567 He's getting married (9)

"It's fine, I just arrived."

PEI Munian replied indifferently and got up from the ground. She casually flicked the corner of her clothes, her movements as elegant and handsome as ever.

Xi Zhiwei stood beside him. She was pretty and lovely. From a distance, the two of them looked like a natural couple.

Her heart seemed to have been hit hard by something. Su Wanwan's hand covered her heart, her face slightly pale.

Even though she had learned from the magazines and Yu Jia that they were together, she still felt uncomfortable when she saw the scene in person.

Xi Zhiwei turned around to face the tombstone and put down the flowers in her hand. She said gently to the person in the photo, "Brother, I'm here to see you. How are you?" she asked.

in the blink of an eye, you've been gone for so many years, but I still feel like you've been by my side all this time, protecting me. Brother Munian is the same. He didn't let down his promise to you. He's been very, very good to me.

Xi Zhiwei's voice trailed off as she spoke. Her cheeks were flushed red and her eyes became shy. Oh right, brother, I have good news for you. Brother Munian and I are getting married.

"Brother mu Nian will definitely treat me better in the future. You can rest assured."

As Xi Zhiwei spoke, she could not help but glance at PEI Munian. He was standing there, his handsome face expressionless. His eyes were deep and dark, and no emotions could be seen.

The light in Xi Zhiwei's eyes dimmed slightly, but it disappeared in a flash. She was still smiling and telling Xi Zhiqian the good news that belonged to her.

Su Wanwan's heart, which had just been stirred by PEI Munian's words, was instantly extinguished by Xi Zhiwei's words, as if a basin of cold water had been poured on her.

So, PEI Munian and Xi Zhiwei are really getting married, Yueyue.

This time, it wasn't some unreliable scandal or some nonsense. It was real.

He was really going to get married.

When she found out that he might have liked her in the past, he was about to marry Xi Zhiwei.

Su Wanwan suddenly felt that it was ridiculous and suddenly felt that everything was really predestined. When PEI Munian was still by her side, she was not able to detect his feelings. She only realized it after pushing him away, but it was already too late.

Since PEI Munian wanted to marry Xi Zhiwei, it proved that he really liked her and that was why he wanted to marry her. What about her? If she were to rush out now and ask PEI Munian if she had liked her back then, she would probably be asking for humiliation.

Whether she liked him or not, she had already lost him, hadn't she?

If other people were in love with each other, there would be no room for others to interfere. She chose to let go first, so she could not blame anyone.

Su Wanwan lowered her eyes and clenched her fists tightly. Then, she let go weakly. She could no longer look at the scene of PEI Munian and Xi Zhiwei standing together. She turned around and walked away in another direction.

Xi Zhiwei continued to ramble on and on to Xi Zhiqian while PEI Munian remained silent. When the two of them were about to leave, Xi Zhiwei saw the coldness on his handsome face. Her red lips moved and she asked in a low voice, "brother Munian, do you not like me saying those things in front of my brother?"

PEI Munian glanced at her but did not say anything.

Xi Zhiwei's eyes flickered and she lowered her voice. I'm sorry, brother mu Nian. I just wanted to make him happy, so I said that. I know about this marriage. Qianqian.
