503 What is your relationship (13)

Su Wanwan couldn't break free from his embrace and was unwilling to agree to his conditions so easily. She could only say angrily: "Tell me what happened first."

If they were really divorced, if she was really in a relationship with Xi Zhiwei, then how could she still stay by his side!

"Promise me first,"

"You go first!"

PEI Munian pretended not to hear her and hugged her even more tightly.

Su Wanwan and PEI Munian confronted each other for a while. In the end, she lost. okay, as long as you don't lie to me or hide things from me, I'll agree to it!

PEI Munian secretly heaved a sigh of relief.

His arm loosened and slightly separated su Wanwan. His black eyes fell on her face and he said softly, "Let's go into the room first. We'll talk after you wash your face,"

He didn't wait for su Wanwan to answer. He took her hand, took out the room card, swiped the door lock, and then pushed the door open.

PEI Munian took su Wanwan to the bathroom and wanted to help her wash her face. However, su Wanwan pushed him out, slammed the door, and locked it.

PEI Munian stood at the door for a few seconds and did not force him. He turned around and walked into the living room.

When su Wanwan came out of the bathroom, PEI Munian was standing by the floor-to-ceiling window on the phone. She vaguely heard that she was telling aunt Wu that she was with him and there was no need to look for her.

Su Wanwan walked over. PEI Munian had just ended the call and turned around. He walked to the coffee table, picked up the warm water he had just poured and handed it to su Wanwan. drink a cup of water first.

Su Wanwan stared fixedly at the glass of water and her nose couldn't help but feel a little sour. Niannian was always so considerate and gentle, so she was so convinced that the relationship between them was very good, but she was also ruthlessly slapped by the cruel reality.

She really couldn't tell if his kindness was real or fake.

Su Wanwan didn't take the glass of water. Her gaze moved from the glass to PEI Munian's face and she asked, "are we divorced?"

PEI Munian had no choice but to stuff the glass of water directly into su Wanwan's hands and replied, "No, I didn't,"

He answered very quickly and without thinking. He did not seem to be lying to her.

Su Wanwan pursed her lips and glanced at the divorce agreement on the coffee table. then why did we sign the divorce agreement? Our relationship is broken? Yingluo, we didn't get married because we loved each other."

She had tried very hard to keep herself calm, but when she said the last few words, her voice couldn't help but tremble.

When she saw the divorce agreement, she wasn't afraid of the fact that they were divorced, but she was afraid that she and niannian had never had feelings for each other and never loved each other.

Love each other

To most people, this was a beautiful word. However, to PEI Munian, it was an extreme pain.

His greatest hope was nothing more than to be able to fall in love with su Wanwan. However, before she forgot the past, he was never able to make her fall in love with him.

PEI Munian lowered her eyes and avoided su Wanwan's clear gaze. His voice became lower and lower, with a little bitterness. Wanwan, there were indeed some problems in our marriage. In the situation where we lost our rationality, we signed the divorce agreement. However, we didn't get divorced, so this agreement didn't take effect.

Su Wanwan's eyebrows furrowed tightly. what question? " Is it your problem or my problem? Or is it Yingluo's problem with Xi Zhiwei?"
