d-don't talk nonsense. I'm just afraid that you'll overthink things, so-so I explained. The person Gong Lingyu, H-likes, I-has always been you. You know that. Yu Jia quickly retorted, but her cheeks were flushed.

Su Wanwan bluntly exposed her, "you're still denying it? your face is red and you're stuttering. Yu Jia, you stutter every time you lie nervously. Do you still want to lie to me?"

"I already said it's not."

Yu Jia, if you're concerned about me, there's no need to. You know that Lingyu and I are only good friends. It's impossible for us to be together. Lingyu also told me that he has given up on me. If you like him, you can pursue him bravely.

"Wanwan, it really wasn't Wanwan."

Yu Jia still wanted to deny it, but when she met su Wanwan's clear eyes, she couldn't say the words in her throat. She and su Wanwan had been friends for many years. She could see through su Wanwan's mind, so how could su Wanwan not see her mind?

Yu Jia nodded helplessly. alright, I admit that I have a good impression of him. But Wanwan, it's impossible between us.

"Why?"

Yu Jia's lips twitched. I'm different from you. You're a rich young lady. Even if your family has fallen, you're still a rich young lady. What about me?" "She's just an ordinary girl from the countryside. She has no background, no money, no looks, no figure. Gong Lingyu is also a young master from a rich family. The difference between us is like heaven and earth, and we're people from different worlds. If it weren't for you, I wouldn't have known him, and I wouldn't have interacted with him. But even if I did, we would at most be friends, and it would be impossible for us to move forward."

Su Wanwan didn't agree with Yu Jia's idea. She shook her head and said, "It's the 21st century now. What rich and powerful, what ordinary people, it's not as exaggerated as you think. Now, as long as two people love each other and are determined enough, parents can understand. According to my understanding of uncle and aunt Gong, they probably don't care that much about family status."

However, su Wanwan felt a little guilty when she said this. After all, she did have the identity of the SU family's daughter at the beginning, so Mr. And Mrs. Gong weren't picky about her identity. However, if it was Yu Jia, who had no background, then ...

"But Wanwan, Gong Lingyu doesn't like me."

Yu Jia shrugged, his tone relaxed, but there was still a touch of frustration in his eyes. I'm already at this age, and my parents are urging me to get married. I don't have time to pursue a relationship that doesn't have a result. I'd better be honest with my marriage, find a man that I like, marry him, and live a happy life with him.

“Yu Jia,”

Alright, alright. Your own matters are still a mess, so don't worry about my matters. Quickly go back and find out where PEI Munian is on a business trip. The right thing to do is to bring your husband back!

Su Wanwan could see that Yu Jia didn't want to mention Gong Lingyu again, so she could only shut her mouth. After all, everyone's choice was different. For Yu Jia, a wealthy family like the Gong family was indeed not suitable for her. It was better to be happy in an ordinary way.

After Yu Jia and Su Wanwan parted ways, Yu Jia received a call from the hospital. There was an emergency patient that needed her to come back to see. Yu Jia turned the car around and rushed back to the hospital. She pushed open the door of the consultation room and saw Gong Lingyu standing by the window and looking back.
