“Ah?” Su Wanwan’s Black eyes opened slightly, full of puzzlement. isn’t it? I’ll run.”

Her words came to an abrupt end. She did not seem to have heard anything about PEI Munian and Xi Zhiwei being together before she left. It was only after she returned to the country that she heard the news that they were about to get married. Naturally, she thought that they were together.

Now, it doesn’t seem to be the case.

Su Wanwan pulled aunt Wu to sit down and quickly asked, “Auntie Wu, what’s going on with niannian and Xi Zhiwei?”

“Actually, I’m not very sure about this either. I only know that after you ran away from the marriage a year ago, young master was depressed for a long time. About two months later, he went out very early one day but came back very late. As soon as he came back, he asked me to pack up all your things and throw them away. After that, he even asked someone to renovate the villa. However, during that period of time, young master and Miss Xi did not have much contact. He was always alone and often worked overtime in the company. He would only come home once in a few days.”

Two months? She remembered that her grandfather’s official burial was around the same time. She had wanted to rush back to see her grandfather off, but she had been delayed by Xiao Zeze’s matter and could not come back.

However, she was rather surprised. She thought that PEI Munian and Xi Zhiwei would naturally get together after she left, but there was no movement? Why?

“Niannian did not keep in contact with Xi Zhiwei, so why are they getting married now?”

“To be honest, I’m also quite surprised about this.” Wu Min frowned, as if recalling something. when I was having dinner with my son, I asked him about it. He didn’t say much. He just said that half a year ago, didn’t Miss Xi get into a car accident? I heard that when the car accident happened, Madam was also there, but the only person who got injured later was Miss Xi. At that time, Miss Xi’s child was already very old, and the child was miscarried just like that. She was sad for a long time.”

perhaps it was because of Miss Xi’s injury that young master went to the hospital to visit her. That’s why the two of them started to interact again. I’m not sure what happened after that, but I think ran ran’s feelings for her were developed at that time.

When aunt Wu said the last sentence, she saw the shock on su Wanwan’s face and realized that she said something she shouldn’t have said. She was secretly upset. young Madam, I was just guessing randomly. Don’t take it seriously. No matter what, you and young master didn’t divorce. You are the real young Madam. Miss Xi is ultimately not legitimate.

Su Wanwan didn’t hear aunt Wu’s comforting words. Her attention was completely focused on Xi Zhiwei’s injury. She had guessed that since she hadn’t seen Xi Zhiwei’s child until now, she should have died in the car accident. However, she didn’t expect PEI Munian to be with her only after Xi Zhiwei’s car accident.

Yes, Yu Jia had mentioned it to her before, but she was so immersed in the news of their marriage that she didn't think much about it.

Based on her understanding of PEI Munian, if they liked each other, it would not have dragged on for so long. Could it be that PEI Munian and Xi Zhiwei's marriage was not because of love?
