

Deeply 631

631 Did he go with her?(1)

Auntie Wu looked at her anxious expression and couldn't help but smile. young master left a long time ago. Young Madam, it's too late for you to rush down now.

"Well, I overslept." Su Wanwan grabbed her hair in annoyance. forget it, we'll talk about it when he comes back tonight.

Auntie Wu's eyes widened in surprise. young Madam, don't you know? Young master has to go on a business trip at the last minute and won't be back for a while."

"What? A business trip?"

Auntie Wu nodded. yes, I saw young master carrying his luggage down this morning. He didn't even eat breakfast and rushed to the airport. He told me not to wake you up. I thought he had already told you.

Tell her? He didn't tell her anything and left for a business trip without a word. Was Yueyue really going on a business trip or was she deliberately avoiding her?

Su Wanwan's beautiful eyebrows furrowed even more tightly. then, then how long is he away for? " Did he say when he would be back?"

"The young master didn't mention this."

Su Wanwan's enthusiasm was doused by such a basin of cold water. She couldn't help but feel a little dejected.

She wanted to strike while the iron was hot. However, she had just started her attack and PEI Munian was already avoiding her. Should she chase after her?

But thinking of his angry look yesterday and that cold back, su Wan quickly shook her head.

PEI Munian must have been really angered by her yesterday, so she suddenly went on a business trip. If she continued to pursue him like this, she might really cause him to feel repulsed. It was better to let him calm down for a few days.

When he came back from his business trip and his mood had more or less calmed down, she would find a chance to talk to him. Anyway, the monk could not run away.

Thinking of this, the depression in su Wanwan's heart dissipated a lot. She went back to her room, picked up her phone, and called PEI Munian, but she didn't pick up. She wasn't discouraged. She composed a text message and sent it over.

[work hard. I'll wait for you to come back.]

The text message was like a stone sinking into the sea, there was no reply.

—

In the blink of an eye, PEI Munian had been on a business trip for three days. Su Wanwan insisted on sending him text messages every day, even though he never replied. However, when she recorded the video of her and Xiao Zeze and sent it over, it showed that it was read.

Su Wanwan couldn't help but feel a little jealous sometimes. PEI Munian only cared about Xiao Zeze and didn't care about her at all.

It was just like what PEI Munian had said that night. If they did not have a child, there would be nothing between them!

Unfortunately, Xiao Zeze was not her and PEI Munian's child. Even if everything was fine now, she could not help but worry that the truth would be exposed one day.

The more su Wanwan thought about it, the more depressed she became. She didn't want to be bored alone. She took out her phone and called Yu Jia, "are you free?" "Come out and have a meal."

sure," Yu Jia agreed readily. come to xxx hotel, I'm here.

After su Wanwan arrived at the restaurant, she saw Yu Jia dressed like a lady and was shocked for a while before saying, "Yu Jia, is this Yingluo?"

a blind date. I just finished one, but I can't eat in front of that rich man, so I asked you to wash my eyes so that I can have an appetite.

Su Wanwan chuckled. is it that exaggerated?"

Yu Jia shook his head weakly. I don't want to talk about it anymore. By the way, how come you have time to ask me out for dinner?" "Don't you need to watch over your young master PEI today?"

"Don't mention it. They went on business trips to avoid me."
