### 535 Misdirection (5)

Her period would come at the beginning of the month. She could still remember the first time she came. Because she did not know what it was, she kept bleeding. She thought she was going to die and cried for a long time while hugging PEI Munian.

When PEI Munian was coaxing her, she was anxious and said that anyone would have it. Once a month, it would disappear after a few days. She coaxed her well, but she kept chasing PEI Munian to see when he would come. In the end, his lower part was not bleeding. She panicked for a long time, thinking that he was lying to her and that she still had to die.

Every night when she fell asleep, she would still wake up in her dreams. She would touch her own butt and PEI Munian's butt to make sure that both of them were not bleeding before she dared to go to sleep in peace. Thus, she remembered the time of her period very clearly and was very sensitive to her period's arrival.

It was already past the 10th, but her period this month had not come.

Su Wanwan's nod was half-way through. Yu Jia couldn't figure out what she meant and couldn't help but ask again, "do you have it or not?"

Su Wanwan's beautiful big eyes looked at Yu Jia and shook her head. not yet this month.

"Then, did you feel any lack of appetite or nausea?"

Su Wanwan frowned and recalled for a moment. She nodded. I have no appetite. I don't want to eat recently. I feel nauseated. A little.

She had been having nightmares all this time, causing her to be in a bad mood. Every day, she was busy accompanying Mrs. PEI, so she didn't want to eat anymore. She didn't want niannian to worry, so she forced herself to eat. In the end, she felt nauseated and vomited everything out.

Yu Jia asked a lot of questions but didn't come to a conclusion. Gong Lingyu was worried that su Wan's body would have problems again and couldn't help but urge, "Dr. Yu, what's wrong with Wanwan?" Isn't it just a normal fainting?"

"What's the hurry, really!" Yu Jia glanced at Gong Lingyu. I need to ask clearly to know what's going on!

Yu Jia asked su Wanwan a few more questions in succession and su Wanwan answered them one by one. She then nodded and looked at su Wanwan, not knowing whether she should be happy or worried. Wanwan, you should be pregnant.

Pregnant?

Su Wanwan suddenly lowered her head and looked at her flat stomach.

She had a child? Having a child like Xi Zhiwei? Was it her and niannian's child?

Gong Lingyu was also shocked by this news, and his eyes widened in shock.

Wanwan is pregnant again?

PEI Munian really caught him off guard every time. The last time, he was tricked and Wanwan didn't believe what he said. This time, he finally met Wanwan again and before he could even say a word to her, she gave him such a shocking bomb.

Su Wanwan's hand slowly touched her stomach. In a trance, she finally understood why niannian would sleep with her like that. It turned out that the gift he was talking about was the child Yingluo.

She had a child that belonged to her and niannian. She had a gift for her mother-in-law. She should have been happy, but she didn't know why, but there was a sharp pain in her heart. She felt very sad.

Su Wanwan's eyes suddenly turned red and the bottom of her eyes were wet. At the same time, her head suddenly hurt again. Su Wanwan's face quickly turned pale and she cried out in pain.

Yu Jia didn't expect su Wanwan to have such a big reaction and was shocked. Wanwan, are you okay? ”
