Su Wanwan's words, which came out of nowhere, shocked Wu Han. w-what? What's wrong with young master?"

"Niannian is bleeding, he will die!" Su Wanwan's tone became more and more anxious, so anxious that her eyes were rippling with tears.

Bleeding?

Auntie Wu was also a little nervous. is young master injured? Where are you hurt?" She paused for a moment. Afraid that su Wanwan didn't understand, she quickly added, " where is young master bleeding? "

"Nose!" Su Wanwan's slender finger pointed at her nose and emphasized, " it's bleeding here!

".....?"

Aunt Wu's heart was full of nervousness and was instantly repulsed by su Wanwan's words. She looked so anxious. She originally thought that the young master had suffered a serious injury. In the end, it was just a nosebleed?

Auntie Wu found it funny and comforted him, " young Madam, don't worry. He won't die from a nosebleed. Young master will be fine.

"You won't die? But the book said that bleeding means death!" Su Wanwan couldn't understand why what niannian and aunt Wu said was different from what was written in the book.

"This also depends on the situation."

Aunt Wu didn't know how to explain this slightly complicated issue to su Wanwan, so she could only change the topic. young Madam, how did young master get a nosebleed? Did you hit it by accident?"

Su Wanwan recalled PEI Munian's words just now and mimicked his words. no, no. Niannian said that he got heaty because it was too hot!

Hot? Getting heaty?

Aunt Wu subconsciously looked outside. It had been raining from time to time these days, and the weather was quite cool. How could she be so hot? Could it be that the dishes she had cooked recently were too hot?

As aunt Wu thought about it, her gaze inadvertently swept over su Wan. Her eyes suddenly narrowed and she suddenly understood.

It wasn't because the weather was hot. It was clearly because he was provoked by su Wanwan's sexy appearance. It was just that Xuxu never thought that her young master, who had always been steady and self-restrained, would actually have such a side.

Wu Sheng imagined PEI Munian's nosebleed and could not help but burst into laughter.

Su Wanwan looked at aunt Wu, puzzled. Her eyebrows furrowed. She was worried to death. Why was aunt Wu still smiling?

“Ahem.”

Auntie Wu coughed lightly, restrained her expression, and said seriously, “Young Madam, you really don’t have to be afraid. Young master is fine. He won’t die. He’ll live to a hundred years old.”

but he went to take a shower. He didn’t come out for a long time, and his voice has changed!

“Ahem.”

Su Wanwan didn’t know anything, but aunt Wu knew everything. Hearing her words, aunt Wu couldn’t help but feel embarrassed, but she didn’t know how to explain it to su Wanwan. She thought for a while and suddenly thought of something. She smiled and said, “Young Madam, if you’re really that worried, I can teach you a way to save young master.”

Su Wanwan’s eyes lit up. what way? ” Do you need to take medicine?”

no, you don’t have to take the medicine. It’s very simple. Just go and kiss young master.

“Kiss?” Su Wanwan’s eyes widened. what kiss? Are you going to kiss him like how niannian kisses me?”

Auntie Wu held back her laughter and nodded seriously. yes, kiss him like how young master kissed you, and young master will be fine!

Usually, PEI Munian would kiss her cheeks and lips from time to time. Although su Wan also liked him kissing her, she didn’t understand why he kissed her. So it turned out that it was used to treat illnesses?
