Chapter 45 I won't disturb you v

Su Wanwan's heart struggled and hesitated, but in the end, she couldn't resist the reality, the reality of the SU family, the reality of the SU family. Since she had already promised Grandpa, she couldn't go back on her word.

Su Wanwan's hand slightly clenched, then she held the pen, slowly put it down, and signed her name, one stroke at a time.

Su Wanwan's Pen fell and instantly broke PEI Munian's memories, mercilessly pulling him from the beautiful good of the past to the cruel reality.

He watched su Wan write her name. With every stroke she wrote, his body became colder. When she finished writing, he felt as if he had been thrown into ice water, so cold that it seeped into his bones.

After su Wanwan finished filling out the form, she handed it to the staff. She turned her face and met PEI Munian's extremely cold eyes. Her body couldn't help but tremble. She hurriedly lowered her eyes and avoided his gaze.

He knew that he shouldn't be looking forward to it, but he couldn't help but look forward to it. It turned out that he was just overthinking it. PEI Munian closed her eyes. Her heart was filled with anger, but she felt even more helpless.

The staff was extremely efficient and quickly prepared their marriage certificate. When they handed it over, PEI Munian stood up and left without even looking at it.

Su Wanwan quickly picked up the two red booklets and followed behind him.

After leaving the Civil Affairs Bureau, PEI Munian walked straight to his car. Su Wanwan stood there and didn't know whether to follow her or walk by herself.

After all, she was now PEI Munian's wife and should leave with him. However, he didn't seem to have any intention of giving her a ride.

Su Wanwan thought for a while and slowly stepped forward. Before PEI Munian opened the car door and sat in, she said in a low voice, " PEI, PEI Munian, are you going home now? "

PEI Munian paused for a moment and looked up at her. He sneered and did not hide his raging anger. what? " Do you think that you can ask all sorts of questions and order me around just because you're married to me?"

Su Wanwan swallowed the words that were on the tip of her tongue back down.

She had only wanted to ask him if he was going home and if he was, if he was going home, would he be able to drag her along? it was not that she could not walk on her own, but she did not know where his house was.

However, it seemed that she didn't need to know where his house was because he might not let her live there.

Su Wanwan lowered her head. I'm sorry. I didn't mean it that way.

PEI Munian knew that she was using this as an excuse to make a big fuss. However, she still felt uncomfortable when he was angry at her. The anger in her heart was still very stifled. He gripped the door handle tightly and took a deep breath. Mingdu District, No. 1888 baise road, courtyard 32 of Jinxiu city.

After throwing these words, PEI Munian forcefully opened the door, sat in, and then closed the door heavily. Then, she started the engine and stepped on the accelerator. The car quickly merged into the traffic and disappeared in front of su Wanwan.

Su Wanwan was stunned for a few seconds before she reacted. What PEI Munian said just now was the address of his house.

Su Wanwan took a taxi home. Su Zhenhua was wearing his reading glasses and reading the newspaper on the sofa in the living room. When he saw her return, he put down the newspaper and said, "Done with the registration?"

Su Wanwan walked over, sat on the sofa opposite Su Zhenhua, and nodded gently. yes, I came back to pack some luggage. I'll move over to live there later.

Su Zhenhua nodded and subconsciously looked outside. did mu Nian come back with you? "
