"ahem." Yu Jia unconsciously cleared his throat, his black eyes darting left and right before he said in a low voice, "Wanwan, listen to me. Don't get too excited.

Yu Jia held su Wanwan's hand, swallowed his saliva, and continued, "I was afraid that you fainted and hurt the child, so I checked you and found out that Yingluo found out that you didn't have a child. I thought I was too careless that day. I made a conclusion based on the high HCG value and your period just happened to be late. I'm sorry, Wanwan.

".....?"

su wanwan looked at yu jia in a daze, as if she didn't understand what she was saying.

Yu Jia scratched the back of her head awkwardly. As a professional gynecologist, she shouldn't have made such a low-level mistake. It even caused her good friend to be overjoyed.

"It's fine, Wanwan." Yu Jia held su Wanwan's hand tightly and said, "you're still young, and PEI Munian is also strong and healthy. It's only a matter of time before you have a child. Work harder, and perhaps you'll have good news soon.

"Good news?"

Su Wanwan slowly came back to her senses and suddenly smiled, but her smile was unusually bitter.

She remembered everything. Everything that had happened, the love and hate between her and PEI Munian, including Xi Zhiwei and her lost child, Yueyue.

Unexpectedly, she had lost more than one. The moment she opened her eyes, she had lost another one, even though it was just a mistake.

"yu jia, there won't be any more good news for pei munian and me."

only then did yu jia notice that su wanwan wasn't quite right. could she have been hit by the child?

Yu Jia looked at su Wanwan nervously. Wanwan, I'm sorry. It's all my fault. I should have given you a detailed examination that day before making a conclusion. I, I can explain it to PEI Munian. He won't blame you.

"Yu Jia, it's not because of this Yingluo."

Su Wanwan interrupted Yu Jia's words. She pursed her lips and said hoarsely, "I, I remember everything.

"Ah?"

Yu Jia was stunned for a moment, then her eyes widened and she looked at her in shock. you ... You remembered? "Do you, do you remember everything from the past?"

Su Wanwan lightly nodded. I remember everything.

She had once wanted to get back her memories, but now that she had really gotten them back, there was only an incomparably heavy weight on her heart. It didn't feel real at all, as if it was just a nightmare.

"This Yingluo."

Perhaps she was too shocked, Yu Jia was speechless for a long time. After a long while, she took a deep breath and said, "I really didn't expect that your brain damage was so serious and you became like that after the operation. I thought you wouldn't remember those memories anymore."

Yu Jia looked at su Wanwan's obscure eyes and his heart couldn't help but ache. "that Wanwan, do you still hate PEI Munian?"

To be honest, when she first found out that PEI Munian wanted to abort su Wanwan's child, she was also very angry. Even if he didn't love her, he couldn't hurt Wanwan and her child so willfully. However, after she found out about the blood clot in Wanwan's brain, she suddenly felt that perhaps PEI Munian wasn't really that bad. Perhaps he also hoped that Wanwan could survive.

Did he hate PEI Munian?

These words entered su Wanwan's ears and her expression was slightly dazed.
