Chapter 48 I won't disturb you (8)

Su Wanwan gently inhaled and suppressed the sourness in her nose. She told herself that it didn't matter. No matter how much embarrassment he gave her, she would endure it and it would be over. In the future, she would be more careful, but maybe Wanwan and the others might not have a future. He was only forced to marry her. After a while, when the scandal has stopped, maybe there would be no need to continue their marriage. At that time, she would be free, Yingluo.

After su Wanwan adjusted her mood a little, she curved her lips, then picked up her luggage and walked into the villa.

The villa was magnificent and extremely luxurious. Even a simple decoration revealed a low-key elegance. Although su Wanwan was also born into a rich family, she was still a little speechless. No wonder Grandpa valued the PEI family so much. The wealth of the PEI family was indeed very amazing.

There were no women's slippers at the entrance, so su Wanwan had to change into men's slippers. The slippers were big and wide, so when she walked, it was inevitable that they were a little slow. In this quiet villa, there was a slight sound and su Wanwan subconsciously lightened her steps.

PEI Munian came out of the kitchen with a glass of water in his hand. He raised his head and drank it all in one gulp. Then, he casually put the glass down and continued to ignore her as he went upstairs.

Su Wanwan had been waiting at the door for so long. Now, she was hungry, thirsty, and tired. However, PEI Munian was so cold and she didn't dare to speak to him about this. She could only carry her luggage and follow PEI Munian upstairs.

The two of them walked one after the other. Su Wanwan tried to keep a certain distance from him.

PEI Munian went up to the second floor and went straight to the bedroom. Su Wanwan stopped at the door of the bedroom. Her marriage with PEI Munian was different from the marriage of an ordinary couple. He didn't love her, so he naturally wouldn't be willing to sleep in the same bedroom as her, right?

Su Wanwan thought about it and put down the suitcase. Then she raised her hand and gently knocked on the door.

PEI Munian took off her suit jacket and threw it on the bed. She was tugging at her tie when she heard a knock on the door. His hands did not stop and he only turned his head to look at the door.

When PEI Munian's Black eyes looked over, su Wanwan subconsciously felt a little nervous. She swallowed her saliva and said in a low voice, "May I ask which room I'm staying in?"

PEI Munian didn't seem to expect su Wanwan to ask such a question. He couldn't help but be stunned. Then, he smiled in disbelief.

He and su Wanwan were married, but su Wanwan asked her which room she was staying in on their first night of marriage?

In her heart, as long as she married him, as long as she held the title of the PEI family's young mistress, as long as she could keep the SU family's wealth, her mission would be considered complete? Did this marriage mean nothing to her?

PEI Munian's expression suddenly turned cold. He yanked off his tie and walked to the door in two or three steps. He reached out and grabbed the back of her neck, forcing her to look up. He looked at her and his voice was fierce and fierce. ha, su Wanwan, you didn't hesitate to strip naked to seduce me to bed and use this kind of dirty method to marry me. Now, you're telling me that you don't know which room you're staying in? Why are you pretending to be innocent?"

His hand was very strong and su Wanwan's neck was in pain. She frowned but didn't dare to struggle. She only tried to explain clearly, " I know you hate me very much and hate me very much. I also know that you married me because you had no choice, Hanhan. So, I won't disturb you and I won't disturb your life. You can, Hanhan, treat me as non-existent.
