Su Wanwan took out the diamond ring inside. So this is their wedding ring?

Su Wanwan tried to put it on her ring finger. There was a slight difference in the size, but she could still wear it. She raised her hand and looked at it with the help of the light. The diamond shone dazzlingly between her fingers and the smile on her lips became sweeter.

Auntie Wu walked over and saw the red marriage certificate. She couldn't help but heave a sigh of relief.

Fortunately, her guess was right. The marriage certificate was indeed in the company. Now, the young Madam could finally be at ease and stop.

Auntie Wu wiped the sweat from her forehead and said, " young Madam, since we've found the marriage certificate, let's go back to the villa. It's a little late. If young master calls home and we don't pick up, it'll definitely raise suspicions.

"Alright, let's go back."

Su Wanwan responded. She reluctantly took off the ring in her hand, picked up the marriage certificate, and put it back in the drawer according to the previous position. After all, she couldn't let niannian find out that something was wrong.

However, she saw that there was another document under the marriage certificate. She didn't pay much attention to it at first, but she caught a glimpse of the word " divorce " .

Su Wanwan's hand, which was putting down her things, suddenly stopped. Her black pupils contracted slightly, and the matter of her and PEI Munian's divorce agreement involuntarily flashed past her ears. Her hand trembled and reached out.

When her hand touched the paper, su Wan gritted her teeth hard, as if she had made up her mind. She quickly grabbed the document and picked it up.

Sure enough, the words 'Wanwan's divorce agreement' were clearly imprinted in her eyes. Su Wanwan's hand trembled and she almost lost her grip on the agreement.

Aunt Wu saw su Wanwan suddenly take out a document from the drawer and felt strange. She didn't expect it to be a divorce agreement. Her face immediately changed.

"How can this Kasaya be Kasaya?"

Su Wanwan's hands trembled and she quickly turned to the last page of the agreement. At the bottom, both parties signed their names. One was hers and the other was PEI Munian's.

So what Wanwan's nanny Li said was true. She really signed a divorce agreement with niannian, which meant that their relationship was broken? Or did Yingluo and the others never have feelings for each other?

Su Wanwan suddenly thought of something. She picked up the marriage certificate again, opened it, and looked at the wedding photo of the two people.

Marriage was supposed to be a happy and sweet thing, but from this photo, she couldn't see any happiness and sweetness at all. Ever since she woke up, Niannian had always been gentle and doting, but in the photo, his eyebrows were cold and his handsome face was tense, as if he was extremely reluctant.

Her expression wasn't any better. There was no smile on her face, and her eyes were dead. It was as if she knew that this marriage was destined to be unhappy.

The throbbing of finding the marriage certificate and the sweetness of seeing the ring disappeared in this instant. The smile on Su Wanwan's lips froze on her face and her face turned white little by little.

Aunt Wu looked at Su Wanwan, who was sitting there in a daze and swaying, and her heart was tightly clenched.

She had never expected that the young master and the young Madam had signed a divorce agreement. Their relationship had actually deteriorated to such a state.

What should he do now?

"Young Madam, are you ... Are you alright?"

Su Wanwan suddenly got up from the chair, grabbed the divorce agreement, and ran directly to the door!
