!

He walked to the sofa and directly pulled Xi Zhiwei away with one hand. Then, he sat on the sofa and pulled su Wanwan into his arms. Wanwan, do you have a headache again? "

His hand covered su Wan's forehead at the same time and skillfully pressed it for her.

Su Wanwan saw PEI Munian and hugged him tightly. Nian, Nian, I, I love Yueyue.

“Don’t be afraid, don’t be afraid. I’m here, don’t be afraid of Yingluo.”

PEI Munian couldn’t help but comfort su Wanwan in a gentle voice. Her lips gently kissed her hair, and her fingers pressed down.

Auntie Wu came down from upstairs and rushed to the kitchen to pour a glass of water. She then ran back to the sofa and handed the medicine and water to PEI Munian. young master, the medicine.

pei munian took it, put the pill into su wanwan’s mouth, and then fed her water. however, she was in so much pain that her consciousness was blurry and swallowing was a little difficult. pei munian directly drank a mouthful of water, then kissed su wanwan, passed the water over, and helped her swallow the pill.

Xi Zhiwei stood at the side and looked at the scene in front of her. She was completely dumbfounded.

She knew that PEI Munian had always loved su Wanwan, but now she suddenly realized that he loved su Wanwan more than she thought. She even felt that the man in front of her was extremely unfamiliar and dazed.
