"Other things?" Aunt Wu looked at su Wan doubtfully. She didn't answer but asked, " young Madam, what else should young master say? "

Su Wanwan was choked by aunt Wu's words. She held it in for a long time until her face turned red. She flew into a rage out of humiliation. She suddenly stood up from the sofa and said angrily, " "It's nothing!"

She did not care if PEI Munian asked or not!

Su Wanwan lifted her feet and walked in the direction of the stairs.

"Young Madam, aren't you going to have breakfast?" Auntie Wu asked.

She was already full of anger, so why should she still have breakfast? Su Wanwan didn't even turn her head. I'm not eating anymore. You eat with little Zeze. Remember to eat more so that someone won't worry!

No one was worried about her eating anyway, okay?

Aunt Wu listened to su Wanwan's resentful tone. She was even jealous of the young master. She couldn't help but laugh and then said, " young Madam, I was just joking with you. Actually, young master also said something else.

Su Wanwan's footsteps suddenly stopped. A light quickly rose from the bottom of her eyes. She pursed her lips and suppressed her throbbing heart. She turned her body slightly and raised her face slightly, " what, what else did you say? "

"Young master said that if you're sick, you should go see a doctor. Don't spread it to young master."

Was he sick? Was PEI Munian cursing her? No, why did she stop Auntie Wu from talking nonsense just now and cough for a long time? so he heard it and thought she was sick?

So if he asked her to see a doctor, was he concerned about her?

The corners of su Wanwan's lips couldn't help but rise a little, but she still said proudly, " who wants him to be meddlesome? besides this, did he say anything else? "

Auntie Wu shook her head. I really don't have any more this time.

"Oh."

Auntie Wu paused for a moment and asked tentatively, " then, young Madam, are you going to have breakfast now? "

"You've already made breakfast. I'll just eat a little. Don't waste it."

Su Wanwan lifted her feet and walked back. She picked up Xiao Zeze who was on the sofa and kissed his little cheek. She smiled and said, " "Little ze ze, let's go have breakfast."

—

PEI Munian hung up the phone. Her dark eyes landed on the phone screen for a long time. Thinking about how aunt Wu had said that "Xiao Zeze" missed him, the corners of his lips curled up unconsciously. However, when he realized that he was smiling, he quickly retracted his lips.

Old master Lin happened to see this scene when he walked over. He laughed and asked, "Mr. PEI, was that miss su who called just now?"

PEI Munian was stunned. She turned to look at him and kept her phone. "No."

even if it's not her, it has something to do with her. Otherwise, you wouldn't have such an expression. You've indeed stayed here for quite some time. She should want you to go back quickly.

After a pause, Grandpa Lin sighed. "Mr. PEI, you don't have to waste your time here. I won't go back on my promise."

"I believe that sincerity can move everything." PEI Munian looked at him steadily, pausing after every word.

Old master Lin saw the determination in his eyes and muttered to himself, "people will only give up everything for the person they love. Mr. PEI, you treated Miss Xi like this and even made miss su sad. I'm very curious, what are you thinking?"

PEI Munian curled her lips. but people will owe their own people and not others.

One of them? her?

Old master Lin carefully considered these two words. After a moment of doubt, he finally smiled.
