Chapter 62 It's just that she doesn't love me IV

don't forget that your wedding with PEI Munian hasn't been decided yet. No one knows that you two are married. We won't be able to get any benefits!

so, the most important thing for you now is to coax PEI Munian and get him to transfer the remaining money over as soon as possible. You should also pick a time to hold the wedding as soon as possible. Don't use work as an excuse to not be home and make him unhappy!

how about this? come to the company tomorrow and hand over your work to Secretary su. He'll be in charge of the promotion and advertising of the project. You can stay at home and serve your husband well.

Su Wanwan's heart suddenly trembled.

She wanted to return to the company to work. Firstly, she did not want to stay in the villa all the time with nothing to do and let her thoughts run wild. At the same time, she could avoid PEI Munian. Secondly, she wanted to participate in the project and launch the product as soon as possible. She hoped that she would not have to rely on the PEI family's money after she made a profit.

Now that her grandfather wanted her to put down her work with just a few words, how could she be willing?

"Grandpa, it's Yingluo."

With a click, the phone was hung up directly. Su Wanwan couldn't say a word of what she was about to say.

Su Wanwan's eyes couldn't help but turn red. She always knew that because she and her sister were both girls, no matter how hard they tried, Grandpa didn't like them. After her parents passed away, he was willing to take her and her sister back to the old house because he saw that her and her sister's marriage could bring benefits to the SU family. At that time, his sister Qianqian was forced by him to marry a rich child he didn't love.

She originally thought that in the year that she and her grandfather had lived together, she had been obedient and sensible, and her grandfather had changed his opinion of her a lot. He even cared about her and thought for her. However, she didn't expect that ran ran would only talk about the SU family's interests and not her.

Her nose was sour and the mist in front of her eyes rose. Su Wanwan raised her head, sniffed hard, and forcibly suppressed the desire to cry.

Grievances and sadness were of no help to her now. No matter how bad it was, she could only endure it.

She could only listen to her grandfather for the time being. As long as she did well in the project and made money, she would have the right to make decisions in front of her grandfather. She could not be like her sister, being controlled by her grandfather for the rest of her life.

Su Wanwan sat there and took a few deep breaths. She adjusted her mood and asked someone to pay the bill. She took her bag and left the cafe, walking towards the villa.

When su Wanwan returned to the villa, it was almost ten O'clock. Aunt Wu saw her coming in and quickly greeted her, " young Madam, you're back. Have you eaten? "

Su Wanwan nodded perfunctorily and replied that she had eaten. Then, her line of sight glanced at the second floor without a trace. She pursed her lips and asked in a low voice: "Where's PEI Munian?"

young master has returned long ago. He should be in the study now.

Hearing aunt Wu's words, su Wanwan unconsciously let out a sigh of relief. She smiled and said, " Auntie Wu, I'll go up first."

Su Wan went upstairs and quietly walked around the study and went straight to the bedroom. As soon as she entered the bedroom, she closed the door, put her bag on the sofa, and then ran to the bathroom.

She had been like this for the past few days. Once she returned home, she would return to the bedroom, take a shower, wash up, and do her skincare. Before PEI Munian returned to her room, she would crawl into bed and sleep. Then, she would get up early the next day to go to the office. This way, she could avoid meeting PEI Munian.
