585 a domineering return (7)

After su Wanwan left the baby's room, she gently closed the door. She walked out of her room and sat on the bed in a daze for a while. Then, she picked up her phone and called the lawyer.

It was still early, so the lawyer's voice was hoarse and sleepy when he answered the phone. Ms. Su? "

"I'm sorry to disturb you so early."

"Ah, Yingluo."

The lawyer responded. Then, su Wanwan heard the sound of someone getting dressed, followed by footsteps. He seemed to have walked to the balcony. He cleared his voice and said, "it's fine, but it's so early. What's the matter, miss su? "

Su Wanwan's hand slightly clenched her mobile phone, pursed her lips, and she slowly opened her mouth. well, the matter of helping xiaoze move his household registration shouldn't be done yet, right? "

The lawyer was a little embarrassed and replied, " yes, the procedure is still in progress and will take some time. Miss su, are you in a hurry? "

no, that's not what I meant. I just wanted to say that if you haven't finished it yet, can you stop for a while and not do it? "

"What?"

The lawyer couldn't suppress the shock in his voice. He thought that su Wanwan called to rush him because she was in a hurry. He didn't expect her to suspend the process. the procedure is already halfway done. Miss su, are you sure you want to withdraw it? "

Su Wanwan's eyebrows were tightly knitted. Hesitation and struggle flashed in her eyes, but in the end, the blood in her mind pressed down and she softly hummed.

okay, I understand. I'll withdraw those applications.

"I'll have to trouble you, lawyer."

"It's no trouble at all."

The lawyer paused for a moment. Perhaps he was affected by his Secretary's gossipy nature, but he couldn't help but ask, " miss su, why do you suddenly want to withdraw your household registration? Don't tell me ran ran is planning to move into the PEI family?"

The PEI family's household register?

It was not the first time the lawyer had asked this question. He had asked this question before, but she had not paid attention to it at that time. Now that he said it, it seemed very abrupt.

She and PEI Munian had already divorced. Putting aside the fact that Xiao Zeze was not their child, even if he was, it would not be easy for her to move into the PEI family's household register. As a lawyer, he should know better than she did. Why would he ask such inept questions again and again?

Su Wanwan found it a little funny and was even more puzzled. She didn't answer and asked instead, "lawyer, PEI Munian and I have already divorced. I'm no longer in the PEI family's household register. How can little Zeze move into the PEI family's household register? Aren't you just teasing me?"

".....?"

The lawyer was silent for a moment, then suddenly raised his voice. miss su, you didn't know? "

"You know? What do you know?" The doubts in su Wanwan's eyes grew.

The lawyer replied matter-of-factly, " the divorce agreement between you and young master PEI has not been notarized yet. I haven't completed the divorce procedures for you two.

There's no Yingluo who didn't go through the divorce procedures?

Her black pupils suddenly contracted. Su Wan swallowed her saliva in disbelief, grabbed the phone tightly, and stammered, " PEI, PEI Munian didn't give you the divorce agreement? "

When she ran away from the marriage, she had clearly asked PEI Munian to hand the signed divorce agreement to the lawyer to handle the divorce. She had thought that he had already handled it long ago.
