### 458 Our past (8)

Su Wanwan's sudden question made aunt Wu stunned. It had been a few months since she woke up from the operation, but she had never been curious about her past. She didn't expect her to bring it up.

"Auntie Wu?" Su Wanwan was anxious to know the answer and couldn't help but urge him again.

Aunt Wu's absent-mindedness was pulled back by su Wanwan. She blinked and didn't know how to answer su Wanwan for a moment.

Seeing how close she was with her young master now, if she knew what had happened in the past, wouldn't she be in a daze?

Wu Zheng swallowed his saliva, and his eyes flickered slightly. She slowly opened her mouth but did not answer. Instead, she asked, " young Madam, why did you suddenly think of asking this? "

"Because I can't remember anything. I want to know what I was like in the past. I also want to know what niannian and I were like in the past. Auntie Wu, you know that, right? Hurry up and tell me. "

Su Wanwan's beautiful big eyes stared straight at aunt Wu. Her eyes were full of anticipation because niannian told her before that aunt Wu was an old servant in the family and had been taking care of them. So, she must know about her.

"This Yingluo."

Aunt Wu hesitated. She didn't want to say it, but she couldn't not say it. Su Wanwan was no longer as stupid as she was when she had just finished the operation. She had her own judgment and consciousness. If she acted unnaturally now, it might make her overthink.

Auntie Wu thought about her words and replied, " "Yes, young Madam Wanwan, you're a very good person! He's very gentle, respectful, and likable."

Everyone liked to hear good words. When su Wanwan heard aunt Wu's words, she couldn't help but be happy. It turned out that she was a good person.

"Then, how did niannian and I meet? Did we have a good relationship in the past? Are we married now?"

It was written in the story that after the male and female protagonists got married, they lived together. She was also living with niannian now, which meant that they were married!

Su Wanwan's series of questions made aunt Wu's back sweat.

Regarding her own problems, she could still talk about it vaguely, but regarding the problems between her and the young master, she did not dare to speak carelessly. If she accidentally said something wrong, she could not bear the responsibility.

Auntie Wu laughed dryly, her eyes drifting away. young Madam, actually, I don't know much about you and young master. Why don't you wait for young master to come back and ask him what you want to know? "

Su Wanwan was somewhat disappointed. She thought that aunt Wu could tell her everything and see if she had any impression.

"Alright," he said. su wanwan responded in a daze.

Seeing that she had stopped, aunt Wu secretly heaved a sigh of relief. She couldn't help but wipe the cold sweat on her forehead. However, after a few seconds, su Wanwan spoke again, "aunt Wu, do I have family and friends?"

The characters in the story all had family and friends, but in her life, there were only niannian, Auntie Wu, and the doctor, Qianqian.

Aunt Wu couldn't help but complain. She would rather su Wanwan ask some strange questions than to let her hold on to these things and ask!

The young master did not want her to come into contact with others at this time, even if it was her family or friends.

"This Yingluo." Auntie Wu coughed lightly and was thinking about how to bluff her way through.

Suddenly, su Wanwan seemed to have thought of something and said in surprise: "That Pretty Woman from that day, is she my friend?"
