Before the matter was investigated clearly, she better not take the initiative to befriend PEI Munian. Otherwise, if she guessed wrong, PEI Munian would mock her again. Moreover, she had a temper, and his words were really too piercing.

He could be angry at her however he wanted, but she didn't want him to have any relationship with Xi Zhiwei. Even if it was fake, she would still be upset! If he really cared about her even a little, then she would let him be troubled too!

Su Wanwan took back her phone, dragged her suitcase, and left.

When they returned to the villa, it was already past nine o'clock in the evening. Aunt Wu was coaxing little Zeze to sleep. When she went downstairs, she saw su Wan walking into the entrance with a suitcase. She was surprised for a moment and quickly went up to greet her, " young Madam, you're back? " How could he be so fast?"

She had only been gone for two days, and she had actually returned so quickly.

She couldn't help but look behind her. where's the young master? Will I come back with you?"

Su Wanwan paused for a moment and shook her head. he didn't come back. I was chased back by Hanhan.

"Ah?"

Su Wanwan changed her shoes and walked in in her Cotton Slippers. She sat on the sofa and pounded her sore calves because she had been sitting for a long time.

Aunt Wu finally reacted to su Wanwan's words. She first went to the kitchen to pour a glass of water for su Wanwan and then looked at her expression. Seeing that she wasn't particularly depressed, she opened her mouth, " young Madam, what exactly happened? Why did Yingluo chase you back?"

Su Wanwan picked up the cup and took a big sip. After swallowing it, she licked her dry lips and smiled indifferently. it's because he's with Xi Zhiwei. He doesn't want me to be a hindrance to them.

"This Yingluo."

Su Wanwan's tone made it difficult for aunt Wu to judge if she was sad.

Su Wanwan glanced at aunt Wu's expression and patted the sofa beside her. Auntie Wu, have a seat. I have something to ask you.

Auntie Wu sat down.

Su Wanwan pondered for a while and opened her mouth. in the car accident half a year ago, Xi Zhiwei was injured and lost her child. She recuperated for a few months. Has her body recovered? "

Aunt Wu didn't expect su Wanwan to suddenly ask about Xi Zhiwei. She was stunned for a moment and then nodded. of course, during that period of time, young master coughed and coughed. Young master

kept accompanying her. Perhaps it was because he was in a good mood, he recovered very well. After she was discharged from the hospital, she directly started acting and she was in a very good state.

Recovering well?

If that was the case, did her body not have any aftereffects? If not, then she had guessed wrong?

Su Wanwan's eyes narrowed. at that time, Xi Zhiwei's child was already so big. Did it really not cause any damage to her body? "

it shouldn't be a big problem. After Miss Xi was injured, Madam was very nervous. She invited famous experts from home and abroad to take a look at her and gave her all kinds of tonics and herbs. Otherwise, Miss Xi wouldn't have recovered so quickly.

Su Wanwan's originally good mood was suppressed by aunt Wu's few words. She was thinking about things just because of an exclusive interview. Was she thinking too much again?

Su Wanwan's eyes darkened. She bit her lip and said, " Auntie Wu, do you know which hospital Xi Zhiwei was in at that time? who was the doctor in charge? "

"This Yingluo."

Wu Ju furrowed his brows and thought carefully for a moment before he replied, " I'm in the central Hospital, but I don't know who the doctor in charge is."
