Yu Jia didn't understand su Wanwan's words. She wanted to persuade her, but the determination in su Wanwan's words made it impossible for her to persuade her. After all, when it comes to matters of the heart, it's like a person drinking water. Only they know whether it's cold or warm. She, as an outsider, it's indeed inconvenient for her to interrupt so much. What she thinks is good may not be good for her.

Yu Jia sighed. so you're going to separate from PEI Munian? Wanwan, actually, isn't PEI Munian treating you quite well now? Is it really impossible between you two?"

"It's very good."

Su Wanwan responded softly. The happy and sweet days of this period of time appeared in her mind. The corners of her lips rose, but it disappeared in a flash. it's just that he doesn't love me.

Yu Jia's brows furrowed. She sat on the edge of the bed, her eyes filled with confusion. Wanwan, I actually have a question that I've been wanting to ask you. You always say that PEI Munian doesn't love you. Why? Back then, even though you were the one who pursued PEI Munian first, didn't you manage to get her in the end? He must have agreed to it because he likes you. Although you broke up with him after less than 20 hours, you were the one who initiated the breakup, right?"

At that time, when she heard su Wanwan say that the two of them had broken up, she was directly dumbfounded. She wanted to ask su Wanwan why, but she was too sad at that time and she didn't dare to touch her wound. She kept it in and didn't ask. Later, because of her family's matters, they rarely met, so she didn't have the chance to ask.

The past that had not been mentioned for a long time was suddenly brought up. Su Wanwan was dazed for a moment, then her heart unconsciously filled with bitterness. Even if it was something in the past, she still felt sad. That was probably the reason why Pei Munian would never love her in this life.

"He didn't agree to be with me because he likes me."

"What do you mean?"

I once did something that was unforgivable and unforgivable to him, so I reproached him.

Su Wanwan had not finished speaking when her phone suddenly rang and interrupted her. She picked it up and saw that it was PEI Munian.

Su Wanwan's hand slightly clenched her phone and shushed at Yu Jia. She took a deep breath, cleared her throat, and then pressed the answer button, " Nian Nian.

PEI Munian's voice was a little low and a little anxious. Wanwan, where are you? Auntie Wu searched the entire villa and couldn't find you. Did you go out?"

"Yes, I suddenly thought of buying something, so I went out to buy it."

"Then why didn't you tell Auntie Wu? she was so scared, so was I."

"I'm sorry, niannian, I forgot."

PEI Munian was silent for two seconds. Wanwan, your body hasn't fully recovered yet. Furthermore, you're pregnant. You can't run around on your own, understand? If you want to buy anything, you can tell me and I'll go with you. Or you can tell Auntie Wu and ask her to go with you."

"Okay, I won't go back next time." Su Wanwan lowered her voice and looked like she knew she was wrong. I'm going home now.

where are you? I'll come and pick you up.

"It's fine, I can take a taxi by myself,"

"Speak," he said.

Su Wanwan was helpless and could only tell him the name of a shopping mall near the hospital.

"Alright, I'll be there soon."

After hanging up the phone, su Wanwan rushed to Yu Jia: Yu Jia, I'll leave the abortion papers to you. Also, if you can, lend me some cash. I'll contact you later. I have to go now.
